## VAST IMPROVEMENT

WATER SYSTEM WILL  
BE LEFT FIRST-CLASS.

When the Present Repairs Are Com-  
pleted and the Reservoir Scoured  
and Repaired the Water Will Be as  
Fine as Any in the State, an  
Greatly Increased in Volume.

G. N. Miller, the city engineer, is  
about done with the enlargement of  
the water system, and in a few days  
will have his men at work cleaning  
up the reservoir on top of the hill  
southeast of the city.

The new intake pipe is all laid and  
is flowing full of water. There is  
1,100 feet of the new pipe, and it  
yields 1,500,000 gallons of water in  
each 24 hours. It joins the old pipe  
several hundred feet above the well,  
and together they pour over 2,000,000  
gallons into the well each day.

For several days the fire engine  
has been at work pumping water out  
of the well in order to keep the men  
from being flooded out of the trenches  
as they worked on the pipes. When  
all the work is done on the pipe line  
and the water is allowed to accumu-  
late in the well, there will be from  
10 to 14 feet of water therein all of  
the time.

Mr. Miller has personally superin-  
tended the laying of the line, and all  
of the work has been done with the  
purpose in view of getting the best  
and the most water that was possible.  
The entire cost of the improvement  
will be \$2,000, which in comparison  
with similar work done in other  
places is remarkably cheap.

The water as it comes into the  
pipes is filtered through over six feet  
of solid, clean gravel, and is as clear  
and sparkling as the water from a  
mountain spring. The supply now  
obtained is more than is needed by  
the city, and will be sufficient for  
some years to come. At the juncture  
of the two pipe lines the engineer  
has built a brick well or manhole,  
which will give the management of  
the company access to the lines at all  
times. At this place there are also  
the gates for the pipes with which to  
regulate the supply.

As soon as the pipe lines have been  
finished and all of the construction  
work has been done, which time will  
be by the middle of the week, the  
management of the water company  
will clean the reservoir and make  
any repairs that are needed for the  
year to come. The inside of the big  
lake on the hill will be gone over  
thoroughly, and when the men are  
finished with their work it will be as  
clean and bright as a new plate. At  
the same time all cracks in the ma-  
son work will be filled, and every-  
thing put in ship-shape order. At the  
same time the machinery and all the  
paraphernalia at the pumping station  
will be overhauled and cleaned, and  
the wells will be cleared out so that  
the system, from the headgates of the  
intake to the faucets in the homes of  
the consumers, will be in as good  
shape as care and work can make it.  
All of the work will be done before  
the rains set in, and ready for the  
long pull of this winter and the com-  
ing summer.

### Visiting Editor.

George A. Scibird, one of the edi-  
tors and proprietors of the Union  
Republican, spent the day in the city  
looking over the business prospects.  
He is well pleased with the appear-  
ance of Pendleton, and goes back to  
his home town with a still better  
opinion of the matchless resources  
and wealth of Oregon. Mr. Scibird  
is a late arrival from Colorado, and  
with Mr. Glover purchased the Union  
Republican some three months ago.  
They have made many substantial  
improvements in the paper since tak-  
ing charge. He returned home on the  
evening train.

### Opera House Improvements.

The workmen have finished the  
finishing of the interior of the opera  
house, and are now at work on the  
hallways and outside rooms. The  
whole interior has been tinted old  
rose on the ceilings and a deeper red  
on the walls, making a very pretty ef-  
fect when the lights are on. The  
scenery is being painted and w. all  
be in the city and in place by the  
time the opera house will be needed  
for the first play.

### Consecration of Bishop.

Invitations have been sent to the  
press and to friends to attend the  
consecration of Bishop C. J. O'Reilly,  
which will take place at Portland on  
August 25. Bishop O'Reilly will be  
located permanently at Baker City,  
and will have charge of the new  
diocese of Eastern Oregon.

### John D. Rockefeller's Car.

The private car of John D. Rocke-  
efeller is expected to be on O. R. & N.  
train No. 1, at 8:15 tomorrow morn-  
ing. He is on a tour of pleasure and  
business, to include all the Pacific  
Coast cities.

### Outing at Meacham.

Rev. Robert Warner and family,  
now enjoying an outing at Meacham,  
are expected home about the middle  
of next week.

### Marriage License.

A marriage license was issued this  
morning to Miss Catherine E. Beck  
and Charles H. Nelson. Both of the  
parties are residents of Athena.

