**VEGETABLE COMPOUND**

**School Girls**

Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered. Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe. Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

**A Young Chicago Girl "Studied Too Hard."**

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. — LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

**"Miss Pratt Unable to Attend School."**

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months. I recommend it to all young women who suffer from female weakness. — MISS ALMA PRATT, Holly, Mich."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life. **\$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. **IRRIGATED CROPS**

OVER \$3,000 IN PRIZES OFFERED FOR PRODUCTS.

Four Staple Crops of the West to Compete for Prizes at Ogden Irrigation Congress—Barley, Hops, Fruit and Sugar Beets to Enter Contest.

The farmers of Oregon are in a position to carry off several valuable prizes from the irrigation congress, which is to meet in Ogden on September 15. Senator W. A. Clark, of Montana has offered a prize of \$500 for the best general collection of fruits, and Havemeyer, of the American Sugar Company, a similar prize for the best exhibit of sugar beets. The Pabst Brewing Company, of Milwaukee, offers a prize of \$500 for the best barley exhibit, and the Anheuser-Busch Company a like amount for the best exhibit of hops.

All these prizes should come to Oregon, if the right kind of energy is displayed in collecting the exhibits from this state. Every one of these products are grown to perfection in this state. The Willamette valley is entitled to the hop prize, without any doubt, but will she bring it home? No other country in the West can produce the article grown in that magnificent region. It is the natural home of this plant, and no other district on the entire Pacific coast can come anywhere near her in this respect. Umatilla county could capture the fruit and barley prizes without a struggle, if they were gathered up and shipped to Ogden and entered in the contest. The Milton orchards are entitled to this premium. The quality of irrigated fruit grown in that district cannot be surpassed in the arid region. It should stimulate the orchardists of this county to collect a magnificent exhibit, to send to this congress.

Grand Ronde valley can bring home the sugar beet prize, if she goes after it. The Utah valleys cannot excel the plants grown under the shadow of Mt. Emily, but will the Grande Ronde people muster up the courage to compete for these valuable prizes?

This congress is to be a national affair, and the winning of even one of these prizes would advertise the winner to all points of the country, and would be a splendid stimulant for Oregon immigration. The task of collecting and shipping these exhibits is so insignificant, that it should not stand in the way of such a triumph. The products are here. The quality of the Oregon fruits, grains and vegetables cannot be surpassed. None of the states can carry off more prizes than Oregon. Her rich soil and congenial climate render her the most natural candidate for all these honors. It is now time to be getting the exhibition ready.

**Salmon Will Be Scarce.**

Portland, Ore., Sept. 4.—Revised figures based on nearly definite reports from all Pacific coast districts, including Alaska, show that the salmon pack of this year will be 1,000,000 cases smaller than that of last year, and 1,750,000 cases smaller than the pack of the previous year. A general advance in prices appears to be inevitable.

There is no beverage more healthful than the right kind of beer. Barley malt and hops—a food and a tonic. Only 3 1/2 per cent of alcohol—just enough to aid digestion. But get the right beer, for some beer is not healthful. Schlitz is the pure beer, the clean beer, the filtered and sterilized beer. No bacilli in it—nothing but health. And Schlitz is the aged beer that never causes biliousness. Call for the Brewery Bottling. The Beer that made Milwaukee famous. Phone 51 Main, H. Kopitke, 507 Main St., Pendleton.

**YOU MAY BE CURED**  
544 Garfield Avenue, Chicago, Ill., October 9, 1902. After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for hemorrhoids resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.
