### LA GRANDE ELEVATOR BURNS.

Property of the Kerr-Gifford Company Destroyed by Fire Last Night.

La Grande, July 30.—The old Hamilton & Rourke elevator, owned by Kerr-Gifford & Co., of Pendleton, was destroyed by fire last night. The fire was discovered shortly after midnight by the switchmen, in the O. R. & N. yards. The local fire company and the night force of the O. R. & N. worked heroically to save the building, but the flames had gained too much headway before being discovered.

The switch engine fireman, in the absence of the engineer at his lunch, ran the engine almost into the flames to pull out a string of box cars standing on the side track, near the building. The building is a total loss. It has been infested by tramps during the warm season and the fire is thought to have been the result of their carelessness.

### Merchants' Lunch.

During the hot weather you can save your wife the misery of cooking over the hot stove by going to the Merchants' Cafe (formerly the Maseppa) and getting a hot lunch for 15c, between 11:30 and 2 p. m.

## They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolutely clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed hogs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.

## MEETING TONIGHT

CITIZENS INVITED TO DISCUSS EXHIBIT QUESTION

Umatilla County Must Be Represented in Portland With Other Progressive Counties of the State.

The citizens of Pendleton will discuss the question of sending agricultural, horticultural, manufacturing and industrial exhibits to the Oregon Information Bureau, tonight, at 8 o'clock, at the parlors of the Commercial Association.

Dr. LeRoy will address the meeting and explain the details of the work and arrange to send exhibits from every branch of industry in the county.

He has been invited to visit Milton and other points for the purpose of interesting the people in the subject and the interest taken in the matter at the county seat will largely determine the success of the undertaking in the county.

While many of the business men of the city are now absent on the summer vacation, there is every reason for those remaining to take an active part in organizing for this work. People visiting the rooms of the Bureau in Portland are surprised at the total absence of exhibits from Eastern Oregon counties, the richest portion of the state.

Dr. Le Roy will be in the city only a short time and as the harvest and fruit season is on, would be glad to ship back from this city and county the finest exhibit of grains, fruits and other products to be found in the entire collection.

He will go to Union and Baker counties the first of next week. Grand Ronde valley has signified her intention of making a splendid collection of her many products for this bureau.

### IRRIGATION IN CALIFORNIA.

Citizen of Modesto Greatly Favors the District System.

T. K. Beard, formerly a resident of this city, but now of Modesto, Cal., is in the city visiting old friends and looking after property interests here.

Mr. Beard is in the irrigation section of the San Joaquin valley, and all of the land around where he is located is worked on the system of the Wright law. This is the scheme that was lost at the election held at Milton last week, when it was attempted to organize the Little Walla Walla Irrigation District. Mr. Beard thinks there is nothing like the system, and is of the opinion that the opponents of the measure at Milton will see the day when they will be sorry that they voted to kill the measure.

At the time that the law was put into effect in his country, it had many bitter opponents, but these people are its best friends now, for they have come to see the benefits to be derived from its operation. Mr. Beard will be in the city several days, as he is here to attend to the harvesting on his place near the city.

### IN POLICE COURT.

Ryan Was Not Prosecuted for the Attempted Lodging House Burglary.

Charles Smith, a laboring man, pleaded guilty to having drunk too much this morning, was fined \$3 by the police judge and allowed to go.

Richard Ryan, the man who was the center of so much excitement yesterday when he entered one of the lodging houses and attempted to go through a trunk, was fined \$20 for drunk and disorderly conduct this morning and in default of the amount of the fine was sent to jail for 10 days. The proprietors of the lodging house did not appear in the case, and Ryan was simply held for his actions on the street.

### TAX STATEMENTS.

Notices Being Sent Out to Delinquents—Ten Per Cent Added.

The sheriff's office is busy now with the task of sending out tax statements to those over the county who have not as yet paid their taxes. There are about 700 of the papers to mail and write.

The taxes were delinquent on the 7th of April, and there are yet about

700 people in the county who have not paid their taxes, and the statements are sent to them as a reminder, for some of the property owners overlook the time to pay their taxes, and never think of the fact until it is time to sell the land at sheriff's sale.

When the taxes become delinquent 10 per cent is added to the regular tax, and in addition to that there is a fine of 1 per cent per month until paid. The sale of land for delinquent taxes will take place in the latter part of February in the coming year.

### OVERCOME BY HEAT.

Walla Walla Man is Prostrated and Dies From Effects.

Walla Walla, July 30.—Through paralysis superinduced by heat, E. A. McKinzie, a well known local carpenter residing in Newell street near the Sharpsteen school, died at 10 o'clock last night after an unusually brief illness, his heat prostration having occurred only yesterday afternoon.

Mr. McKinzie's death was rather a peculiar one, as fatal prostrations from heat are very infrequent in this country. There was a tendency to hereditary paralysis in his family, however, and the effect of yesterday's partial sunstroke, coming after an attack of paralysis last winter, brought on a second paralytic attack from which Mr. McKinzie never rallied. He was unconscious from the time of prostration until death.

