WHEAT NEARLY IN

ONE HUNDRED TWENTY THOUSAND BUSHELS.

Farmers Are Independent and Have Succeeded in Bulling the Market for Keeps—Barley Commands One Cent a Pound—Wheat in Ware-houses Being Held for Advance.

Today has been the dullest in the wheat hauling business so far this season, and the Byers mill has not had enough to keep the men warm. At the warehouses it has been the same way, and it seems that the farmers for some reason are taking a lay-off from the hard work of the past few weeks or so.

The fact of the matter is that most of the wheat is already in the mills and the warehouses and the farmers are not hauling for the reason that they have nothing to haul. It is said by the warehouse men that the end of the coming week will see practically all of the grain that will be hauled to the warehouses and the mills in the buildings, and the hauling season at an end. The men of the country have been taking advantage of the good roads since the rain, and have been rushing their grain into the houses as fast as the teams could haul it.

The grain has been coming in so fast that the men at the mills have not had time to keep track of the totals, and do not know how much grain they have received, but they are sure that at least 60,000 sacks have been taken over the scales. Each day has added 3,000 sacks to the piles already in the rooms.

The mills are paying 72 cents for red chaff today, and the price of good bluestem is up to the top notch of 71. But the grain must be good to take that figure. The mill claims that they are paying more for the grain than it is worth, but they have to have it in order to keep the mill running, and so have to pay the price that will get the stuff into their houses. The farmers are independent in the matter and refuse to sell for a less figure, so that the mills are compelled to pay the price that is demanded.

The export dealers are paying 69 cents though for a day or so. During the week the price advanced to 70 cents, but they could not stand the price and have dropped back to the old figure. However, at this quotation they are not taking in a great deal of grain.

The Barley Market.

Barley is up in the air at one cent to the pound, and the farmers are not anxious to sell at this price. However, it is not likely that the quotation will be raised, for there is more of the grain in the country than is generally supposed. For the last two years the price has gone up to one cent and has not gone above, and the men who are buying hope at least that it will not get above. The exporters are out of the barley business for two reasons: one that they cannot afford to pay the price, and the other that there is not enough of the grain in the country to supply the local demand this year, and therefore the local men are gobbling so the grain that the farmers will allow to be sold, which is not much, as they are holding onto their barley tighter than they are to their wheat.

The biggest barley sale of the late season was made this week, when the Byers mill bought of Puri Bowman 14,000 sacks at the price of one cent to the pound.

The Furnish warehouse has shipped out about 2,500 sacks of wheat this week, and the season in the shipping line is dull, the men who have had wheat in the warehouse not wanting to sell at the export price at this time.

HOLD-UP AT UMATILLA.

Old and Deaf and Dumb Man is Robbed of \$10.

Passengers who came in this morning brought information of the robbery of a deaf mute at Umatilla early Tuesday evening. The poor man had been hauling coal for the O. R. & N. Company and had just received his pay. As he was passing through the yards he was attacked by two men. One of the thugs grabbed him by the throat and threw him

to the ground, while the other man went through his pockets.

Although he could not speak, it was learned from his signs that he had lost about \$10, and that the men after they had committed the robbery made their escape in the sage brush. Later in the evening two men were arrested, but the old man could not identify them. When they were brought before him he shook his head, while the tears ran down his cheeks. The money which was taken from him was all he had. He has no relatives here and his name is not known. He came to Umatilla some time ago.

SUIT FOR DAMAGES.

Insurance Company Seeks to Recover From the O. R. & N.

A suit has been filed by the North-west Fire Insurance Company, through their attorneys, Balleray & McCourt, against the Oregon Railway & Navigation Company. The plaintiff alleges that on March 30, 1902, Nick Taltenger had 8,432 bushels of wheat, worth 70 cents a bushel, or \$5,902.40 in total, in the warehouse at Cayuse Station. On the day stated the warehouse was set on fire from the sparks emitted from the engines of the railroad company and the wheat was damaged to the extent of \$3,709.

This amount the insurance company paid to the owner of the wheat, and now the insurance company seeks to recover on the amount of the insurance. The plaintiff asks for the amount of the insurance, \$3,709, with interest at 6 per cent from the date of the filing of the suit, and the costs and disbursements of the action.

