GOOD SHOES CHEAP.

### PUP IN A SEPARATOR.

Canine Hobo From "N' Yaark" Arrives Half Dead From Starvation.

Last evening when the freight train from the East came in one of the cars was shunted off here on the side track and left. On the car was a new separator built by the Buffalo Pitts Company, of Buffalo, N. Y., and as the yardmen were passing along the side of the car they heard a noise in the big machine and investigating, found a woolly, half-starved dog. The dog is about nine months old and has evidently been in the machine for some time, for he was nearly dead for the want of food and water.

The men around the office took the stranger out of his prison and fed him and put him to bed, and this morning he is trotting around the depot platform with all of the self-assurance of the typical baggage-smasher. The boys at the station are going to adopt the walf and bring him up as a good railroad mascot should be brought up, and will make a mascot of him. From the looks of the dog and the fact that it was a through car that he traveled on, it is supposed that he is a New Yorker.

### Finds Home for His Children.

T. J. Ennis, of Ritter, whose wife died in the Walla Walla hospital Sunday, has found a temporary home for his two little girls, with Mrs. Ida Holcomb, an old friend of the family in this city. He will keep his little son with him at North Powder, and expects to take his daughters there after he gets permanently located.

### NEW SIDEWALKING

OVER TEN BLOCKS TO BE BUILT VERY SOON.

Much of it belongs to the W. & C. R. Railway and to the O. R. & N., and a Portion of the City—It is Possible That a Portion Will Be Made of Concrete.

The city surveyor is at work finding the grade of the street along Webb street from the intersection of Main to the railroad crossing west. The work is being done at the instance of the street commissioner, who is preparing to put in a new walk along the south side of the street from the Eastern Hotel to the railroad crossing near the freight depot of the W. & C. R. In the stretch there are 10 blocks and five of them belong to the railroad company. The walks will be put on the official grade of the street, and will be well constructed and substantial. Work will be commenced on them the first of the coming week.

The sidewalk between the new Ferguson-Malony building and Shields' park is in a bad fix, and notice has been served on the O. R. & N. that it will have to be rebuilt. The company has promised to do the work, but is waiting to determine whether or not it will build the walk of wood or of concrete. If they can get the material and the labor in a short time they will put in a concrete walk, and if not they will build it of two by four timbers laid edgewise and of the legal width to meet the requirements of the city ordinance.

The street commissioner and his men are employed at this time in general repair work all over the city, and will endeavor to get the walks and streets in as good condition as possible by the time that the rains commence in the fall.

### PROGRESS ON SEWER WORK.

Most Difficult Work Has Not Yet Been Begun.

The workmen on the sewer are coming up Alta street at a rapid rate, and it will not be long until the trench has been completed to Main street. The gang on Alta is just this side of the Dutch Henry feed yard today, and is fast coming toward town.

On Court street the work is as far advanced, and the two gangs are keeping side by side in their work toward the city. About a mile of the pipe has been laid, and this means that about one-eighth of the entire length of the sewer has been completed; but it does not signify that the same proportion of the work has been done, for all of the work along the railroad track is yet to be attempted, and this will be the hardest part of the entire construction, for the reason that some of the work must be done under the tracks and some so close to them that all of the ditch will have to be timbered, no matter how shallow it may be. This will take added time and trouble.

Owing to the fact that it has been so hard for the contractors to get their piping on time as they wanted it, the work has been retarded until it is doubtful if the contract can be finished on the time that is set by the specifications. In view of the fact that the work has been pushed as fast as the labor and material at hand would admit, it is possible that the city will extend the limit for the construction and not exact the forfeit, for the delay has been caused by delays unforeseen and not to be helped or overcome by the men in charge of the work.

### At Lehman Springs.

There are about 300 visitors at the Lehman Springs now, and more are coming in each day. The hotel is crowded and the newcomers are camping out in the groves around the springs. There is a great number of Pendleton people there, and a pleasant time is being had by all those there.

### Mr. Hawley Returns.

Luke Hawley returned this morning from a two weeks' vacation trip to the valley. While away he visited Portland and Newport, and from there went to Independence, where he spent a week with his parents, Mr. and Mrs. J. H. Hawley, of that city. He reports a very pleasant trip.

### PERSONAL MENTION.

Fred Nolf has gone to Portland and Yaquina Bay for an outing.

