

Why Pay as Much

for an inferior beer?

Schlitz beer costs twice what common beer costs in the brewing. One-half pays for the product; the other half for its purity.

One-half is spent in cleanliness, in filtering even the air that touches it, in filtering the beer, in sterilizing every bottle. And it pays the cost of aging the beer for months before we deliver it.

If you ask for Schlitz you get purity and age, you pay no more than beer costs without them.

Radium for Blindness.

The reported successful treatment of a little blind girl in New York with radium, used in conjunction with the X-ray, calls attention anew to the wonders of science. The experiment was successful in so far as it made it possible for the totally blind eyes of the child to see sparks of light, to distinguish are lights on the street and large objects, such as street cars in passing. The treatment is to be continued. That such wonders can be worked with forces that we knew nothing of a few years ago, even a silent in awe of greater wonders to come mayhap, of which we are yet in ignorance. BEARING DOWN PAINS

3547 Indiana Avenue,
Chicago, Ill., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around at all, do my work I would not try patent medicines as I had no faith in them. About eight months ago I had to take to my bed, suffering with tenderness of the uterus, with bearing down pains and intense pains in the back. My aunt who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I have since used occasionally, of Wine of Cardui, and am kept in perfect health.
