HOSEHOLD CARES.
Tax the Women of Pendleton the Same as Elsewhere.
Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back.
And she wouldn't if the kidneys were well.
Doan's Kidney Pills make well kidneys.
Here is a Pendleton woman who indorses this claim:
Mrs. George Hays, living at No. 223 Lillith street, corner of West Bluff street, says: "I can recommend Doan's Kidney Pills to all sufferers from backache and other kidney troubles, with utmost confidence that they will do everything that has been claimed for them by those who have used them as well as by the makers. The trouble for which I used them was principally backache, with which I had been bothered off and on for a long time. It hurt me badly when I stooped to do any housework that caused a strain on the back. I read an advertisement about Doan's Kidney Pills and decided to try them, feeling that they could do no harm, even if they did no good. I got a box in the store of Brock & McComas Co. and used only one box, as that was sufficient to relieve my backache and I have not felt it since."
For sale by all dealers. Price 50 cents per box. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—DOAN'S—and take no other.

THE ALASKAN ROAD

SEATTLE COMPANY BEGINS CONSTRUCTION WORK.

Must Complete 125 Miles of Alaskan Central Each Year Until 420 Miles Are Built—From Knik to Eagle.

One of the most important expeditions that ever left this city for Alaska goes north on the Pacific Clipper line steamer Santa Ana, which is scheduled to sail Monday, says the Seattle Star. It consists of a party of 30 men, most of whom are the heads of departments of the Tanana Construction Company, which has the contract for building the Alaska Central railway, 50 other men engaged as laborers and in other capacities, and 70 tons of material. Following the Santa Ana all the other Alaska steamers of the Pacific Clipper line will carry during the summer cargoes of material for the construction of the hyperborean railroad, the first to be started through the vast wilderness of that unexplored territory.

The Tanana Construction Company under the terms of its contract with the Alaska Central railroad, is obliged to build 125 miles of road each year until the total of 420 miles is completed. In the outfit which goes north on the Santa Ana is material for the construction of a sawmill and of pile drivers. A wharf is to be built at Seward on Resurrection bay, on the Kenai peninsula, which lies north of Prince William sound and Valdez. The Santa Ana will take up tools and machinery for the construction of the wharf. Rails and materials for the construction of the railroad proper will be sent on later steamers.

Col. C. M. Anderson of this city, chief engineer of the Alaska Central, is laying out a townsite at Seward, which is to be the ocean terminal of the road. That portion of the railroad to be completed this year lies between Seward and Knik. The line, according to the route already surveyed, will extend from Knik to what is said to be the richest portion of Alaska, both in mineral and agriculture, by way of Eagle, on the Yukon, passing close to Fairbanks, the metropolis of the Tanana.

John Bowdle of Chicago, president and manager of the Tanana Construction company arrived from that city with his party several days ago. He is a railroad man of national reputation, having recently completed a \$2,000,000 terminal clearing at Chicago. At the present time he has a large amount of work in progress in New Orleans. Col. A. W. Swantz, is chief consulting engineer of the construction company. He was formerly with the Illinois Central, and has superintended the construction of 2,000 miles of railroad during his career, it is said.

The Alaskan Central railway was promoted by local business men and is being built by Eastern capital.

TO RECLAIM DESERT.

Scheme on Foot to Irrigate Large Tract in Baker County.

Chicago may come to the aid of Baker county in the matter of irrigation, says the Morning Democrat. Certain capitalists of the Windy City a few days ago wrote to Weather Observer McGuinness, of Baker City, inquiring as to a certain tract of 6,400 acres of land on lower Powder river, its fertility and possibility of irrigation by storage reservoir and ditch system. They stated that they would buy the land and sell it to homesteaders if the land was all right and could be irrigated.

Mr. McGuinness' report is a favorable one as the land is good and can be easily irrigated with an abundant water supply. The scheme will be put through by private enterprise as a good speculation, but may later be associated with a government irrigation scheme, if one is established here.

This is one of the direct results of the advertising of Eastern Oregon by the O. R. & N. Company and more schemes of the same kind may be expected to be consummated in the near future through the same source, all of which will aid in the development of this naturally rich country, whose agricultural resources will equal its mines and manufactures within the next few years.

VAUDEVILLE AT BAKER CITY.

Park at That Place Will Be Added to the Shields' Circuit.

Charles Shields will start a vaudeville park in Baker City next week. P. J. Taylor who with his family, appeared in the park here last Friday night, will be business manager and his children, which have made many friends here among the patrons of Shields' Park, will take part in the program.

