THRICE-A-WEEK WORLD.

Paper That is Read Wherever the English Language is Spoken.

The Thrice-a-Week World was a brilliant success in the beginning, and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1904, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democratic and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Weekly East Oregonian together one year, for \$2.25. The regular subscription price of the two papers is \$2.50.

The Merchants' Cafe.

Keeps constantly on hand imported Heberwarst, Frankforters, Hamburg eels, crawfish, crabs, oysters, all kinds of cheese. Hot merchants' lunch daily from 11:30 a. m. to 2 p. m.

Toilet Daintiness

Who is it that does not appreciate a sweet, delicate odor, especially of the dainty, lasting kind? We have the largest line of imported and domestic perfumes in Eastern Oregon. A few of our leading imported odors are: Azorea, La Trefie, Peau d'Espagne, Violette de Parme, Indian Hay. And many more of the same quality in bulk as well as in fancy packages.

COUNCIL MEETING

NEW HOSE, TORCHES AND GONGS ORDERED BOUGHT.

Use of Fire Engine Asked for Private Purposes—Levee Will Be Cleared of Refuse—No License Will Be Charged the Arnold Carnival Company.

The council met last evening, but there was not much business outside of the granting of permission to the business men of the city to hold the carnival in the streets, that was done.

A communication was received from the fire chief recommending to the council the purchase of 1,100 feet of new fire hose, seven gongs to be put on the hose cars in order that the people will not be run down by the swiftly moving vehicles when they are speeding to a fire, and one dozen torches for the use of the department when it is dark. After consideration, the recorder was instructed to advertise for bids for the material which will be opened on the first Tuesday of October.

George Sutherland asked the permission of the city to use the fire engine in the construction of the boiler house at the Pendleton Hotel. In making the excavation the water from the river flows in faster than it can be pumped out by hand and the company going the work asked for the use of the engine. The matter was left to the discretion of the fire chief.

The recorder was instructed to order the street commissioner to clear away the refuse that has collected along the levee before the rains of the winter have raised the water. This is done each year that the debris of the summer will jam along the levee and cause it to break.

The last and the principal event of the evening was the appearance before the council of a committee of the business men of the city asking that permission be granted them to enter into a contract with the Arnold shows for holding a carnival here on the streets for five days commencing the 14th of the coming month. The details of the contract were shown in the city and permission was granted.

In this case, at the request of the committee, the license was required and the show will be allowed to come into the city free of duty. The show company was granted the use of the intersections of Main and Court streets, subject to the approval of the street committee and the superintendent of streets. The meeting then adjourned.

ICE TO WALLA WALLA.

Ross Ice and Cold Storage Company Shipping Out a Carload a Day.

The Ross Ice & Cold Storage Company is now shipping about a car of ice a day to Walla Walla, during the fruit season. The plant is running at full capacity and this demand for the product at Walla Walla, in addition to the home trade, is keeping the force busy.

Since the supply which the O. R. & N. had stored for the purpose of filling the refrigerator fruit cars is exhausted, the Ross ice people are furnishing the company with about 12,000 pounds per day for the cars ordered for the Milton fruit crop.

The O. R. & N. company has sufficient on hand to supply all the passenger and dining cars, but the supply for refrigerator cars was exhausted several days ago. The Milton fruit rush will continue for several weeks yet, and the ice plant will enjoy a brisk demand outside of the city for its product.

AT SHIELDS' PARK.

Manager Nelson Fills in the Vacancy Caused by the Absence of the Thompson Sisters.

The Shields' Park program did not suffer any last night by the accident to the train which prevented the Thompson sisters from arriving. Manager Nelson himself, an old actor, recited a poem which was received with hearty applause, and thus rendered the program more than complete.

Caston and Harvey, the comic opera artists and scarecrow shadow dancers, were at their best and gave an excellent performance. John Co-

burn, the black face banjo artist, whose troupe of trained pigeons is a novelty in the vaudeville line, was a favorite and his songs and jokes elicited rounds of applause.

Ed Lowell, in the illustrated song, was well received and the moving pictures were new and refreshing. It is one of the very best programs that has been presented and with the long looked for Thompson sisters, will be complete tonight. Tomorrow night will bring out some excellent amateur numbers. Prize drawing again next Saturday night.

