REDMEN'S COUNCIL

ROY RITNER WAS ELECTED TO A SALARIED POSITION.

L. B. Reeder Will Represent Oregon at the Great Council at Atlantic City—James Devlin is Now Deputy Great Sachem—Next Meeting of the State Council Will Be at Seaside Next July.

The delegation from the Great Council of the Redmen, which has been in session at Oregon City the first of the week, has returned home in good spirits, for they got all they went after and more.

Roy Ritner, who was one of the delegates from the local camp, was elected to the position of great chief of the records for the state camp. This is the only salaried position of the order and is considered one of the highest honors in the gift of the order. This officer has charge of all of the records of the order and is responsible for them.

L. B. Reeder, the retiring great sachem of the state camp, was chosen to represent the state at the great council of the United States, which meets at Atlantic City in September. This is a nice billet, for it carries with it per diem and mileage amounting to about \$300, besides the pleasure of the trip.

James Devlin was appointed deputy great sachem for the Umaholis Tribe No. 18. This is the local tribe.

The meetings were full of business and were very beneficial to the order, though there was nothing done causing any great changes in the conduct of the order, as it is now carried on. One or two minor changes were made in the constitution and by-laws, but they were not of vital importance to the order. The meeting of the great council for the coming year will convene on the fourth Tuesday in July, at Seaside.

George M. Orton, of Portland, was elected the great sachem of the state for the coming year.

THE BRICK SITUATION.

C. E. Nelson, of Weston, Shipping 20,000 Per Day to This City, and Has 800,000 on Hand.

C. E. Nelson, proprietor of the Weston brick yard, was in the city last evening for a short time and in regard to the reported shortage of brick in the market here, says that he is now shipping 20,000 a day to this city, and has 800,000 on hand in the yard, ready for shipment.

He will make about 1,500,000 yet this season, in addition to the number on hand. He has the contract for furnishing the brick for the new school building at Walla Walla, and is shipping a portion of his output to that city. He is furnishing brick to Pendleton contractors at \$7.50 per 1,000, which, with freight added, makes the cost here about \$8.70 per 1,000, while brick in the Spokane market are selling at \$9.50 and \$10.

Case Was Dismissed.

The case of the State of Oregon vs. Fred Long was dismissed this morning on the motion of the district attorney. This is the case in which Long was accused of attempting to rob Arthur LaRose one night about two weeks ago. The prosecuting witness failed to put in an appearance, and on that account the case was dismissed. The defense has all the time maintained that it was a case of simple assault, he having got into a fight with the witness for the prosecution while they were both more or less under the influence of liquor.

Twenty-Four Race Horses.

Two carloads of race horses passed through the city this morning for Seattle, where they are being taken to be put on the northern circuit. One of the cars was occupied by the horses belonging to J. Pelty, and they were from Salt Lake, where they had been on the circuit of the Middle West and the upland plateau region. They had been at Denver for some time before going to Salt Lake. The other car had in it the string of George Stroble, also from Salt Lake and the Denver tracks. There were 24 horses in the two lots.

Course in Advanced Music.

Mrs. J. A. Marsten and daughter, Vera, will leave in the morning for San Francisco, where they will spend the summer. While in the city, Mrs. Marsten will take a course in advanced music from one of the masters there in order to review herself in the higher branches of the art and better prepare herself for her classes of the coming year. She will return the middle of September to again take up the work with her Pendleton music classes.

Property Transferred.

A deed was filed today by Joseph Basler and Anna Basler, his wife, transferring to John Schmidt for \$12,250, the south half of lots R and S, E, the south 10 feet of lot I, all in and the north 15 feet of lot I, all in the block E, of South Pendleton. This is the property sold the other day and upon which it is the intention of Mr. Schmidt to erect a brick building in the near future.
