BRICK IS ARRIVING.

Third Story Will at Once Be Put Up on the Hotel St. George.

The pressed brick for the addition to the Hotel St. George, is beginning to arrive on the scene, and as soon as the workmen can be secured, the construction of the third story will be begun. It is the intention of the owner of the building to put another story onto the house, just the same as the rest of the house in interior arrangement.

The rooms will be finished and furnished as the rest are, and it is expected that the new addition will add about 25 rooms to the capacity of the house. The work will be rushed as fast as is possible, once it is started.

Already extra timbers have been put in the basement to strengthen the foundation for the added strain of the third floor. When done, the Hotel St. George will be one of the largest buildings in the city.

Shields' Park.

The usual large crowd was in attendance at the park last night and the entertainment is constantly growing in favor. The amateur list for Thursday night promises to be highly interesting and the numbers will be announced tomorrow evening. The management will make a special feature of the introduction of local talent on each Thursday evening during the season. The professional bill for tonight will be up to the usual standard and tomorrow night will be changed throughout, in addition to the amateur features.

TALLMAN & CO.
Leading Druggists

NOT GOOD, NOT HERE

They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolutely clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed hogs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.

F. S. YOUNGER & SON

NOT GOOD, NOT HERE

PERSONAL MENTION.

R. C. Hager, of Gibbon, is in the city today.

Miss Myrtle Hill is the guest of friends at Echo.

T. J. Ennis, of Ritter, is in the city for a short time.

Dr. Frank Smith, who has been the guest of his sister, Mrs. Rose Campbell, for the last two weeks, will leave in the morning for his home at Seattle, by way of Spokane.

BAKER CITY POWER PLANT.

(Concluded.)

county, for the yield is estimated at 60 per cent. While it is true that the prices will in a measure counteract the shortage in the yield, the fact must not be lost sight of that the farmers will use the same amount of seed and feed and this will cut down the amount for the market. A small hole in a crop with high-priced grain, makes a bigger deficit than the same hole in a crop of cheap wheat and when the crop is short the balance left is in proportion to the shortage.

School Situation.

Speaking about the condition of the public schools here, Mr. Pierce said that the board had plans in view for the alleviation of the condition existing, but that they could not be carried out at the present time owing partly to the lateness of the season and partly to the attitude of the people of the city. The alterations that are now under way will be completed in a short time and will answer until the other plans are perfected.

But the present condition should not be allowed to long exist, for it does not show the right spirit for the city to be behind the surrounding country in the matter of education. It is necessary to enlarge the buildings and there is no question but that the people will soon see that there is nothing left to do but give their consent to the changes.

Victoria Island Case.

The law firm of Stillman & Pierce is now engaged in perfecting their arguments in the case of Charles F. Doe vs. Henry F. Pierce and others, which will come up in the superior court of the State of California, on the 25th of this month. There are 1,153 closely-written pages of testimony in the case and the arguments will take several weeks. The local firm represent the defendants in the suit and it is very probable it will be taken to the supreme court before it is settled, which ever way it is decided by the superior court. Messrs. Stillman and Pierce will leave for San Francisco about the 20th of this month in order to be in readiness for the trial when it is called on the 25th.

ECHO MILLS SOLD.

G. W. Hunt the Purchaser—Consideration \$10,000.

For several months the Henrietta Flouring Mills at Echo, have been on the market, and some time ago it was rumored that a sale was about to be consummated, but not until today was the deal made. By it the property was transferred from the hands of J. H. Koontz and C. A. Koontz, his wife, to Leonora G. Hunt for the sum of \$10,000. This is the mill property, but in another transfer a tract of land also owned by Mr. and Mrs. Koontz, was sold to the same parties for the sum of \$1,500.

The property is all at and in the vicinity of Echo. The latter tract comprises about 50 acres of timber land near the city, and is a valuable piece of land. The former, or the mill property, comprises the Henrietta Mills, with all of the land and warehouses belonging to it. It is in the edge of the city of Echo and has in connection with the mill building seven acres of land upon which the mill and warehouses stand, and a flume two miles long.

The capacity of the mill is 100 barrels a day, though with good wheat it can grind out 150 barrels. There are two warehouses with the property, each 50x100 feet in dimension.

It is the intention of the new owner or owners, for it is rumored that it has been bought by a syndicate of Portland capitalists, to run the mill to the full capacity.

The Henrietta properties have had a varied experience, for they cost \$30,000 and expense has been put into them besides that amount. They have jumped from hand to hand. The reason is not clear, for they are one of the best mills in the state. It is thought that under the present management they will be made a success, especially if the rumor is true about there being a syndicate mixed up in the deal.

FOR FREE VACATION.

Miss Frazier Leads But Another Series of Coupons is Yet to Be Voted.

The contest for the free vacation at The Breakers will close next Saturday. The vote today is as follows: Effie Jean Frazier, Peoples Warehouse, 587.

