GENERAL NEWS.

In the collision at Durand, Mich., between the two sections of Wallace Bros.' circus train, 10 employes were killed, none of whom were identified.

Fifty prisoners in the Carthage, (Mo.) jail, mutilated for better food. They were subdued by the fire department being ordered out and the hose turned on.

Edward Huntsman died Monday at Montclair, N. J., from Venezuela malaria—a peculiar form of jaundice. It is said to be the first case developed in the United States.

Martin Lippman, a wealthy planter, has been murdered in Spanish Honduras, being waylaid and shot. He was formerly a resident of New York. A native Honduran with whom he had had trouble in business affairs, is accused of the killing.

William H. Butler, president of the Universal Tobacco Company, is accused of squandering \$700,000 of the company's money and in addition running the company \$1,500,000 in debt. He is not accused of swindling, but of reckless, highhanded plunging.

The New York Board of Trade and Transportation makes the statement that in 1810, when the population of the United States was but 7,000,000, the registered tonnage for overseas trade was 987,000, while now, with a population of 80,000,000, is but 873,000.

NORTHWEST NEWS.

The Marble Bay mines, on Texada Island, B. C., have been closed down on account of labor troubles.

M. O. Warner, of Eugene, will build a smelter in the Bohemia mining district, near Grant's Pass, this season.

Four Japanese and several whitefishermen were drowned Tuesday at Vancouver, B. C., in a severe squall that visited the bay.

Mrs. Tenina Fogie, an old and respected pioneer of Eugene, has gone hopelessly insane on religion, and is now in the asylum.

Mrs. August Drayour, of Santa Rosa, Cal., has confessed to the murder of her husband, who was found dead in his room Tuesday morning.

It will cost \$12,000 to complete the Salem postoffice building, which has remained in an unfinished condition since the public appropriation was exhausted.

Byron Burns, a small boy of Grant's Pass, had his skull crushed Tuesday, by a baseball. Part of the skull has been removed and it is thought he cannot recover.

Miss Susan B. Bachelder, of Seattle, took an overdose of strychnine, Tuesday morning, and died in convulsions an hour later. She was taking the drug regularly for the purpose of reducing her flesh, and made a mistake in the amount to be taken.

The Lebanon Flour Mills have started up again, after a temporary shut-down on account of a lack of old wheat to grind. New wheat is now arriving at all the Willamette valley mills, and the yield is about 23 bushels per acre as far as reported.

Ladies' half soles 40c. Teutsch's.

RIDGE AND VICINITY

GRAIN HAY IS ONLY A MODERATE CROP.

Alfalfa is Turning Out Well—Grass-hoppers Are Making Some Trouble—Fine Range in the Mountains—Uncommonly Hot Weather of Late.

Ridge, Aug. 10.—K. F. Fahrwald came near having a serious runaway last week. He had finished mowing and squared his team up to the rake and hitched one trace, when the horses started and ran in a circle till they dislodged themselves.

William Futter and sons, of Ukiah, have mowed and stacked their hay. It turned out a fair yield.

Mr. and Mrs. J. A. Rust and family and Miss Minnie Hinkle, made a trip to Pendleton this week. They are now taking an outing at Lehman Springs for awhile.

Walter Warner, of Pendleton, is at present visiting at the home of his sister, Mrs. P. E. Fletcher.

The Misses Mary and Grace Whitaker are visiting an aunt in Washington.

Mr. and Mrs. C. R. Cate and the younger members of their family are reported to have started for Walla Walla county to visit their daughter, Mrs. John Dorsherty today.

Hay is about over except some late grain. The yield is not as heavy as was expected, yet the alfalfa is turning out very good. Grass is all dried up and grasshoppers are getting their share.

Green Estes and family, of Athena, are taking an outing at Lehman Springs, where he is conducting a saloon and doing a fair business.

There was a large attendance at church Sunday, both the home neighborhood and adjacent vicinities came out. Rev. Hotchkiss then proceeded to Pilot Rock, where he delivered a nightly sermon.

William Fahrwald was in from the mountains this week, where he has been attending his sheep camp. He reports fine range.

We have been having hot weather for the past week, it being as hot as 96 in the morning at 4 o'clock, and around the 100 mark in the evening.

DIVIDEND FOR FARMERS.

Annual Meeting of Alliance Warehouse Company.
 Palouse City, Aug. 11.—The Farmers' Alliance Warehouse Company, with warehouses located at Fallon, four miles south of here on the Northern Pacific, at the annual meeting of the stockholders, elected the old board of directors, as follows: J. R. Parker, John Thompson and Henry Neel. L. H. Collins was elected manager and F. C. Williams secretary and treasurer. Mart Lowe was retained in the position of agent.
 A 15 per cent dividend was declared.