May and Baby Owens after completing the coming week's engagement here, will go to Baker to appear in the regular program there for the first week. Baby Owens has made a hit in this city and will be a drawing card for the new park.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will surely cure scrofulous or syphilitic blood and all blood diseases. 50 cts. and \$1.00. F. W. Schmidt & Co., druggists.

FOR BRITISH TRADE

TRAFFIC KINGS OF ENGLAND MEET AT MONTREAL.

First Convention of the Body Ever Held Outside of Great Britain— Came to Canada at Special Request of Montreal Chamber of Commerce. Montreal, Que., Aug. 17.—Montreal

this week is entertaining the trade kings of the British empire, the occasion being the fifth congress of the chambers of commerce of the empire and the first meeting of the organization ever held outside of Great Britain. When, more than a year ago, the Montreal chamber of commerce invited the organization to hold its next meeting in Canada it was predicted that the event would prove of great commercial importance to the Dominion.

The full measure of this importance, however, was not appreciated until today, when the gathering was formally opened and the visitors officially greeted on behalf of the Dominion government, the city of Montreal and the commercial interests of Canada. Those present included a strong delegation representing England and all its varied industries, from the shipping interests of London and Liverpool to all the diversified manufactures of the midland counties.

In addition to these delegates from the mother country there were present representatives of the British chamber of commerce of Paris, of Kimberley, South Africa, of Masera, Basutoland, of Port Elizabeth, Cape Colony, of Colombo, Ceylon, and of many other self-governing colonies of the British empire.

The discussions will begin in earnest tomorrow and will continue through the week. Among the matters to be considered, in addition to fiscal policy, are postal reforms, emigration, and the assimilation of the commercial laws of the empire. At the conclusion of the congress the delegates will visit Ottawa and afterward start on a tour of Canada.

The tour will occupy six weeks. The delegates will travel 10,000 miles and will investigate all the resources and industries of the Dominion, from the fisheries of Nova Scotia and the maritime provinces to the wheat fields of Manitoba and Alberta and the mines of British Columbia and the North-west province.

Farms for Sale.

We now have listed for sale some of the best wheat farms and stock ranches in the county. The stock ranches can be sold either with or without the stock. All the places are well improved and well supplied with water. Also some very desirable city property, including new modern residence on north side of river. Call and get prices. BENTLEY & HARTMAN.

Satisfaction guaranteed or money back. 25 cts. and 50 cts. Write to W. H. Hooker & Co., Buffalo, N. Y., for a free sample. F. W. Schmidt & Co., druggists.

The 10-year-old son of Elmer Thornburg, of Granite, Grant county, was burned to death Sunday by falling into a burning brush pile.

WHY WE ARE AGENTS

Here Are Some of the Convincing Facts That Caused us to Take the Agency for the Fulton Compounds, the First Things Known that Cure Chronic Kidney Diseases.

First, let it be distinctly understood that every one of the cases below had been diagnosed by one or more physicians as chronic and incurable; second, note the recovery also of the patients as shown by the recovery also of the friends they told who were similarly afflicted with supposed incurable kidney diseases.

N. W. Spaulding, President Spaulding Saw Co., San Francisco, had a recovery in his own family and told several others who recovered. Adolph Weske, capitalist, San Francisco, recovered himself and told two friends who recovered.

Dr. Carl D. Ziehe, pioneer druggist, 222 Pacific street, San Francisco, recovered himself and gave it to more than a dozen patients who recovered. Charles Engeler, editor of the German paper, San Francisco, recovered himself and told 15 a number who recovered, one of them being Charles F. Wacker, the Sixth street merchant.

K. M. Wood, editor Wine and Spirit Letter, recovered himself and told it to several who recovered, among them being an oculist physician. Edward Short of the San Francisco Call recovered also three of his friends, viz: William Martin, Captain Hubbard of the Honolulu route and William Hawkins of the U. S. Quartermaster's Department of San Francisco. John A. Phelps of the Hotel Ropelle, San Francisco, and two of his friends, etc., etc.

The kidneys are the sewers that strain the poisons out of the system. We can stand the discharge for a short while, but when the interference becomes chronic (permanent), as first explained by Bright, it is only a question of how long before death will ensue. Bright called Bright's Disease and incurable. All kidney troubles develop into this form about the 30th to 40th month. The disease cases were incurable by all other known means. Bright's disease should be treated at first with the only known thing that will cure it if it is reached the serious stage. Fulton's Compound for Bright's and Kidney Diseases is for sale by all druggists. J. Fulton Co., 222 Washington street, San Francisco, sole compounders. Send for pamphlet. We are the sole agents for this city.
