NEW OREGON ROAD

WILL REACH FROM COOS BAY TO SALT LAKE.

Major Kinney Has Secured Capital and Will Begin Operations Immediately—Will Open Up Southern Oregon to Settlement—Thirty Miles Now Built.

The construction of the Coos Bay, Roseburg & Salt Lake railroad west from Marshfield to Empire, at the entrance of Coos Bay and from Myrtle Point east to Roseburg, and thence to Salt Lake is to go ahead, Major Kinney, the projector, having just returned from New York to Coos Bay with the announcement that he has raised the capital needed for the purpose, says the Salem Journal. Surveys have been made all the way through, the plan being to connect with the Gould system at Salt Lake. The road is now built from Myrtle Point to Marshfield, a distance of 30 miles, and about 150 men are employed on the extension from Marshfield to Empire, where vessels unloading 20 feet of water can enter at half tide. The next section is 60 miles from Myrtle Point to Roseburg which follows up the Coquille river for some distance then goes through the Coast Range to Roseburg. From that city the line runs up the north fork of the Umpqua river, crossing the Cascade range north of Crater Lake, and extends through Lake, Harney and Malheur counties into the southwestern corner of Idaho, whence it passes around the end of Salt Lake to Salt Lake City. There it will connect with the Rio Grande Western, the most westerly of the Gould lines.

West of the Cascades this line will tap one of the finest belts of timber in Oregon, including the only belt of white cedar on the coast, which lies on Coos Bay. This timber is more valuable than sugar or yellow pine, being used for finish, sash and doors. The road will find a good lumber trade already developed on Coos Bay, for there are mills there which ship to Australia, South America and Honolulu. In the vicinity of Roseburg it will have a fine farming and fruit country, and it will again run into heavy timber when it enters the Cascades. In Southeastern Oregon the road will be dependent on stock traffic, but when completed through to Salt Lake it will have a large through traffic in lumber and fruit to the East. Eastern Oregon being chiefly level open country, this part of the line will be cheap to build.

This road will probably be the beginning of the opening of Southwestern Oregon. A road down the coast to the California line and north to Alsea Bay will gather in the lumber, fish, wool and dairy products of the whole coast strip and bring in to market in Portland and the East. This is one of the rich sections of the state, the development of which has been retarded by lack of communication with the rest of the world. Once connected by rail, it would experience rapid settlement and development.

Eleventh Annual Convention Pacific Coast Association of Fire Chiefs, Olympia, Wash., Sept. 22-25, 1903. For the above occasion a rate of one and one-third fare is authorized to Portland and return, and to Seattle and return under the following conditions: Delegates or their families will purchase on any three days prior to September 8, regular one-way tickets to Portland, taking receipt for same, which, on presentation to agent, Union Depot, Portland, together with certificate properly signed by H. W. Bringham, secretary of meeting, will entitle the passenger to return ticket from Portland to starting point at one-third fare, provided same is presented on or before September 27, 1903. For further particulars, call on or address F. F. Wamsley, agent O. R. & N. Co.

Notice to Patrons. Having rented the retail department of my butcher business to Mr. A. D. Augustavo, an experienced butcher of Walla Walla, I myself will conduct the wholesale part of said business, and all persons knowing themselves indebted to me will please call at the market and settle their accounts. Mr. Augustavo also desires to announce that the business will be conducted as it has been, and all patrons of the market will receive the same courteous treatment as heretofore.

PERRY HOUSER, A. D. AUGUSTAVO.

Notice. The partnership heretofore existing between John W. Crow and Claud D. Crow, in the farming and stock business has been dissolved by mutual consent of the partners; John W. Crow assumes the payment of debts owing to the partnership, and will collect all debts owing to it. August 26th, 1903.

QUEEN VICTORIA'S HAIR.

its Great Profusion Was Always a Cause of Wonder.

Even at the age of 80 years, Queen Victoria's hair was a marvel of luxuriance. The court physician, following Prof. Unna's discovery, undoubtedly, treated her Majesty's scalp with a germ destroying preparation, that was not made public. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Newbro's Herpicide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff, hair will grow profusely, and falling hair will be stopped. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

Wife Not Worth the Fee.

About the cheapest guy that has visited The Dalles for a long time was a man from Baker county who claimed a Wasco county girl for his bride Wednesday. After the ceremony was performed he neglected to say anything about paying the officiating justice of the peace. Yesterday Justice Schutz called upon the newly-made benedict and demanded his fee of \$5, which the Baker man insisted was extortion, and offered to settle for \$1, but was finally convinced that it would be better to pay \$5 than to be sued, and he paid.—Times Mountaineer.

Handbook of Accidents.

Under the general designation of "accidents" every physical affliction which is not the outgrowth of disease may be classed. All of them, from a simple nervous shock to a compound fracture of the bones, including drowning, suffocation, etc., have their proper treatment fully described in "Accidents," one of the series of medical handbooks being used by The Mutual Life Insurance Company of New York. The book will be sent on request to any who address the Home Office of the company, New York City.

Keen Competition.

There will be keen competition between the different counties in this state, making county exhibits at the state fair this fall. There will be no less than eight counties competing for the different prizes, which will make the greatest show of agricultural and horticultural products ever seen in this state. Most of these exhibits will be taken to St. Louis in 1904 to advertise Oregon's resources, and we predict that Oregon will have the finest display she has ever made at any exposition.

Woolen Mills for Boise.

H. D. Wagoner, of Eugene, Or., is in the city looking up the matter of locating a woolen mill in Boise, says the Capital News. He is in consultation with President Wilson, of the Chamber of Commerce, to whom he is explaining his intentions and what he desires to do.

Two Secrets of Success

The success of The Mutual Life Insurance Company of New York is due:

First—To its selection of risks:

It writes no insurance in unhealthy regions or on vicious or sub-standard lives.

Second—To the investment of its funds:

Send for "A Banker's Will," which tells how the greatest accumulation of trust funds in the world is invested.

Good health and good investments will go a long way toward making anyone rich.

This Company ranks First—In Assets. First—In Amount Paid Policy-holders. First—In Age.
