GENERAL NEWS

A fire at Cincinnati destroyed plate glass works valued at \$250,000. Cardinal Horrero, whose death was expected in Rome a few days ago, has rallied.

Five of the 62 cardinals at Rome are ill. Among the sick is Gibbons, who has a touch of malaria. John Doerfler, the millionaire tobacco manufacturer of Louisville, Ky., is dead at the age of 54.

Waterboy is the latest race horse champion. He won \$12,000 in a running race of 1 1/4 miles at Saratoga. News of the election of Sarfo as pope, reached London by way of New York, following the same route as the news of the death of Leo.

A lawsuit has developed the fact that one company owns nearly all the railway terminals at St. Louis, and also the Eads and Merchants bridges.

It is now more than an even chance that Chile will not participate in the St. Louis Exposition. As an indication it is noted that nearly all the leading papers oppose an appropriation.

So many Chicago policemen have become too fat to be active and alert that the department has issued them gymnasium tickets and will adopt other measures to get them down to a reasonable weight.

A \$6,000,000 gas plant will be built on Long Island to supply all of Greater New York with gas. Stock to that amount is being issued to cover the expense. It will make the stock of the Consolidated Gas Company \$88,000,000.

PACIFIC NORTHWEST NEWS.

Steve Elkbridge, a miner of Elk City, Idaho, was fatally injured Tuesday morning by the premature explosion of a blast.

Moran Brothers, the Seattle ship-builders, have been awarded the contract of building the Portland fire boat, which will be a steel craft of the latest design.

Shortages in the accounts of Dan J. Moore and J. P. Kennedy, clerks of the Multnomah county district court, have been found by the expert examining committee now at work on the county records.

Frank Winnissitt the Warm Spring Indian who stabbed an Indian policeman to death on the reservation, last Sunday, now says he was drunk at the time of the murder and does not remember any of the circumstances.

Miss Caroline Marshall, of Cloverdale, B. C., was bound and gagged by robbers Tuesday, and was released hours after by people attracted by her screams. The robber ransacked the house but was not abusive to the girl, only seeking to prevent her from spreading the alarm.

John W. Kifong, one of the oldest and most daring Indian scouts of Idaho, died at Spokane Monday, after a lingering illness. He was a leading spirit in the Lewiston country during the Bannock and Nez Perce wars, and many heroic exploits are credited to him.

COUNCIL MEETING

ONE HUNDRED TWENTY-ONE CASES IN COURT IN JULY.

Balance in City Treasury July 31. Was \$39,854.84—Total Income of City During July Was \$2,528.41—Not a Case of Contagious or Infectious Disease During the Month.

The council met last night after a long time spent in vacation, and a long time in trying to get a quorum. The mayor was present at the outset, as was Howard, Dickson and Sammerville came in after a time, and the four of them waited for quite a time while the marshal skirmished for the fifth man. He turned up at last with Alderman Switzer. Mr. Clifton came in after a few minutes. He had been packing preparatory to going to the coast, and was therefore late.

Monthly Salary List.

The salary list was presented and was allowed. It called for \$584.50 in salaries for the past month.

The application of F. X. Shemp for a liquor license was presented and allowed.

The treasurer's, recorder's and marshal's reports for the month were presented and placed on file.

Treasurer's Report.

The treasurer's report showed a balance on hand June 30, of \$17,981.85.

During the month the city received from the sale of licenses, \$1,870.50. From the sale of sewer bonds the city received \$31,512; from county warrants redeemed, \$356.70; street liens, \$111.91; fines, \$490; and other small items brought the total up to \$52,461.23.

Against this was an expense list of \$32,000.28, leaving a balance on July 31 of \$39,854.84.

Recorder's Report.

The recorder's report showed a total of 121 cases tried in his court during the month.

He received in fines during July, \$490; for cemetery lots, \$45; street liens \$111.91; and from the sale of impounded stock, \$90, making a total cash receipt for the office of \$652.91 during the past month. This added to the licenses receipts, make the total income of the city during July foot up to the sum of \$2,528.41.

During the month there were 11 burial permits issued, and no cases of contagious diseases were reported.

Right of Way.

It was reported that the O. R. & N. Company had sent in a contract, signed, permitting the city to maintain and construct a sewer along the company's right of way near the bridge.

