### AT SHIELD'S PARK.

Big Crowd, Regardless of All Competition.

A big crowd greeted the strongest bill of the season last night at the Shield's Park show at the Frazer, and is expected to listen to and watch the same cast tonight.

The especial feature is the Thompsons, the Chinese impersonators, who render characterizations and music that are not only out-and-out novelties, but are first-class. The Thompsons, in the sketch "The Haunted House," brought down the house. The Thompson sisters and John Coburt, the favorites of last week, are retained for this entire week, an announcement that in itself insures a large attendance.

The illustrated songs by Mrs. Bronson—last night was their first presentation—were a great surprise, as they are fresh and rendered with a verve and complete naturalness that is captivating. Mrs. Bronson will appear every night this week. John Vincent created a most favorable impression and the public recognizes him as a vaudeville singer of rare promise.

### Return From California.

Mrs. Helen Webb Marsten and daughter have returned from Oakland and San Francisco, where they have been spending the summer. Mrs. Marsten is accompanied by her sister, Miss Emma L. Hawckett, of Oakland, who will be her guest for a time.

### Notice to Redmen.

Emaholis No. 18, Imp. O. R. M., is now meeting every Tuesday evening in Hendricks Hall. This evening the tribe will give a social to which all members of the tribe and of the Degree of Pocahontas are invited to attend. ROY W. RITNER, Chief of Records.

### Quicksilver in 1903.

The production of quicksilver in the United States during 1902, says Dr. Joseph Struthers in his report to the United States geological survey, amounted to 34,451 flasks of 76½ pounds each, valued at \$1,509,412, as compared with 29,727 flasks, valued at \$1,382,395, in 1901, an increase in quantity of 4,724 flasks and in value of \$118,107. California contributed the greater part of the output, amounting to 29,199 flasks, as compared with 26,720 flasks, in 1901. Texas reported 5,252 flasks, as compared with 2,932 flasks in 1901, but states thus showing an increase of the production above that of the preceding year. Oregon, which furnished 75 flasks in 1901, reported no production during 1902, the quicksilver mining operations in that state being limited to development work.

## Cloak and Suit Department

New Suits and Coats for Autumn

A Woman Chooses here with the Certainty of Choosing Correctly

The head of our Cloak and Suit Department visited all the leading cloak houses in the East, so we are able to show what is being worn in the fashion centers. We can show you some of the garments displayed in the CONGRESS of FASHIONS recently held in New York. Tailor suits will be in great demand this fall. The radical change in the suit jacket from short to long is reason enough. The straight round walking skirt suit has gained in popularity and will sell largely. Many fancy materials are in evidence, especially Home-spuns, Mixtures and the Mannish Materials.

### New Capes

### TURN FRUIT FAIR DOWN.

Employment of A Non-union Band at Walla Walla.

Because the Walla Walla Fruit Fair association has engaged a non-union band to furnish music during the fair the Walla Walla Trades and Labor Council in regular session last evening turned down an invitation from the association to choose a day at the exposition, says the Walla Walla Union. The fact that Ellery's Royal Italian band is non-union was the reason assigned in the reply by the council.

## What Kind of Feet Have You

If they are narrow or low instep, or high instep or wide and short, flat and broad, or if you have corns or bunions or ingrowing toe nails, or toe in or toe out, why to be properly shod you must certainly consult the doctor of shoes in the shoe parlor of the Boston Store. Here will be told to you all the truths about good shoes. How to buy the easy feeling, good wearing, fine appearing, and purse opening shoes. Remember that our shoes save in stocking wear. When we tell you we have the largest stock of shoes to sell men and women at \$2.50 to \$3.50, we are stating a fact easy to prove. That's why it pays to inspect our shoe department when in need of shoes for any of the family.