SEARCHING FOR HER SON.

The Mother of Edward Antone Has Arrived From California.

Mrs. Johanna Moe, of Long Beach, Cal., is at the Hotel Pendleton and is here in search of the remains of her son who came to this county some time ago and died here.

Two years ago last July Mrs. Moe and her son, Edward Antone, a young man of 19, lived in Portland. Mrs. Moe decided to move to Long Beach and Edward was to come to this part of the country and work during the summer, when he also would go to California and make his home with his mother. He came here and once or twice his mother heard from him. The last letter that was received told of the illness of the boy, and said that as soon as he was well he would go to work in the harvest field. That was the last ever heard of the lad, and repeated inquiries of the postoffice here elicited no information, the letters never being answered.

It was known that the boy worked with a harvest crew in this county, but where he died or where he was buried cannot be learned by the mother. It is thought that he was in the neighborhood of Athens or Hills, but of this nothing definite is known.

Mrs. Moe will be in the city for some little time, and will be grateful for any information that would lead to the location of the grave of her son. She has placed her case in the hands of M. A. Rader, and any information on the subject can be given to him.

Edward Antone Moe was a young man of good habits and was well liked by all who knew him in Portland. He was for a long time a clerk in a store by Sellwood, and for a year was a bookkeeper in a Portland lumber shop. When he died he is supposed to have had with him something like \$250 which has never been accounted for.

Cattle to Seattle.

Mr. Frazier, the buyer for the Union Meat Company, of Portland, will ship over the O. R. & N. tomorrow 15 cars of cattle for the coast market. The cattle are being brought in by Joe Gombis, and were gathered in the Joint Day and Bear valley countries. They are all young cattle and are in fine fix for the market. They will be loaded at this place and shipped to the Portland market.

Returned to Portland.

J. W. Morrow and A. E. Watt, of the O. R. & N., returned to Portland this morning, after having spent the day the guests of the county court. The case of the tax reduction for the company will be brought before the court on the 23d of this month, when that body meets in adjourned session.

Guest of Mrs. Fred Lockley.

Miss Ethel Rigdon, of Salem, is the guest of Mrs. Fred Lockley for a few days. Miss Rigdon has been for several years one of the teachers in the East School, the principal one of the public schools of the capital city, and is now on her way to Baker City, where she has accepted a position in the public schools of that city.

Operation for Appendicitis.

Dr. N. Molitor, of La Grande, left this morning for Spokane, after a short visit here with Dr. C. J. Smith. The latter gentleman operated on Mrs. Molitor for appendicitis not long ago and the many friends of the lady will be pleased to learn that she recovered from the shock of the operation and is now on the road to recovery.

Guests of the Hawleys.

Mr. and Mrs. Monroe Mulkey, of Monmouth, were in the city yesterday the guests of Messrs. W. H. and Luke Hawley, who are relatives of theirs. They left this morning for Washington cities, where they visit for some time before returning to their home in the valley.

Farm Sold.

Isaac L. Mitchell, of Walla Walla, has sold to D. A. Pinkerton, of Athena, for \$8,000, the southeast quarter of section 11, in township 4, north of range 31 east, containing 160 acres of land near the town of Athena.

Death of a Child.

Yesterday afternoon Melina, the infant daughter of Mr. and Mrs. Clifford Dupuis died at the family home, and 10 weeks and 2 days. The funeral was held this afternoon at the residence, the services being conducted by Rev. R. W. King.

Carload of Hops.

J. C. Legermann will ship out a carload of hops to the Seattle market this evening over the W. & C. R. The stock was bought of Rizer Brothers and McElroy, and is in good condition for the market.

SCHOOL BOARD MET

WILL NOT PURCHASE POOR FARM PROPERTY.

Possibility of a Primary Grade in High School Building—Depends on Number of Small Children South O. R. & N.—City Schools Will Open Next Monday.

The school board held a meeting last night, and besides the refusal of the land offered them by the county court for the site of a school building, nothing of importance was done. In the opinion of the board this tract of land was held too high for the purpose of the school and it was decided not to take it.

