PROBLEM OF PORK

DIFFERENCE IN OFFERS BY
SOUND AND LOCAL BUYERS.

Various Theories About the Scarcity
of Hogs and Future of the Hog
Market in This County—An Active
and Strong Market for Live Ani-
mals.

There seems to be some conflict in
the hog camps of this country, judg-
ing from the difference in the prices
that are quoted by the different buy-
ers. The men who want pork from
this part of the country have been
offering 5 1/2 cents for it, and now
come men from the Sound country,
who tell the men who have the hogs
to sell that they will give 6 1/2 cents
for each and every pound that the
stock will bear down the scales. The
raisers around the county do not
know what is the reason that the
local buyers have been offering so low
a figure, but they think that the extra
1/2 of a cent looks good to them, and
they are more willing to do business
with the men from out of the state,
than with those here who have not
so much money to give for what they
get.

Contention Over Causes.

Some of the growers are unkind
enough to say that the men from
home have been holding the price
down in order to make their own
margins larger, but on the other hand
some of them say that it is only of
recent days that the Sound people
have offered the extra money for
their goods. And these men say that
the high price of wheat is responsible
for the raise in the price of the pork.
The men of the Sound, who are al-
ways considerate for the farmer, have
realized that the men who raise the
hogs cannot afford to feed 70 and 75-
cent wheat to their stock and then
sell the fattened product for 5 1/2 cents
a pound. When the feed was cheap
the pork was cheap, but now that the
grain has gone so far towards the
clouds they cannot board their stock
for so long a time at so small a re-
turn.

Buyers Have to Hustle.

But in spite of the raise in the price
the buyers are having a hard time to
get the stock together for a shipment.
One buyer from the Sound has been
in the country for some time, and
has not as yet succeeded in gathering
together a carload of market hogs
for shipment. The trouble seems to
be that there are not enough stock
hogs for the use of the farmers. They
cannot sell and have enough to take
care of their stubble and replenish
the droves for the next year. Last
summer and spring a year ago, a lot
of men came into the country and
brought up all the little pigs that the
farmers would sell, and now that
they have a chance to sell for the
market they have no hogs to meet
the demand unless they sell their
stock hogs, and they will not do this.

Steady and Strong Market.

Every man in the county who has
hogs for sale can find a market for
them, not from the market man, but
from the farmers, who are short in
their droves and who want to stock
their ranches. For this reason, the
buyers are having a hard time to fill
the orders they have from the houses
that they represent. The condition
is but the natural result of over-sell-
ing and under-production, and is good
for those who have the goods for the
market, if it does not result in the
establishment of a universal hog
ranch throughout the county.

Will Run Diners.

Beginning about October 1, the O.
R. & N. will run dining cars on
trains Nos. 5 and 6, which will do
away with the stop for meals at La
Grande. It is probable that a new
time card will go into effect about
that time, also, as there will be con-
siderable dead time on the schedule
of these trains, which will have to be
done away with. It is possible that
No. 5 will arrive in Pendleton about
6:30 p. m. on the new card.

Will Move Threshing Outfit.

M. J. Howe will ship his threshing
outfit, consisting of the machines
and 20 men, to Reardon, Wash., in
the Big Bend country, this evening
over the W. & C. R. The harvest is
about over in this part of the country
and as Mr. Howe has finished with
all of the work in this vicinity, he
will move where there is yet work to
be done.

Fat Cattle to Tacoma.

Furnish & West will ship a carload
of cattle to the Tacoma markets this
evening, over the W. & C. R. The
cattle have been raised in the vicini-
ty, and are in good condition for the
trip. They are most of them young
steers, raised for the markets espe-
cially, and have been fed for sale.

Sale of a Farm.

J. F. Temple, Jr., and Nettie A.
Temple, his wife, have sold to A. J.
Wagner for \$7,500, the east half of
section 15, in township 5, north of
range 34 east, containing 320 acres
in the vicinity of Athena.

Ice to Heppner.

The Ross Ice & Cold Storage Com-
pany shipped another carload of ice
to Heppner today.

EXTEND THE DIOCESE.

Probably That Walla Walla Will Be
Annexed.

Portland, Aug. 25.—"It is not im-
probable that Walla Walla will be
included in the diocese of Baker City
as soon as the arrangement can be
made."

This is the statement made by
Father Charles O'Reilly, of this city,
recently appointed bishop of the new-
ly created diocese of Eastern Ore-
gon. Father O'Reilly was inter-
viewed at his residence in regard to
the probability of Walla Walla and
possibly Eastern Washington being
included in one diocese. While he
was unable to make a positive state-
ment, it was plain to be seen that he
was greatly in favor of such a divi-
sion of church territory. Said Father
O'Reilly:

"Eastern Oregon and Eastern
Washington are geographically one,
and the interests of the East Side are
just as naturally religiously one.
There has been some talk among the
laity about such an arrangement,
and it seems it will be consummated
when the proper time comes."

Souvenir From Globe Trotter.

Robert Nixon, of Fraser's opera
house, has received a postal card
from Sayres, the correspondent of
the Seattle Times, who recently beat
the world's record in encircling the
globe, five days. The card was mail-
ed at Magnagoon, Manchuria, and
reached Pendleton August 24.

WHAT MADE IT SO?

Many people are coming in with
the report that the wheat is better
than they thought, large, plump
and fine. Many people are coming
in with the report that the shoes
sold at the big Boston Store are
better than others and they want
some of them. They are large,
plump and fine. It is a fact we do
pay the manufacturer more for a
shoe to sell at a given price than
others do, and thus we secure
greater value. We sell shoes at a
less expense per dollar's worth
than any other concern in the
city, and therefore we can afford
to handle such lines as the Doug-
las for men, Gloria for women, and
Red School House for children.

Douglas is the largest manufac-
turer of well shoes to sell at \$3,
\$3.50 and \$4 in the world, and we
certainly have a representative
line; one that will astonish you.
The Gloria \$3.50 shoe for women
is the best shoe at this price sold
the American public today. We
find each season an increase of
trade—why is it? Merit that con-
firms buying opinion. Good wear
combined with good looks and
comfort. Oh yes, we must not
overlook the Red S. H. shoes.
They fit the school boys and girls.
We have kinds for each. I believe
you had better get the next pair
at the
