GOOD SHOES CHEAP.

EXTENSIVE WHEAT RAISER.

Expects to Make as Much This Year as Last Off a Smaller Crop.

Mr. and Mrs. Ed Malstrom left this morning for Portland, where they will visit for a couple of weeks. Mr. Malstrom is one of the wheat men of the county, and lives about six miles north of the city. He farms land on the reservation, as well as that on the home ranch, and is happy in the high prices of this year.

Last year he raised on one piece of ground 6,000 sacks of wheat, and this year the same ground yielded 4,000 bushels; but the first time he sold his wheat for \$1 a sack, and this year it brought close to \$1.50 for a sack. In this way he will make as much as he did last year. He has sold some of his wheat for 70 1/2 cents and some for 72, but is holding the most of his crop for 75 cents. If he gets this price he will more than make a profit over the crop of last year. What wheat he had was of the best quality and brought the best price, and taken all around it was as good, if not better than last year.

RETURNED FROM THE SOUND.

Joe Basier and Family Had a Fine Time and Give an Interesting Account.

Mr. and Mrs. Joe Basier and family have returned from a visit at Tacoma, Seattle and Fox Island, near Stellacoom. Mr. Basier had a fine time fishing on the island, and thinks that it is the finest place he has seen for a long time.

It was no trick at all to go out

NOT GOOD, NOT HERE

They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolutely clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed hogs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.

in the morning and get fish enough for a meal in a few minutes. And besides, that, the fertility of the island was a source of wonder. One man there had four and a half acres of tomatoes, and from that patch of ground has cleared \$1,000. On one vine alone there was over 100 tomatoes by actual count. The plums that are grown on the island are as big as well-developed hen eggs, and the apples are five inches in diameter.

Mr. Basier brought back with him several mementoes of the trip, one a fine cane, a present to him from a friend. He also yielded to the pleadings of the children and bought a German Spitz dog that is a beauty. Its hair is as long and white as that of an Angora goat.

TWO CASES FORGERY

TWO ISOLATED CASES OCCURRED YESTERDAY.

The Last Chance Saloon Pays Out \$38 for a Worthless Piece of Paper, to a Stranger—Another Man Tries to Work Lee Teutsch for a Suit of Clothes by the Same Scheme.

Yesterday afternoon after banking hours a stranger came into the store of Lee Teutsch and asked to be shown a number of articles of clothing. The clerk sold a suit of clothes and some other articles to the man, in return for which he handed over a check drawn in favor of John Elliott and signed by Dave Cargen. As there is no man in this part of the country who has that name, Mr. Teutsch became suspicious and took the check over to the bank. Mr. Morris of the Savings Bank declared the check to be a forgery, and the man who had been detained in the store was put under arrest.

It is supposed that the name intended was that of Dave Cargyle. The check was for \$35.75. The man is a stranger in the city, having been here but a day or two. As his guilt is unquestioned, it is very likely that he will not have a chance to pass another forged paper for some time to come.

AT SHIELDS' PARK.

Over 800 People Visited This Popular Resort Last Night, and Were Well Repaid.

Pendleton paid the highest compliment to the character of the attractions at Shields' Park, last night, in giving it the largest attendance it has enjoyed since it was established here. Over 800 people crowded into the park last night, and many of them were compelled to stand in the aisle, on account of the seating capacity being filled early in the evening. The popularity of this attraction grows steadily as the season advances, and the people come to understand that they can see attractions here at a very low price which cost all the way from 75 cents to one dollar in the large cities.

Traveling Correspondent in Town.

R. E. Holcomb, western correspondent and solicitor for the American Shepherd's Bulletin, the well known sheep journal, of Boston, is in the city for a few days, on business connected with his excellent publication. Mr. Holcomb is located, when at headquarters, at No. 11 Exchange Avenue, Union Stock Yards, Chicago, but is constantly on the road in the interest of the Bulletin. The Shepherd's Bulletin is one of the best livestock publications that comes to this office, and Mr. Holcomb is a genial and practical man. His territory includes all the states and territories west of Chicago. He is interviewing the Umatilla county sheepmen while in the city.

Noble-Adams.

At 8:30 last evening, at the residence of Mr. and Mrs. A. B. Noble, the wedding of Miss Emma A. Noble and Walter Adams, of this city, was solemnized by Rev. Jonathan Edwards, of the Congregational church. The wedding was a very quiet affair, only a few of the very intimate friends of the principals being in attendance. Both of the parties are well known in the city, the groom being the agent of the W. & C. R. at this place. Mr. and Mrs. Adams will be at home to their many friends at the home of the groom at the corner of Bluff and Cottonwood, where they will reside in the future.

Notice to Patrons.

Having rented the retail department of my butcher business to Mr. A. D. Augustavo, an experienced butcher of Walla Walla, I myself will conduct the wholesale part of said business, and all persons knowing themselves indebted to me will please call at the market and settle their accounts. Mr. Augustavo also desires to announce that the business will be conducted as it has been, and all patrons of the market will receive the same courteous treatment as heretofore.

**PERRY HOUSER,
A. D. AUGUSTAVO.**

And Still Another.

