## A FURNITURE WAR

HOTEL MEN WANT TO BUY  
ON WHOLESALE BASIS.

Retail Dealers Butt in and Are Endeavoring to Force Up Quotations to Those Customers — Manufacturers Look on the Inn Men as a Class by Themselves.

New York, Sept. 11.—Furniture purchases by hotel men are threatening the peace of the furniture trade of the United States. It has been the custom of furniture manufacturers to treat with purchasers for hotels on the basis of wholesale buyers. Retail dealers have taken formal action to force the manufacturers to consider the hotel men as retailers and quote prices accordingly. While there has for a long time been grumbling by the retailers, the matter has not taken the form of an organized movement until this week, when the National Association of Retail Furniture Dealers sent formal notification to the manufacturers of furniture throughout the United States that any further sales to hotel men at wholesale rates will be considered an "unfriendly act" and treated accordingly.

The manufacturers do not relish what they term the attempted dictation of the retailers and say they will make sales at such prices to hotel men as the manufacturers of the claim is set up that hotel furniture is in a measure, a class by itself; that the buyer is not purchasing for his own personal use or profit, but for the accommodation of the public; that no private individual buys or can be expected to buy on the scale or in the quantity that the hotel man does; that he is to all intents and purposes a wholesale buyer and in consequence is entitled to the same consideration.

The retailers' association claims that the hotel man purchases for his own use and for his own house; that in affording him wholesale rates the manufacturers are deliberately discriminating against the retailers and taking from the retailers considerable source of profit; that such action will not be further tolerated and that the manufacturers who recognize the retailers' rights will receive the bulk of the trade. The situation has assumed so serious a phase that it is now proposed that a meeting of representatives of the National Furniture Manufacturers' Association and the National Retail Furniture Dealers' Association be held and a thorough discussion of the matter had.

Saratoga, N. Y., Sept. 10.—Delegates by financiers of widest prominence, the program for the 10th annual convention of the New York State Bankers' Association in session here, provides for discussion of a number of matters that just now are regarded as of great importance by the banking world. In addition to the money order business, the convention will take up the question of admitting the trust companies to the state association.

Many men whose names are familiar throughout the world of business and finance were assembled in the banquet room of the Grand Union hotel this morning when the convention was opened for business with President Stephen M. Griswold in the chair. The sessions will conclude tomorrow.

### KAISER ACTS AS LEADER.

Saxon Officers in Mimic War Are Vigorous in Their Comments.

Halle, Sept. 10.—The cavalry charge today, led by the kaiser, was a furious one. Many were unhorsed and injured. The ambulances were kept busy. When the kaiser saw that the Saxons were outmaneuvering the Prussians, he took all the cavalry from the Saxons over to the Prussians. The Saxon advance was thus stopped by their own cavalry, led by the emperor. It resulted in the Saxon officers being enraged at his majesty. Their comments were more vigorous than elegant. One said the maneuvers were of the purest humbug. The new recoil guns, which were tested for the first time, proved a great success.

Not stuffed like hair, but built on eight airy, interlacing sheets of billowy, downy overlying softness, hand-made and daintily enclosed in felt by hand sewing.

These sheets are called "Felt" and the name "Felt" is trademarked and copyrighted by Ostermoor & Co.; an Ostermoor Mattress, therefore, is the only "Felt" Mattress.
