Grain and Flour Markets Slow All  
Over the Coast—New Potatoes Are  
Somewhat Cheaper—Currants,  
Peaches and Plums Plentiful and  
at Reasonable Prices.

There are four new arrivals in the  
market this week and more are com-  
ing as fast as the sun and the sea-  
son will ripen them and the farmers  
will bring them to the market. Curr-  
ants at 35 cents to the gallon, apricots  
at 5 cents a box, peaches at 7  
cents a pound and plums at 5 cents  
a pound are the things that are new.  
There are a few muskmelons and  
watermelons here, but they are so  
scarce that there is really no market  
quoted on them locally.

Onions are now 3 cents a bunch  
and new potatoes have fallen from 3  
cents to 2 1/2 cents per pound. Out-  
side of these, there are no important  
changes in the prices of the commodi-  
ties as quoted last week.

The Wheat Trade.

Portland, July 23.—Wheat market  
quiet, as there is hardly any wheat  
left in the country to purchase. Re-  
ports from various sections of this  
state during the week confirm our  
early predictions that the yield of the  
Northwest would run fully 25 per  
cent less than a year ago. Union  
county will not have over 60 per cent  
of last year; Umatilla county, 75 per  
cent; Sherman county will have  
about the same as a year ago; Was-  
co county likewise; Morrow and Gil-  
lam will have from 75 to 80 per cent;  
the Willamette valley will show a tri-  
ple more than a year ago. Advises  
from all sections of the state of  
Washington indicate a yield of about  
18,000,000 bushels. Idaho will have  
about 3,500,000 bushels. Quotations  
are purely nominal, and range from  
7c to 7 1/2c for club, blue stem 80c to  
82c, and valley 80c per bushel.

Flour—Market quiet, the demand  
good, but prices are very low. Wheat  
too high to entertain offers cabled  
and very scarce. A demand has  
come from China but the price is  
too low for millers to entertain.  
Japan is still in the market for flour,  
but the buyers there have not secur-  
ed many large lots, as prices do not  
conform with millers' ideas as to values.

Quotations are firm at \$3.85 to  
\$4.25 per barrel, according to quality  
and brand.  
Millstuffs—Market strong and  
prices are without change. The de-  
mand continues very good and orders  
are taken care of, no matter from  
what point. Bran and shorts sell  
here at \$22.50 per ton and middlings  
\$25.50.

Barley—Stocks being low and new  
barley as yet not harvested, there is  
nothing to report that would be of in-  
terest to the trade. The outlook for  
a good crop this year is very favora-  
ble and will greatly exceed that of  
a year ago. Feed quotations are  
steady at \$20 per ton.

San Francisco Markets.

San Francisco, July 23.—Dealers  
in the trade claim that they have  
never witnessed so dull a spell, and  
crop reports coming in from the har-  
vest fields are not very flattering; in  
fact, this will be the smallest crop  
ever harvested. Quotations for wheat  
shipping purposes range from \$1.37 1/2  
to \$1.40 per cental and for milling  
from \$1.45 to \$1.50 per cental.

Barley—Market for barley is dull  
at present. Crop reports are very  
flattering. The first cargo of this sea-  
son has finished. Prices are a shade  
lower and are now quoted: Feed, \$1  
per cental, shipping \$1.12 1/2 to \$1.15  
per cental.

The Wool Market.

Boston, July 23.—Sales have been  
enormous, almost reaching the un-  
usual total of 10,000,000 pounds last  
week. The market is gradually  
strengthening in tone, with prices  
steadily tending upward on all  
grades. The only weak point in the  
situation is the reluctance of manu-  
facturers to advance the prices of  
goods. The new clip is fast disap-  
pearing from the West. In the ter-  
ritorial sections there is little that is  
desirable left, except in Montana.  
In that state large sales are being  
made every day, and the latest ad-  
vices say that the tendency of prices  
is upward. The top price of the sea-  
son was reported with 17 1/2c paid for  
a well-known clip by a Boston house,  
which price was exactly 1/2c higher  
than paid for the same clip a year  
ago. Quotations:

New Northern choice, 21@22c;  
average, 18@19c; middle counties,  
16@17c; Southern, 12@13c. Oregon,