The city seems to be the home of the forger at this season of the year, for yesterday there were two attempts at the game. Last night a man giving the name of Alden, went into the Last Chance saloon and presented a check for \$38, which the bartender cashed. The check was drawn in favor of Thomas Alden and was purported to be signed by Dave Elliott. As there was no man by that name in the city the check was put in the hands of the sheriff, and the man was arrested late in the night back of Mike Grant's saloon. He had a little of the money left when he was taken by the sheriff. When taken to the jail the man gave his name as Anderson. He is now locked up awaiting the action of the prosecuting attorney.

The man is a stranger in the city and was a companion of the one who passed the check at the store of Lee Teutsch yesterday afternoon.

NEW BOILER HOUSE.

Hotel Pendleton is Putting in Extensive Improvements.

Workmen are busy at the rear of the Hotel Pendleton making the excavation for the new boiler house, where the big boiler for the steam heating plant will be installed. The new house will be 20x30 feet in size, and the floor will be eight feet below the surface of the ground.

Today several men are kept busy pumping the water from the excavation as the men in it work out the gravel. The big pumps are kept busy and even then it is hard to keep the water down. The whole inside of the house will be made of concrete, and will be made with the intention of keeping the water out of the building. The boiler is the largest in the city, and was got of such a size that it can be utilized for the heating of the whole block, and later of the Matlock building. The work will be finished by the 29th of this month, and the plant will then be ready to be tested.

SUITS BEGUN.

Action for Divorce and Another on a Store Account.

John W. Endicott has filed suit against Ida M. Endicott for divorce. He alleges in the complaint that his wife has deserted him and will not live with him. Carter & Raley are the attorneys for the plaintiff.

A suit at law was filed in the office of the county clerk this morning by the Standard Grocery vs. P. O. Elliott. The plaintiff alleges that during the time between May 25, 1902 and September 1, 1903, the defendant bought goods to the amount of \$35.85, which he refused to pay for. The company asks for the recovery of the amount of the indebtedness and the costs of the action. J. T. Hinkle is the attorney for the plaintiff.

AFTER CATTLE RUSTLERS.

Burnt River Stockmen Offer \$500 Reward for Thieves.

Cattle rustlers will have to be close to their job if they expect to escape detection and conviction, says the Baker City Democrat.

The Upper Burnt River Stock Association, of which organization F. Butts is president and William Fleetwood is secretary, announces that a reward of \$500 will be paid by the association for the arrest and conviction of any person or persons found butchering, stealing or in any way molesting any cattle or horses bearing the brands of members of the association.

Sugar Factory at Wardner.

M. L. Causey, of La Grande, was in the city for a short time yesterday, the guest of Pendleton friends. Mr. Causey is on his way to Wardner, Idaho, where it is his intention to establish a sugar beet factory if he can secure acreage sufficient to support it. Mr. Causey is connected

with the factory in La Grande, and the new proposition in Wardner is to be run partly in connection with the old plant.

SCHOOL CONSOLIDATION.

An Election Will Be Called to Give Everybody a Chance to Go on Record.

The matter of the consolidation of the school districts around this city with the Pendleton district is still in embryo, but is being discussed on all sides, and as soon as the directors of the various districts are able to find time, a meeting will be called and the matter will be opened.

It is known that a great many of the men in the country sections are in favor of the scheme, and it is thought that the arrangement will be consummated without any trouble. Of course it will be necessary for an election to be called that the people of the country affected will be given a chance to express their wishes in the matter, but it is thought at this time that there will be no trouble when the time comes, and that by the end of the coming school year at least, the Pendleton schools will supplant the little red schoolhouse of the crossroads, and all of the territory around the city for several miles will be in one big district.

Will Teach at Echo.

Miss Francis Duncan returned to Echo this morning after a visit in the city with Miss Lavelle Moorhouse. Miss Duncan and Miss Moorhouse will teach the Echo school this winter. Miss Duncan was elected to a position in the schools of this city, but did not take the position on account of the low salary.

Return to Eugene.

Roscoe Bryson will leave this evening for Eugene, where he will make his future home. Mrs. Bryson has been in that city for some time, and it is the intention of Mr. Bryson to go into business there. He was formerly of that city, where he attended the State University.

The Columbia Island Case.

Walter Pierce has returned from San Francisco, where he has been for some time attending the trial of the Columbia Island case. Both Mr. Stillman and Mr. Pierce were engaged in the conduct of the case, and have hopes that they will win their side of the contention.

To Walla Walla.

J. M. Bentley accompanied by his nephew, I. S. Bentley, of Modesto, Cal. left this morning for Walla Walla for a visit of a couple of days with relatives and friends there. This is the first visit of the California man this far north, and Mr. Bentley is showing him the country.

Miss Chaddock Recovering.

Miss Chaddock, who had a kindergarten school in this city last year, is in one of the Portland hospitals, where she underwent a surgical operation not long ago. Her many friends in the city will be pleased to learn that she is convalescent from the operations and will soon be once more in good health.

Thirty Years of Housekeeping

In my experience of over 30 years of housekeeping I have used many kinds of soap, but Lifebuoy is the king of all. I have used it for the past four years and would not be without it for any price. Throughout the house I used nothing else but Lifebuoy. I also find that for toilet and bath it cannot be excelled. Lifebuoy Soap is surely worth its weight in gold.
