KNOWLES NOT APPOINTED.
 La Grande Land Office Fight is Still Unsettled and Mr. Bartlett is Liable to Hold.

The fight over the La Grande land office waxes warm yet, although it seems farther from a settlement now than six months ago.

E. W. Bartlett is still holding the office with good prospects of being reappointed. The vigorous fight against J. W. Knowles has had a dampening effect upon his candidacy, and the president now shows a determination to probe the records of all applicants thoroughly.

The Washington correspondent of Portland papers, under date of August 8, says:

"President Roosevelt strongly disapproves of the kind of men that have been recommended for certain offices by senators of both Oregon and Washington, and unless these senators can show that official information now in his possession is incorrect and does not fairly describe the men in question, they will have to make new recommendations.

"The president is not willing to make John W. Knowles register of the La Grande, Or., land office, although repeatedly urged to do so by the two Oregon senators."

LABORER HORSEWHIPPED.

Harvest Hand Receives Severe Treatment Near Walla Walla.

Charged with having attempted to rape an old woman, a harvest hand named Ray was unmercifully horse-whipped by a threshing crew near Hadley station last night, says the Walla Walla Statesman. After the whipping, Ray was ordered off the place. As he sped away, a shot was fired after him.

Ray came to Walla Walla this morning and showed a number of cuts and welts on his legs, where the lashes fell. He was highly indignant at the brutal treatment he received, and threatened to have the whole crew arrested, but later changed his mind and left for another part of the country.

The whipping, he claimed, was the result of spite work on the part of several members of the harvest crew who have had "it in for him" for some time. As an excuse for the whipping the story of an attempted assault on an old woman employed in the cook wagon was hatched up.

Ray said this morning that he was asleep when the conspirators seized him and "trussed" him up to a head-rig wagon. Horse whips were produced and members of the gang took turn about laying the lash on. No one stinted his efforts and blood soon began to flow.

When released Ray said he was weak from the beating and could hardly run when commanded to. As he was disappearing from view a rifle cracked and a bullet sped over his head.

A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price, for example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. The Kelsen's Piano House, 315 E. Court street. Everything musical.