H. Hill, a cattleman of Antelope, is the guest of the Pendleton.

David Home, of McKay, is in the city on a short business trip.

W. J. Bates, of Grass Valley, is in the city on a short business trip.

Mrs. T. A. Williams, of Boise, was the guest of the Golden Rule yesterday.

Frank Macey left this morning for valley points, where he will spend his vacation.

Mr. and Mrs. T. McMahon and family, of Milton, were Pendleton visitors yesterday.

Mrs. E. C. Skiles and her daughter, Elizabeth, are the guests of friends in La Grande.

Mr. and Mrs. J. Howard, of Great Falls, Mont., are the guests of Pendleton friends.

A. B. Thompson, the receiver of the La Grande land office, is in the city for a short visit.

Mrs. T. G. Halley and daughters left this morning for Gearhart Park, for a summer outing.

S. B. Calderhead, of the W. & C. R., left this morning for Dayton, after a business visit in this city.

Lincoln Jay, one of the leading sign writers of Spokane, is in the city, the guest of his brother.

F. B. Holbrook, superintendent for the Oregon Land & Water Company, at Stokes, is in the city today.

Henry Harrison has returned from a trip to the springs, where he has been for the past week or two.

J. A. Carlson and wife, of Kamela, will leave in a few days for an extended trip to the Sound cities.

Lee Teutsch will attend the regatta at Astoria, and will leave for that city the middle of the coming week.

Mr. and Mrs. E. Y. Judd left this morning for Hartford, Conn., where they will reside for the coming year.

Grant Horn, one of the prominent sheepmen of the East Birch Creek district, was a visitor in the city today.

Miss Ethel Hayes has gone to Portland, where she will be the guest of friends, and will later go to the seaside.

M. A. Rader left last night to join his family at Teal Springs, where he will spend a vacation for a week or 10 days.

J. A. Smith, the harness man, will leave in the morning for Lehman Springs, where he will spend the next two weeks.

Ed Marshall, who is suffering with typhoid fever, is progressing as well as could be expected at this stage of the disease.

Chris Ranley and family and the family of Thomas Fitz Gerald, leave in the morning for an outing at Lehman Springs.

Thomas Ayres left last night for Hidaway Springs, where he will visit with his family, who are spending the summer there.

George W. Jones, of the roadway department of the O. R. & N., left this morning for Heppner, where he will visit for a time.

Mrs. M. Alice Sheridan and daughter, Miss Lenore, have gone to Teal Springs, where they will remain during the warm weather.

Seth Catlin, an architect of Portland, who has been the guest of friends in the city for the last week, has returned to his home.

C. B. Miller, the city engineer, left this morning for Walla Walla, for a short visit on business. He will return on the evening train.

Mrs. Lot Livermore and children have returned from Long Beach, where they have been enjoying the sea breezes for the past two weeks.

Mrs. C. W. Nessly, of Prosser, Wash., is the guest of her nephew, L. E. Wenhams, of this place, on her way to the eastern part of the state on a visit.

Mr. and Mrs. Martin Anderson have returned from a visit to San Francisco and other California points, where they have been for the last two weeks.

D. D. Shelton and C. Shelton, of Salem, were in the city for a short time yesterday on their way home from a trip into the mountains of this part of the state.

Ralph Coon, of the Hawley Brothers' grocery store, left this morning for Hidaway Springs, where he will spend the next 10 days in enjoying his annual vacation.

W. J. Furnish returned last evening from Lehman Springs, where his family are spending the summer. He will return as soon as he has attended to some business matters.

Mrs. Cora Cooper, late landlady at the Strahon lodging house, is visiting friends in Yamhill and Polk counties. She will spend the winter in California and return to Pendleton next spring.

John Hudson, of the W. & C. R. train service, was in the city last night and has gone to Walla Walla, where he will spend a 10-days' vacation. While he is taking his vacation his mother will visit him from her home at St. Paul.

Gus Myers, aged 17, of Eugene, was drowned Monday, while bathing.

### PLANK WEBB STREET

MATERIAL IS HERE AND WORK WILL BE DONE SOON.

An Early Completion of the Enterprise Is Promised by Vice-President McCabe—Scarcity of Labor During Harvesting Responsible for the Recent Delay.

