

Ask Your Doctor

He will tell you—
That barley-malt is a half-digested food, as good as food can be.
That hops are an excellent tonic.
That the little alcohol in beer—only 3½ per cent—is an aid to digestion.

But Purity is Essential

But he will tell you that beer must be protected from germs, and brewed in absolute cleanliness.

He'll say, too, that age is important, for age brings perfect fermentation. Without it, beer ferments on the stomach, causing biliousness.

Schlitz beer is brewed with all precautions. It is the recognized standard all the world over, because of its purity.

OREGON AT OGDEN

O. R. & N. WILL HAVE EXHIBITS AT UTAH CONGRESS.

Colonel R. C. Judson, of the Industrial Department, Will Gather Irrigated Farm Products—Growers Will Be Given Due Credit for Exhibits.

The O. R. & N. has assumed the responsibility of providing an exhibit from the state of Oregon at the irrigation convention that is to be held at Ogden, Utah, September 15 to 18, says a Portland paper. The convention is to show the effects of irrigation on arid lands and the products that can be obtained by scientific manipulation of soil that has been considered worthless.

Some time ago General Passenger Agent Burleigh, of the Oregon Short Line, wrote to General Passenger Agent Craig, of the O. R. & N., asking him to interest the producers from arid lands in this state to have an exhibit at the convention.

Mr. Craig carefully went over the situation and decided that the railroad could well afford to spend the time and money in collecting an exhibit such as would do the state good, and show what irrigation is doing in Oregon.

He immediately instructed Colonel Judson of the industrial department of the road to visit the people now interested in irrigation and procure the best possible exhibit to be obtained. This will be sent to Ogden and placed on exhibition there. It will be as an O. R. & N. exhibit, but each producer will be duly credited with whatever he contributes to the collection.

"It is our object to get the best possible exhibit, in order to do justice to the people who are working to reclaim the lands that were once considered worthless," said Mr. Craig this morning. "That is why I placed the matter in the hands of Colonel Judson. He understands the situation thoroughly, because that is a part of his business. He will spend considerable time in getting the best products that can be obtained, and they will be taken to Ogden and placed on exhibition without any expense to the producer.

All we ask is for the people to supply the best products they can in order to make a good showing, and we will give them due credit.

"I believe it will be a great benefit to the state, as it will show what can be produced on the reclaimed lands of this section. The exhibit will be something we need not be ashamed of, for really there are some remarkably fine crops grown on this once worthless Oregon land. I have not heard from Colonel Judson in regard to the exhibit which he has collected, but feel sure he will do everything necessary to make it a success."

The exhibits will include all the products grown on the new land, and will be sent to Ogden in about two weeks, in order to get it in condition for the coming convention.

CAMPBELLS' CIRCUS.

People of The Dalles Well Pleased With Performance.

The Dalles Chronicle says of the Campbell Brothers' shows: "It was a surprise to all that the attendance at the two circus performances yesterday was so good considering the number of people who are out of town. Everybody was agreeably disappointed in the performance as well. Somehow our people had an idea that because Campbell Bros' show isn't as large as Ringlings that it wasn't going to be much of a performance. They were, therefore, surprised both in its size and the nature of the entertainment afforded. While it is advertised as a two ring show, something is constantly going on on the platform, making it equal to three rings, and not a moment lags.

All were particularly impressed with the fact that Campbell Bros. have made a specialty of "quality" and have some of the finest artists in their particular lines a Dalles audience, or any other, ever witnessed. Indeed, few who saw them yesterday have never seen the equal of the Japanese jugglers and acrobats—the Mezuno family, in all numbering 10. It would seem that it is impossible to excel them. The same thing may also be said of the Levan brothers, whose trapeze work was simply wonderful and their flying aerial act fairly awed those who witnessed them."

GREAT BABY PARADE.

Annual Affair at Asbury Park Witnessed by 25,000 Persons.

Asbury Park, N. Y., Aug. 28.—The annual baby parade today, viewed by nearly 25,000 persons, was the greatest parade that has ever taken place at Founder Bradley's summer resort. The beach and board walk were a solid mass of humanity, assembled from all parts of the United States to witness the event.

The starting point was from the Asbury Park auditorium. The route was from this point to Deal lake and return. The pageant was reviewed by Queen Titania, the ruler of Fairyland, and her retinue. Along the line of march there were decorations with the national colors and bunting, and the baby coaches, hincies, floats and fire engines that were in

the parade were also garnished with flags and flowers. The infant light infantry was of a quiet order, and went through the grand parade without a murmur. The parade was divided into a number of sections, each being headed by a marshal and aids. Prizes were awarded for the prettiest babies and for the most grotesque and fancy costumes, some of which won loud plaudits from the thousands of spectators.

LOUISIANA ENDEAVORERS.

Famous Church Auxiliary in Session at Bunkie.

Bunkie, La., Aug. 28.—This place has capitulated to an invasion of enthusiastic young people gathered from every nook and corner of Louisiana, to attend the annual state convention of the Christian Endeavor Society.

A three days' program has been prepared, and in the way of entertainment nothing has been left undone that would conduce to the success of the convention. Reports prepared by the various officers for presentation to the convention show that the society continues to make gratifying headway in the state. Besides routine business the convention will listen to papers and addresses by ministers, church workers and others from Louisiana and from other states.