This company was organized in 1890 and has handled its share of the grain raised in this vicinity since that time. The business has been self-sustaining at all times, and dividends sufficient to more than pay interest on the money invested have been paid. About 20 farmers hold stock in the concern.
 Last season the company handled over 100,000 bushels of wheat and 50,000 pounds of oats. This is one of the few alliance warehouse companies of the Palouse country which weathered the storms of the past 10 years and have been profitable to the stockholders.

Forest Fire at McEwen.
 Baker City, Aug. 12.—For several days a forest fire has been raging in the vicinity of McEwen, a station on the Sumpter Valley railway, about seven miles south of Sumpter. It is said that tens of thousands of feet of valuable timber has been destroyed. The fire started where some men were clearing good, and soon got beyond their control. Damages already run up into the thousands of dollars and the latest reports are to the effect that the flames are not yet checked, although trees are being cut down around the fire and everything possible is being done to keep it from spreading beyond its present limits.

Extending Sidetrack.
 Walla Walla, Aug. 12.—An extensive sidetrack addition is being made by the O. R. & N. on the Snake river cut-off opposite Fishhook Ferry, where 600 feet of siding is being added. Fifteen teams and a crew of men are at work, and a new depot site is being made, the location to be near the ferryboat landing. A warehouse will be put up by the Interior Warehouse Company, and wheat will be ferried over from Franklin county and hauled down the Snake river hills of Northern Walla Walla county.

New House for Sale.
 New eight-room house and one lot for sale, reasonable. Stone foundation and good woodshed. Buy from the owner and save commission. Corner Thompson and Tustin street.

Best shoe work at Teutsch's.

JOHN W. M. GUSEMAN.

Funeral Was Held Yesterday—Short Sketch of His Life.

The funeral of Mr. Guseman took place yesterday afternoon, conducted by the Odd Fellows of this city. Special services were held at the Odd Fellows' hall at 4:15 p. m. Rev. E. B. Jones, chaplain of Integrity Lodge, read a sketch of the deceased, and delivered a short address, after which the pallbearers took charge, conveying the body to Olney cemetery, where the impressive and beautiful ritual service of the Odd Fellows was followed, laying to rest all that was mortal of John William Guseman.

Mr. Guseman was born in Preston county, West Virginia, near Terra Alta, January 25, 1859, and died at the St. Joseph hospital, in Pendleton, Or., August 10, 1903, being at the time of his death 44 years, 6 months and 16 days of age.

Mr. Guseman was a farmer and engineer by profession, but devoted most of his time to the latter profession for several years past. He was never married.

He had been sick more or less since last October, but lately grew rapidly worse, until his physicians decided that nothing but an operation would save him; but even this failed, and he bowed to the inevitable.

Since 1883 Mr. Guseman has made his home in the West, residing much of the time in California, but for some time past had made his home in Pendleton.

WHEAT BURNED.

Over 100 Sacks of Grain Destroyed at Berryman's.

Fire in a straw stack Sunday afternoon burned 100 sacks of wheat belonging to J. E. Berryman, says the Union. But for the prompt work of a crew of 20 harvest hands, Mr. Berryman would have lost 500 sacks. The origin of the blaze is unknown. It is the first wheat blaze reported this season.

The fire was discovered at 1:30 o'clock by a harvest hand who happened to be riding near the stack. He immediately galloped to the nearest crew and then went on to where 15 railroad men were lolling in the shade. The harvest crew responded quickly and by dint of hard work managed to save 100 sacks. It was too hot for the railroad men and they watched the thick clouds of smoke ascend without making an effort to assist the overworked crew.

LOCATE AT NORTH POWDER.

Prominent Umatilla County Citizens Will Open General Merchandise Store in Union County.

T. J. Ennis, who has resided at Ritter for the past few years, and W. J. Cavender, formerly in the mercantile business at Dale, have located at North Powder, Union county, where they will open a general merchandise store as soon as the stock arrives.

Mr. Cavender is now in Portland, making final arrangements for the shipment of the stock, and Mr. Ennis is in the city today, en route to North Powder. The gentlemen are both well known in this city and county, and have friends who regret to lose them from the business circles of the county.

They feel greatly encouraged with the prospects in their new location, and look for great development in the country surrounding North Powder.

Mr. Ennis has sold his stock at Ritter, but still owns a large body of valuable farming and range land in that vicinity, and feels that he has not yet entirely shaken off the fascination of this county.

To restore vigor to the system, promote sound sleep and assist digestion you should take a dose of the bitters before each meal. I will cure Sick Headache, Nervousness, Indigestion, Constipation, Dyspepsia and Kidney Troubles. Be sure to try it.

A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price. For example a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.

Daily East Oregonian by carrier, only 15 cents a week.