### BICYCLE STEALING.

Three Wheels Stolen Today in This City, and No Clue to the Thieves.

Bicycle thieves are abroad in the city and are doing a big business. This morning, so it is reported, one took the wheel belonging to Earl Borie off the front porch and rode away on it. This afternoon the wheel belonging to Edgar Smith was taken from in front of the store on Court street, and another one belonging to a man who works on Main street, but whose name could not be learned, was taken shortly before noon. There is no clue to the thieves and the wheels cannot be located. It may be that it is a joke played on the owners of the wheels, but they do not think it is so.

### F. S. LEWIS RETURNS.

Well Known Sporting Man Shaking Hands With Old Friends.

F. S. Lewis, ex-middleweight champion wrestler of the Pacific Coast, formerly of this city, arrived here from Seattle this morning after a year's absence.

Mr. Lewis has lost none of his old agility or good fellowship and will probably remain in Pendleton permanently. It will be remembered by the sporting fraternity that he threw the "Big Turk" in this city a year ago this month.

### FUNERAL TOMORROW.

Louie Monterastelli Will Be Buried From the Catholic Church.

The funeral of Louie Monterastelli will be held tomorrow morning. At 9:30 the body will be taken from the home and borne to the Catholic church, where the services will be conducted by Father Boschi, after which the procession will proceed to Olney cemetery, where interment will be made. The Woodmen and the Knights of Pythias will furnish the pallbearers.

### Good Wheat at Fulton.

E. J. Somerville has returned from a short trip to his farm near Fulton, and is well pleased with the results of the harvest. On his place the land has grown 35 bushels of wheat to the acre, and this year has tested 61 pounds to the bushel. This is considered very good for this season, and fairly good for any year. A good deal of the land around that part of the country is yielding at that rate and the wheat is as good in quality.

### Reminder of Heppner Disaster.

The relatives of A. M. Gunn, who was lost in the Heppner disaster, have written to Photographer Theodore Danner, for photographs of Mr. Gunn. Mr. Gunn and wife were swept away, but three children were saved and are now with relatives in Detroit, Mich. As Mr. Danner resided in Heppner for several years and had negatives of the family, he immediately complied with the request.

### Suit For Divorce.

A suit for divorce was filed in the office of the county clerk this morning by Jennie Parr against Eli Parr. The parties to the action are residents of the reservation, and are half-breeds. The plaintiff alleges adultery and drunkenness as grounds for action, and asks for an absolute divorce and the partition of lands now the property of the defendant. James A. Fee is the attorney for the plaintiff.

### Real Estate Transfers.

Mary A. Wilson and J. H. Wilson, her husband, sold to Clara E. Briley for \$1,200, lots 5, 6, 7, and 8, in block 1 of the Pierce & Elam addition to the city of Milton.

Peter O. Farneshas sold to S. L. Smith for \$2,100, lots 1, 2, 3, 4, 5, 6, 9, 10, 11 and 12, in block 5, and all of block 6 in Nichol's addition, to the city of Milton, and block 1 of Nichol's second addition to Milton.

W. J. Homer, the agreeable and genial manager of the State Life Insurance Company, of Indianapolis, whose headquarters are at Pendleton, is in the city today at Hotel Sommer.—La Grande Chronicle.

### AMATEUR NIGHT AT SHIELDS'.

Each Thursday Evening During the Season Will Be Open to Local Talent.

H. Nelson, manager of Shields' Park, announces that every Thursday night, throughout the season, will be open to any local aspirants in the vaudeville or specialty field, who may desire to render a number on the program.

This offer is made for the purpose of bringing out any worthy talent that may be hidden away in the community, with a view to placing all such as are found capable of taking part in the program, on the regular Shields' circuit.

The crowds at the park continue to grow as the people come to understand that they may witness a clean, interesting entertainment each evening. Some of the members on the program are not to be excelled in any city in the United States. The Dagmars are artists that command the highest salaries of any class of performers on the road, and the cockatoo circus is not to be excelled in the entire field of amusement.

### WAREHOUSE COMPLETED.

M. R. Yates Finishes the Kerr-Gifford Building at Cayuse.

M. R. Yates and crew of carpenters returned yesterday afternoon from Cayuse, having completed a large warehouse at that place for the Kerr-Gifford Company.

The warehouse is 40x120 feet and will hold about 25,000 sacks of grain. It was built upon the site of the old warehouse which was destroyed by fire about two months ago.

Mr. Yates has a contract for building another warehouse of the same dimensions for the same company at Spofford, near the state line, north of Milton. He left for Spofford last night with the following crew of carpenters: Will Stewart, Sam Groves, Ed Baker, Orville Coffman, E. B. Mossie and W. T. Perrin. He expects to complete this building in about three weeks.