Joseph McCabe, the vice-president of the W. & C. R., was in the city yesterday looking after the business of the road, and while here stated that the material for the planking of the track of the company on Webb street was here and the work would be commenced as soon as men could be found to do it. In fact, the material had been here for some time, but owing to the scarcity of labor during the harvest season it had been impossible to have the work done. As soon as the harvest is over and the men can be secured the work will be rushed through.

It is the intention of the company to plank the track from the ends of the ties along the whole length of the street. As the track has been put on the level of the street, this will leave the planked track high and dry in the air unless the city fills the rest of the street in accordance with the grade.

If the men can be secured to do the work, the planks will all be laid inside of 30 days, and the long mooted question will be settled.

### BRIDGE IMPROVEMENTS.

W. & C. R. Railway Will Rebuild and Strengthen All Structures Next Year.

Joseph McCabe, the vice-president of the W. & C. R., returned to his home at Walla Walla this morning, after a brief visit in the city on business connected with the road. The W. & C. R. has done about all of the new work that it will do this year, but in the coming year it will begin again on the reconstruction of the rest of the bridges along the line. It has been putting in the concrete this year, and all will be ready for the erection of the superstructures when it is time to begin work in the spring.

This year the company has put in two new steel bridges on the line, and next there will be more built, and all the culverts and small bridges will be built on a solid plan.

### Willamette Wheat Good.

The first wheat field to be threshed seems to promise that the general yield of grain this season will be good. It was a field of 40 odd acres on the farm of Mr. Jensen across the river from Tyra Smith's place, near Peoria. It was fall sown wheat, disced in on stubble. From wheat of the sort a yield of 15 to 20 bushels is ordinarily expected. The field in question made an average of 26 bushels per acre.—Corvallis Times.

### Bear Not Plentiful.

Engineer E. Jacobson, of Kamela, who has an imported pack of bear dogs, has searched the Blue mountains in vain for bear, this summer. The only chance he has had to test the fighting qualities of his dogs during the entire season, was last night, when they brought a full-grown porcupine to bay in a hollow log. It is needless to say that the entire pack is in mourning today.

### LaFontaine's New Residence.

Workmen are busy with the foundation of the new cottage being constructed by Gus LaFontaine on Alta street. The work is being done in stone, and when the cottage is completed it will be one of the most slightly residences in that part of the city. It will be built at a cost of \$5,000.

### Outing at Newport.

F. S. Younger returned this morning from Newport, where he has been for the past week. Ernest Younger will leave in the morning to join the other members of the family at Newport, where they will remain for several days before returning home.

### Returns Much Improved.

C. W. Irwin, formerly proprietor of the Delta, returned yesterday evening with his family from an extended trip through Colorado, Utah and Montana, much improved in health. Mr. Irwin will probably remain in Pendleton permanently.

The Amalgamated Brotherhood of Teamsters and Helpers in session at Buffalo, has elected C. N. Shea, of Boston, as president.

### GRAIN-O THE PURE GRAIN COFFEE

If you use Grain-O in place of coffee you will enjoy it just as much for it tastes the same; yet, it is like a food to the system, distributing the full substance of the pure grain with every drop.

TRY IT TO-DAY.

At grocers everywhere; 15c. and 25c. per package

### TO SAN FRANCISCO.

Party Will Leave Tomorrow to Attend National Encampment G. A. R.

Mr. and Mrs. G. W. Rigby, Mr. and Mrs. P. P. Collier, Mr. and Mrs. J. H. King and Dr. Johnson, of this city, and Mr. and Mrs. J. H. Hiteman and daughter, of Athena, will leave in the morning for San Francisco, where they will attend the national encampment of the Grand Army of the Republic.

It was the intention of the party to go by water and return over the Southern Pacific, but they were unable to secure passage on the boats owing to the large number who are going to the city to attend the encampment. The party will be absent from the city for about three weeks or a month.

### Hay Is Scarce.

Last week Antone Egli, of Wagontire, sold to Jack Partin and Z. G. Harris of Summer Lake, 400 head of cows, calves and yearling steers at \$20 per head. Mr. Egli's reason for selling is said to be on account of the hay crops in the Wagontire country.—Central Oregonian.

### FREE

With every broom worth five cents up, we will give a holder free.

The broom holder is a cheap cast-iron contrivance, that fits the wall with one screw. Thrust in the broom—the holder does the rest.

### NOT GOOD, NOT HERE

### They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolutely clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed hogs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.
