**CITY RESERVOIR IS BADLY OUT OF ORDER.**

Water Supply is Uncertain Until Repairs Are Effected—Precautions Are Being Taken Against Typhoid—City is Rebuilding Rapidly.

Heppner, Ore., Aug. 17.—Last Saturday it was found that the pump used in raising the water to the city reservoir was in a bad condition, and in trying to make repairs the rent was only made worse and beyond repair. The pump was raised from the well, the casing taken out and thrown aside as useless.

The authorities telephoned to Portland for a new pump and 300 feet of casing, which is expected tomorrow.

During the meantime the people are using the water from the creek, diked with Pendleton ice. The city sprinkler hauls water and in that way the people are kept from dying of thirst.

The water at this place is poor at the very best, and nearly every one that comes in is troubled with bowel complaint for a few days. Fears are entertained that typhoid fever might break out at this time and every precaution is taken to prevent it and it is hoped no seriousness will result.

The people here are making the best of everything and seem happy as clams. Building is booming, but nothing of a substantial kind; mostly small houses and repair work. Wages are good and every available man is used, though it wouldn't be advisable for anyone to come here with the intention of working long as it is believed that carpentering is on the ohh for this year.

**Houses Are Scarce.**

Houses for rent in Walla Walla was soon to be a scarce article, according to local agents, says the Walla Walla Statesman. There have been more vacant houses in the city this summer according to the same authority, than in several years past, but one by one tenants have come along and soon it will be a hard matter to lease a desirable residence for love or money. Tenants so far appearing are farmers who make it a rule to move to town in the fall that their progeny may take advantage of the excellent school facilities offered. These will come in increasing numbers as fall work is finished up.

**Wife Beater Wanted.**

Considering that he had a right to do as he pleased with his own property, Tom Denton, who lives up Mill creek, took it into his head Saturday night that his wife needed a good whipping and proceeded to do so, says The Dalles Chronicle. Grabbing hold of her hair he succeeded in jerking a good supply of it out, and otherwise mistreated her. She came down Sunday to have him arrested, but was compelled to wait till yesterday, when she swore out a warrant for his arrest. Sheriff Sexton and Marshal Crate are on the lookout for him and will pay him back in his own coin when they get their fins on him.

**Three Delegates Appointed.**

Yesterday Governor Chamberlain appointed Judge G. A. Hartman, delegate at large to the National Irrigation Convention, to be held in Ogden on September 15-18. Mayor Halley, some time ago appointed Judge Hartman and E. J. Sommerville delegates from the city of Pendleton. There yet remains unappointed, in Umatilla county, two delegates from the county court, two from the Columbia River Valley Irrigation Association, two from the Woolgrowers' County Association and two from the Commercial Association.

**Must Shave Necks Free.**

Salem, Aug. 19.—Hereafter there will be no extra charge for neck shaving in Salem barber shops. It seems the local barbers' union has backed down, or rather was forced to back down, and the old price, 15 cents straight for a shave, went into effect yesterday morning. The matter came to a head on last Friday evening, when at a meeting of the union it was decided to remove the extra charge of five cents for neck shaving and drop back to the old price.

**AS A LAXATIVE**

Hostetter's Stomach Bitters is without an equal. It will not gripe nor shock the system, and make you feel sick all over like most cathartics do, but has a firm and gentle effect on the constipated bowels, stimulating and assisting them in the proper performance of their functions. Then an occasional dose is all that is needed to keep the bowels regular and the stomach strong. A trial will convince you of its value.

**A NEW UNION.**

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$10.00 less than regular price. For example, a regular \$300.00 instrument can be had for \$290.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.