The claims for the month amounted to \$1,441.43. The list was audited and ordered paid.

Sewer Affairs.

The sewer construction claim was presented to the council and allowed, a warrant being ordered drawn for the various amounts. The total cost of the construction for the month was \$6,821.27.

O. R. & N. Franchise.

An ordinance was presented and referred, granting to the O. R. & N. a franchise across several of the cross streets between the depot and Court street on the east. All the time in the past the company has been crossing ground without a franchise from the city.

Not long ago when the water company wanted to put in an intake pipe along the company's tracks the company objected, and in the controversy finding that they had no control of the ground, they drew up an ordinance, in the form of a contract, agreeing to allow the city to construct and maintain a pipe line along the tracks for the use of the street. The contract was referred to the committee on ordinances.

Frazier Resigns.

Charles A. Frazier, the councilman from the fourth ward, presented his resignation, which was accepted. It is understood that Mr. Frazier is intending to move from the city, and the action was taken in accordance with this plan.

J. W. Scheer, the city marshal, was granted a leave of absence for 10 days, and it was ordered that a man be appointed in his place during his vacation.

Want a New Fire Bell.

W. R. Withee, the chief of the fire department, reported that the residents of the city across the river were clamoring for a new fire bell in that part of the city. The one there at the present time has been cracked and can not be heard for any distance, as had been demonstrated in the past, and the safety of that part of the city demanded a new bell. The chief estimated the cost of a new bell at \$70, and it was ordered by the council that the chief of the department be given the power to purchase a new bell and put it in position.

Plank Crossings and Fix Grads.

A petition from the residents of Webb street asking for the construction of a walk on the south side of the street along the property of the W. & C. R., caused some discussion among the members of the council

It was held that all of the street should be planked where the track is, and the various crossings in the city should be fixed. All of the railway crossings were too narrow, and it should be required of the companies that they put in new planking and raise the grade to conform with the city survey.

The council directed the city attorney to draft an ordinance requiring all of the companies in the city to plank their crossings and to fix the grading. Unless it is an ordinance that all the companies maintain their crossings in good condition, one of the companies could not be forced to repair its own territory. It is the desire of the city to have all of the crossings fixed by the time the rains set in and make the ground soft and interfere with the traffic at the places mentioned.

Sewer Dump Nuisance.

Another thing that was discussed was the sewer dump just below the Main street bridge. Owing to the low stage of the water in the river all of the sewage, or a great part of it at least, found lodgement in the river bed, and was becoming a nuisance to that part of the city. If the water from the Walter's mill race could be turned into the main channel for a few hours once or twice each week, all of the refuse would be washed on down the river, to where there would be plenty of water to carry it away. No action was taken on the matter, but at the next meeting some plan will be reached whereby the nuisance can be abated. The council then adjourned.

A Man Who Lived As an Ox.

Dr. Edward Stanton, a character of Kokomo, Ind., for 60 years, died recently, aged 80 years. Years ago Stanton lost his practice and fortune and he affected his mind. Since then he had imagined himself an ox and grass and hay was his principal diet. He walked on all fours in the pasture of the county farm grazing constantly with the cattle, horses and sheep. He almost lost his power of speech, and of late years his conversation consisted of guttural sounds, resembling those of an animal. He died suddenly, with mouth and stomach filled with grass. It is thought poisonous herbs killed him.

Notice to Tax-Payers.

Pendleton, Oregon, August 3rd, 1903.—Notice is hereby given that the board of equalization of Umatilla County, State of Oregon, will meet at the office of the clerk of said county on the last Monday in August, and publicly examine the assessment rolls, correct all errors in valuation, description or qualities of land, or other property. It is the duty of all persons interested to appear at that time and place. If it shall appear to the said board that any lands or other property are assessed twice, or in the name of a persons or persons not the owner thereof, or assessed under or beyond its value, or any lands or other property not assessed, the said board shall make proper corrections.

A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price. For example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness and felt so weary that I had hard work to keep up. I had shooting pains and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Mrs. GIBLIA GANNON, 350 Jones St., Detroit. Corresponding Sec'y Mich. Amateur Art Association. —\$5000 for best illustration of above letter giving genuineness cannot be produced.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will surely cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of hundreds which we have, the great value of Mrs. Pinkham's medicine must be admitted by all.
