MARKET NOT OPEN

WHEAT OFFERINGS ARE
VERY SLOW UP TO DATE.

Highest Price Paid Up to This Time
Has Been 66 Cents for a Special
Lot—Hauling is Slow Because Little
Threshing Has Been Done—
70 Cents for Mill Wheat Predicted
by Some.

The report that wheat was selling at 68 cents last Saturday seems to be nothing but rumor. It is true that one lot was sold to one of the mills for 66 cents, but that was a special sale and was not the index of the market. They are paying from 63 to 65 cents, but at this time they have gone no higher in one or two special cases like the one on Saturday last. The exporters are offering 63 cents, but it is hard at this time to place any solid quotation on the list for the reason that there is no market.

The men are not as yet bringing their wheat to the warehouses, or the mills, and there is no supply for the demand. It will be a few days before the grain begins to come in, and until then the market will be practically a thing unknown. The farmers are some of them waiting for the price to raise, but many of them are not hauling for the reason that they have not finished threshing and cannot put their teams on the road until they have had the fields all cleaned up. When that time comes they will begin to come into the town with the grain for storage. This wait on both sides will have the effect of all holding for a raise. The men who can haul are of the opinion that if they wait a little until the market settles that they can get a better price, and so all of the wheat will come in together.

It is thought by many of the growers and some of the buyers, that the price will yet be 70 cents, though this will be mill figures rather than the exporters' quotations.

"Old Home" Week.
London, Ont., Aug. 3.—Today ushered in "Old Home" week in this city for which preparations have been making for several months. It is estimated that at least 10,000 visitors will be here, among them large delegations from Chicago, Detroit, Toledo, Cleveland, Rochester, Buffalo, Syracuse and New York city.

A Centenarian's Birthday.
Orange, N. J., Aug. 3.—Miss Jane Elizabeth Hillier of East Orange, probably the oldest woman in New Jersey, celebrated her 102nd birthday today. Miss Hillier retains all her faculties but has been unable to walk for many years owing to an accident when she was 90 years old, when she broke her hip.

A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price, for example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.

FAIR GROUND TIED UP.

Walla Walla Association Will Not Book Races Until Subscriptions Are Paid.

The Walla Walla County Fair Association is now building stables on the grounds sufficient to accommodate the horses already here, 65 to 70 in number, says the Union. The bringing of water from Singleton spring is also under way, the work having been completed as far as Fourth street. Delay is occasioned by a wait for pipe which is expected daily.

No entries for the fall races have been looked as yet. The officers will accept no entries till those taking stock in the association pay up. There is now about \$2,500 still outstanding, which should be forthcoming at once.

Among the horsemen from outside points who have written for entry blanks is J. W. Zibbell, of Vallejo, Cal., with a string of nine fast pacers and trotters. He wants to enter two of his horses in free for all or high speed races. He specifies a 2:14 class trot and a 2:08 class pace. It is not known whether enough horses will be entered to make these classes.

USE PURE ICE INSTEAD.

Don't Run Any Risk—Use Ice From Boiled and Distilled Water.

"Owing to the low stage of the water in the city well it has been found necessary to pump some of the supply from the channel of the river. For this reason it is thought best by Dr. Coie, the city health officer, to call the attention of the public to the advisability of boiling the water used for drinking purposes."—E. O., July 22.

Better use pure ice, made from water that has been both boiled and distilled. It is cheaper than you can boil the water. Ross Ice Co., Phone Main 1781.

Deafness Can Not Be Cured

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one Hundred Dollars for any case of deafness caused by Catarrh that can not be cured by Hall's Catarrh Cure. Send for circulars free.

THE WAY WE DO IT

Impresses most people with the that we have the implements as "know how" when it comes to a new tire on a carriage or wheel. Same thing applies to feature of carriage and wagon pairing—repainting, revarnishing upholstery and generally making the vehicle look as good as new orders, please. Our new hydraulic tire setting chine does away with the old method of chinking the iron instead of ing the wood. We do not split wood in getting off the tire, do it while you wait. Last than the old way. Call and work. Hacks, Buggies and Wagons. Anything that runs wheels at prices that are right.