The board is at this time making a canvass of the children on the south side of the railroad track, in order to determine whether or not there is a sufficient number of small children in that part of the city to justify the institution of a primary department in the big building on the hill, and if there can be found 20 primary children the room will be added to those already there.

In passing from one side of the track to the other the children are continually menaced by the trains and switch engines of the O. R. & N., and while nothing has resulted from the danger, there is a chance that some of the little ones might become careless and meet their death on the tracks. This fact is a continual source of worry to the parents and from it has resulted the call for the added room in the high school building. Whether or not it will be added depends entirely on the number of children in the district south of the tracks.

The schools are now ready for the opening day, and the teachers are beginning to return from their vacations and the new ones to come to the city. On Monday next the bells will ring for the opening sessions of the nine months' term.

Returned to Los Angeles

Miss Genevieve Downey, of Los Angeles, who has been the guest of her aunt Mrs. J. A. Borrie, for several weeks, left this morning for her home.

HOSTETTERS' BITTERS
Sick Headache, Flatulency, Belching, Loss of Appetite, Indigestion, Dyspepsia and Constipation
are all caused by the stomach being clogged with indigestible food. Strengthen it with the Bitters and it will do its duty. It never fails. Be sure to try it.

Suits to Your Measure

To be smart, stylish and shape-retaining, clothes must be made to order and to the measurements of the man who is to wear them. Even the best ready-made clothes never fit properly, and quickly lose their shape and become baggy. If you want to get away from the ready-made habit, let us make your next suit. We guarantee a fit.

SULLIVAN & BOND

Near St. George Hotel

ANY TIME IS A GOOD TIME

Now is the accepted time to have your house painted or papered. A little painting here and there will help its looks wonderfully. Some nice, bright, new wall paper will lend a freshness to any room. Our stock of wall paper was never more complete—pattern in endless variety and every one new and up-to-date in color design. Better come in and let us show them to you and tell you what it will cost for your whole house or one room.

E. J. Murphy,

111 Court Street.

home. Miss Downey was called home before her visit was quite ended by a change in the residence of her parents, who will remove from Los Angeles to Long Beach, a resort on the coast near that city.

TWO TRAINS LATE.

Accidents Delay Both Spokane and Portland O. R. & N. Trains Due Here Last Evening.

Owing to a wrecked freight train, near La Cross, No. 7, the Spokane train due here at 5:45 yesterday evening did not arrive until after 9 o'clock, and No. 2, from Portland, due here at 5:40, did not arrive until 11:30 p. m., having been delayed at Horse Shoe curve, three miles west of Barnhart, by a bursted flue in engine 401.

Conductor Allison, of No. 2, came to this city on a hand car and notified the dispatcher of the accident, and the helper which was lying at Bingham Springs waiting to help the train up the mountain, was run to this city, turned around, and sent after the crippled train. Engine 401 is here in charge of Foreman F. P. Rounds, where it will be repaired.

Used For Past Two Years

It is with pleasure I recommend your Lifebuoy Soap for all household uses where a good disinfectant and cleaner is needed. In my opinion it goes no equal, and have used it for the past two years.—Elizabeth Tomlinson, 3217 Mt. Vernon St., Philadelphia.

A SUPERIOR DISINFECTANT

I find Lifebuoy Soap equal to all you claim for it, and cheerfully recommend it as a superior disinfectant for all household purposes. It is especially good in cases of sickness from contagious diseases.—H. P. Childs, Druggist, Cor. Ferry and Belmont Sts., Malden, Mass.

NOT GOOD, NOT HERE

They Lead the Procession

The popularity of Swift's products among all classes is very largely due to the absolute clean and hygienic conditions under which each carcass is dressed, and the meat and the food products prepared and inspected. This is particularly true of Swift's Premium Ham and Bacon. From the sleek, corn-fed pigs in the pens, the carefully selected hams and bacon in the smokehouse, the final expert inspection by the U. S. government, and, lastly, the dainty wrapping in parchment paper, each step in the evolution of these nutritious and appetizing products is a guarantee that they will always please.