# Big Celebration LABOR DAY September 7 Big Celebration

## Music, 2 Balloon Ascensions, Races

EVERY DAY is labor day now with our entire force receiving new goods  
in every department and getting ready to place before our patrons and the trade  
the BIGGEST and most complete stock of high class merchandise we have  
ever had.

We are now showing heavy Mercerized Marseilles guaranteed to wash, 33  
inches wide at 37 1-2c to \$1.00 per yard

The Celebrated Boulevard Velvets in Metall'c Dots and Per-  
sian Effects at 75c to \$1.00 per yard

New Designs in Flannelettes for Kimonas and Wrappers, this week 12 1-2c

In the ART DEPARTMENT we have Silk Down Pillows for cushions, all  
sizes, new designs in them, stitched Doilies and Centre Pieces and soft Pillow  
covers.

### Daily Arrivals of New Fall Waistings

It Pays to Trade at

## Outfitters for Women and Men.

### AT SHIELDS' PARK.

Grand Drawing Will Take Place After  
the Program Tonight.

The grand drawing will take place  
at Shields' Park tonight, following the  
program. The past week has been  
unusually interesting and a larger  
number of tickets have been given  
out than last week.

Manager Nelson announces the  
following numbers for next week's  
program:  
Stanley and Scandon, musical  
sketch artists.  
The Bronsons, comedy sketch ar-  
tists.  
Mr. Simms, cartoonist and ready  
sketch artist.  
Will Murray will sing the illus-  
trated songs.

New pictures on the polyscope.  
The comedy and musical artists  
and the cartoonist come highly in-  
dorsed from the Walla Walla park.  
Mr. Simms, the cartoonist or ready  
sketch maker is especially worthy of  
mention and has been a drawing  
card wherever he has appeared.

### FRAZIER SELLS TICKETS.

Contest for Privilege Ended Last  
Evening.

What developed into one of the  
most interesting coupon contests ever  
started in this city, ended last night  
when L. G. Frazier was declared to  
have won the privilege of selling  
tickets for Frazier's opera house for  
the coming year.

The contest was opened Monday  
evening and ended at 7 o'clock last  
night. Mr. Frazier was found to have  
the largest number of votes, 1,522,  
and was given the privilege of hand-  
ling the tickets. The patrons of the  
opera house will therefore remember  
the place. The season opens on Sep-  
tember 1 with the presentation of  
Hall Caine's masterpiece, "The Chris-  
tian."

### LEWIS IS CHALLENGED.

Montana Man Would Wrestle the  
Second "Terrible Turk."  
Kallispel, Mont., Aug. 20.—(To the  
Editor)—I herewith challenge Pro-  
fessor F. S. Lewis for a catch-as-  
catch-can wrestling match best two

out of three falls for a side bet and  
winner take all the gate receipts. If  
Mr. Lewis so desires, please insert  
this in your paper and oblige.  
Yours respectfully,  
CHRIS PERSON

### Entray Notice.

There is now at my place on Mead-  
ow creek, Union county, one large  
surrey work horse, 10 or 12 years old  
White stripe in face, with collar and  
saddle marks. Owner will please  
come and get him and pay the bill.  
A. H. SUNDERMAN,  
Pilot Rock, Ore.

Ladies' half soles 40c. Teutsch's.

### WHAT MADE IT SO?

Many people are coming in with  
the report that the wheat is better  
than they thought, large, plump  
and fine. Many people are coming  
in with the report that the shoes  
sold at the big Boston Store are  
better than others and they want  
some of them. They are large,  
plump and fine. It is a fact we do  
pay the manufacturer more for a  
shoe to sell at a given price than  
others do, and thus we secure  
greater value. We sell shoes at a  
less expense per dollar's worth  
than any other concern in the  
city and therefore we can afford  
to handle such lines as the Dou-  
glas for men, Gloria for women, and  
Red School House for children.  
Douglas is the largest manufac-  
turer of welt shoes to sell at \$3,  
\$3.50 and \$4 in the world, and we  
certainly have a representative  
line, one that will astonish you.  
The Gloria \$3.50 shoe for women  
is the best shoe at this price sold  
the American public today. We  
find each season an increase of  
trade—why is it? Merit that con-  
firms buying opinion. Good wear  
combined with good looks and  
comfort. Oh yes, we must not  
overlook the Red S. H. shoes.  
They fit the school boys and girls.  
We have kinds for each. I believe  
you had better get the next pair  
at the