Bessie Hulise, Fair Store, 155, Dora Myrick, St. Joe Store, 22, Ruby Whittemore, The Delta, 21, Anna Kennedy, Lee Teutsch's, 25, Miss Newquest, The Fair, 6.

In Walla Walla Hospital.

John Wright, familiarly known as "Jack" Wright, one of the oldest engineers on the O. R. & N. between this city and Spokane, was operated on at St. Mary's hospital, in Walla Walla, yesterday, for chronic bladder trouble. He is getting along nicely and expects to resume his run in a short time.

To Purchase Stock.

Charles Bond and J. W. Sullivan left this morning for San Francisco, where they go to select the stock of goods' furnishing goods for the new store which they will open in a short time. It is the purpose of the gentlemen to carry a complete line of goods as can be found in the city.

Posed for the Scenes.

Mr. Shields, owner of the circuit of summer parks, now being run throughout the states of Oregon and Washington, had the song, "Open Your Mouth and Shut Your Eyes, prepared especially for the circuit, and he and Mrs. Shields posed for the scenes in the song, as rendered at the park here Monday evening.

Bear Cub Changes Hands.

B. E. Kennedy, local manager of the Coe Commission Company, has acquired title to the cub bear which has been the pride and joy of Mark Patton for several months. Mr. Kennedy expects to control the market with this new addition to the force.

Residence Destroyed.

The residence of O. T. White, at Umatilla, was destroyed by fire last night, the family barely escaping in their night dresses. All the contents were consumed.

FOUR FEET SMASHED

TWO COLORED MEN WILL BE CRIPPLED FOR LIFE.

Were Beating Their Way on a Freight and Caught Their Feet Between a Drawbar and Deadwood—Accident Occurred at Huron.

Joseph Moffit and Walter Richardson, two colored boys about 19 years of age, were brought to the county hospital from Huron this morning on the midnight train, with their feet mashed to pulp as the result of having tried to beat their way to this city on the freight train that comes through during the night.

The boys had been put off the train that comes here in the evening, and attempted to board the train going east. It was their intention to get to Kamela, where they would be able to catch the passenger that reaches Pendleton at midnight. They stowed away on the rods of the freight in the yards at Huron and waited for the train to start.

The drawbar by which the cars are coupled, has at the end a heavy spring so arranged that when the cars are bumped together while coupling, or for any other reason, there will be a certain amount of slack in the train in order to lessen the strain on the cars and take off the sudden jar and jerk of starting. The end of the bars play against a heavy timber under the car called the deadwood, and when the train is pushed together the end of the bars will butt into this timber with the whole weight of the train.

In stretching out on the brake rods the boys got their feet between the end of the drawbar and the deadwood, and when the helper engine jammed into the train from behind, in starting, the cars were forced together and their feet were caught between the end of the iron and the timber, crushing them out of all shape.

The cries of the men brought the trainmen to their assistance, and they were taken from the train and brought to this city, where they were taken to the county hospital.

Dr. Cole was called and examined the cases. He found that Moffit's left foot would have to be amputated, though the other one could be saved. The other man was not so badly hurt, as there were no bones broken. It required several stitches to close the wounds, however, and the injuries will leave the man lame for some time to come.

To San Francisco.

Mr. and Mrs. John King, of Cold Springs, and Mr. and Mrs. P. P. Collier and Mr. and Mrs. G. W. Rigby, will leave the last of the week for San Francisco, where they will attend the national encampment of the Grand Army of the Republic.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day.

Jell-O.

a delicious and healthful dessert prepared in two minutes, no cooking, no baking! add boiling water, cool. Flavors—Lemon, Raspberry and Strawberry. At your grocers to-day.

To look well

your blood must be pure to give your complexion that peculiar freshness which can only be obtained when your system is in good working order. Beecham's Pills will put you in condition.

To feel well

you must be well. Your digestive organs must be doing their work properly. Beecham's Pills act like oil on machinery, and will give you the snap and vigor that only comes with perfect health.

To keep well

every organ must be doing its duty—stomach, liver and kidneys must each be in thorough working order. If you are not as well as you ought to be

Take a small dose of BEECHAM'S PILLS

They will set you right.

STRIKE IN GOLCONDA.
Vein of Ore Assaying \$490 Per Ton, Struck on 300-Foot Level.
Sumpter, Aug. 5.—Manager Howard, of the Golconda mine, came in from the mine Sunday with about 200 pounds of the ore from the new strike on the 300-foot level, which is as handsome rock as ever was shown in this camp. It runs \$490 to the ton.
For weeks the miners were drifting on this vein, which was narrow, when suddenly it widened out to about four feet, making a splendid showing for the property. There is another breast in one of the lower levels 10 feet wide, where the value runs \$88 to the ton.
Five tons of rich concentrates were shipped from the Golconda this week.

The Death Penalty.
A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklin's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Tallman & Co.'s drug store.
