Cold Stuff

Every day adds to the popularity of the cold drinks served exclusively at our fountain. We have the Soda Water trade and the reason is not far to seek. We use nothing but the best of materials. For example our popular Pong is made from carefully selected pineapples, peaches, oranges and bananas served with the purest of ice cream, making a dish that will rival the far famed nectar, the food of the Gods. Here are some of our new drinks.

"Owing to the low stage of the water in the city well it has been found necessary to pump some of the supply from the channel of the river. CONSTIPATION
"I have gone 14 days at a time without a movement of the bowels, but being able to move them around by using just water fasting. Chronic constipation for seven years, placed me in this terrible condition. During this time I did everything I heard of but never found any relief, until I saw in your issue the name of CASCARETS. I now have freedom in my bowels again, and if I was rich I would give \$1000 for each movement. It is such a relief."