AT SHIELDS' PARK.

Excellent Program Promised Tonight—Amateur Numbers and Changed Professional Bill.

"The Irish Panorama" will be recited at Shields' Park tonight, by special request, by Miss Agnes Dunbar, who will lead the amateur numbers on the program. Miss Dunbar has an enviable reputation as an elocutionist, and this number promises to be a genuine treat. Other good selections have been made by Manager Nelson and the bill will be highly entertaining tonight.

The professional bill will be changed as usual. The large crowds which have filled the park each night this week, testify to the merit of the program, and the added interest of the amateur numbers will be special features for this evening.

The prizes to the grand drawing, next Saturday night, are still being given out with each admission, and as the prizes are especially attractive this week, the number of tickets is correspondingly large. The prizes may be seen in Rader's window. Tickets are still on sale at Brock & McComas' drug store.

JOHN KING IN HOSPITAL.

Underwent a Severe Operation This Afternoon—Condition is Critical.

John King, of Helix, is at the hospital, where this afternoon he underwent an operation for bladder trouble. Mr. King is an old soldier of the civil war and was one of the delegates to the national encampment of the Grand Army that met in San Francisco last month.

While in that city Mr. King took cold, and this aggravated the ailment from which he had been a sufferer for several years. He came home not long ago and grew worse, and yesterday it was deemed best to bring him to the hospital for treatment. Owing to the age and general condition of the patient, the case is very critical, and grave fears are entertained for his recovery.

Returned From Alaska.

After an absence of three weeks, W. F. Matlock has returned to his home in this city from a trip to Skagway, where he went in the interest of property that he owns in that part of the country. When he left, Mr. Matlock said he would be back in Pendleton in three weeks, and yesterday was the limit. He reached the city this morning.

Returned to Spokane.

Miss Eleanor MacInley returned to her home at Spokane this morning, after a short visit with her sister, Mrs. W. G. Cole, of this city. Miss MacInley is one of the principals of the Spokane schools, and has been visiting in Denver during the summer and is just now on her way home.

Attention Eagles.

Beginning with September 4, Pendleton Aerie No. 28, F. O. E., will meet the first and third Fridays of the month in Hendricks' hall. All Eagles are requested to attend.

J. T. HINKLE, Worthy President.

ROY W. RITNER, Worthy Secretary.

Marriage License Issued.

A marriage license was issued late yesterday afternoon to John L. Blackburn and Miss Nettie Howe. Both of the parties are residents of this county.

IN CIRCUIT COURT

TWO LARCENY CASES WERE CALLED THIS MORNING.

Richard Ryan Again in Court, This Time Charged With Theft—District Attorney Recommends That Two Boys Be Sent to the Reform School.

An information was filed in the circuit court this afternoon against Richard Ryan, charging him with the larceny of \$6.50 in a purse, from the person of a man named Thome not long ago. Ryan is the notorious character who has given the police so much trouble in the weeks past in fighting and drinking. He was sentenced not long ago to a long term in the city jail for knocking a man down in a saloon in the city. He has served four or five jail sentences in the last three months and will this time be put out of the way, where he will harm no one for some time to come.

May Be Sent to Reform School.

The district attorney also appeared before the court this afternoon, and recommended that Dell McGinnis and Grover Hoskins be sent to the reform school at Salem. Hoskins is the man who took the money and watch from the Rigby residence near the city, and the other lad is one who entered a house in Milton and took quite a sum of money. They have both been in the jail for almost a month.

COUNTY COURT.

Audits Bills and Disposes of Question of Dividing District 27.

The county court was in session this morning and went through the regular routine of auditing the bills of the county for the month just ended.

Yesterday afternoon all of the testimony was heard in the case of the petition for the division of school district No. 27, and on the motion of the defense the case was dismissed and the petition denied. This is the end of the matter, as it has been taken before the circuit court on appeal when the court below ordered that the district be divided and the higher tribunal ordered that the case be remanded for trial.

In case the scheme to consolidate the districts around Pendleton into one carries, it will not be necessary

NOT GOOD, NOT HERE

They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolutely clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed hogs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.
