M. A. RADER'S PUZZLE CONTEST.

First Prize Won By F. S. Warner. With Mrs. Rev. Jones and Walter Whitman as Second and Third.

The puzzle contest which has been conducted by M. A. Rader, the furniture dealer, through the local press of the city, for the past month, closed Saturday night.

Mr. Rader offered three prizes of \$25, \$15 and \$10 to the first three persons who would send in correct answers to a mathematical word puzzle contained in his advertisement, and on Saturday night, selected Mr. Stewart of the Morning Tribune and Fred Lampkin, business manager of the East Oregonian, as a committee to open the puzzles and award the prizes.

It was found that F. S. Warner, of this city, had won the first prize, of \$25, Mrs. Rev. E. B. Jones second prize of \$15, and Walter Whitman, third prize of \$10. The correct solution of the puzzle was to find the word "Rader" 192 times and the word "Furniture" 768 times in the advertisement.

In addition to the winners who were the first to send in answers, Grace Baumgardner, of Echo, and R. Newberry, also gave correct answers, but were too late to win. Several others also guessed one of the solutions and missed the other.

Great interest was shown in the contest, as the store was filled with eager contestants, awaiting the result. It would be interesting to give all the answers to the puzzles, to show the wide range of guesses made upon them.

STATE A. O. U. W.

NO CHANGE MADE IN THE SYSTEM OF ASSESSMENT.

Provision Was Made for Changes Should Any Be Found Necessary at Some Future Time—The Oregon Grand Lodge is in High Standing With the National Organization.

C. P. Davis, of the sheriff's office, has returned from Portland, where he has been for the last week attending the meeting of the Grand Lodge of the A. O. U. W.

At this grand encampment there was no great change made in the details of the order, though some provision was made for changes if it should become necessary. The matter of the readjustment of the assessment rates was discussed, and it was decided that one additional assessment would be made on the lodges of the state, and the present rates would be allowed to stand as they were for another year, and then, if it was thought necessary, the rates would be changed to suit the condition of the lodge.

While some of the states need a change in the rates, it is not necessary for this state to do anything, for it is in good standing with the grand lodge and has no difficulty in keeping its payments up on the present basis. As yet it has never had to call for all of the assessments, and it is not thought that it will have to for some years to come. But in order to raise the amount wanted by the grand lodge easily, it will only be necessary for the lodges of the state to make one extra assessment.

Mr. Davis was put on the committee on the state of the order, for the coming year. This is the committee that has charge of the legislation of the order and confers with the executive committee as to what should be done in the governing of the lodges of the state.
