Attempt of a Rival Company to Put in Another System.

Portland. July 29.-This is the Afth week of the telephone linemen's strike in this city. The strike was inaugurated June 22, and there has been little change in the situation. Strikers in the local field adhere irm ly to their resolution to not return to work until their demands are granted, and they say if they were disposed to violate their union principles and resume work the strikers in other coast cities would win the

The Federated crades Council has indersed the boycott and urges friends of union labor all over the city to cease patronizing the company in any manner whatsoever. The strike managers feel confident that

the company will feel the boycott. From the headquarters of the West-ern conference in San Francisco, is issued the following bulletina cover-ing Portland and other cities affected by the strike up and down the coast: "Portland-One man came in from Tacoma to scab, but we think he will get tired in a day or so. They all do. The men who are working are sim-ply drawing pay and not doing us much harm. Hoyeott working O. K. Reports from the country show we are holding our own. Notwithstand-ing the company is offering every inducement to get the men to go to work.

"Spokane-Two more men out. The operators remain firm. Will fight to a finish. Over 700 'discontinue' or Will fight to dors have been turned into the com-pany's offices, and there are still several hundred orders in the hands or the officials. The Trades Council indersed the application of the Deer Mitchell Company for a franchise for an independent telephone company tion of the trans. Silerian railway and and it is expected the effy council the flood of immigration from Euro will igrant the franchise.
