POWDER RIVER PIONEER.

P. Cranston, of Keating, a Rancher for 23 Years, Moves to Pendleton.

E. P. Cranston, one of the pioneers of Baker county, who came to eastern Oregon when Mount Baldy is a hole in the ground, will depart his evening for Pendleton, where he will reside in the future. Mr. Cranston began ranching on Lower Powder at Keating 23 years ago. His present ranch, which at that time was a vast waste of sagebrush, is one of the most beautiful and profitable on the river. Last year the ranch netted him \$2,800. It is now in charge of Mr. Cranston's sons. E. P. Cranston has been a potent factor in the building of Baker county. His many friends regret his departure, and his business interests in Pendleton demand his attention. He will be accompanied by his family.—Baker City Herald.

CONFERENCE WORK.

E. Church South Territory Has Been Divided.

At the annual conference of the E. Church, South, the territory was divided into two districts instead of one, as heretofore. The two districts will be known as the Pendleton and Spokane districts.

The growth of the church in this territory in both number and membership made it necessary to divide into two districts. The place of holding the district conference for the Pendleton district has not yet been decided. The conference will be held next spring.

Toilet Daintiness

Who is it that does not appreciate a sweet, delicate odor, especially of the dainty, lasting kind? We have the largest line of imported and domestic perfumes in Eastern Oregon. A few of our leading imported odors are: Azurea, La Trefle, Peau d'Espagne, Violette de Parme, Indian Hay. And many more of the same quality in bulk as well as in fancy packages.

STRAIN'S SUMMARY

TWO-THIRDS INCREASE IN ALL ASSESSABLE PROPERTY.

Many More Acres of Tillable Land—Greater Number of New Buildings Are in the Towns—Over Ten Thousand More Cattle Assessed Than Last Year.

County Assessor C. P. Strain has completed the summary of the tax roll, and it is now ready for collection. The job has been long and tedious, for each item has had to be gone over and the different items added together, and from them the totals were taken. Then each total was compared with the total of the last year, and the summary thus made. It is valuable in that it shows the increase or decrease in the different items and the condition of the county as regards all things taxable.

One thing that attracts the eye is the increase in the number of acres of tillable land. In the year the estimate of the lands that are under cultivation or are capable of being cultivated has grown 54,541. This speaks well for the development of the county in the last 12 months. On the other hand, the acreage of non-tillable land has decreased, but not in the proportion that the tillable has increased. It seems that in the past

some of the land that is now rated as tillable has been given as non-tillable. Mr. Strain has done away with this in part.

A significant thing that is noticed in the assessment is the fact that there is little, or hardly any, improvement in the way of building in the country. All of the building that is being done is in the cities, while on the farms the old houses are still being used, while if the owner wishes to build he comes into the city to build his house. This is due in part to the tendency of the owner of land to come to the city to live and rent his land. There is little desire on the part of the owner to build for the man who lives on the land, as long as he can get the same rent for his property with out the extra expense.

The greatest increase in the list is noticed in the cattle. It is estimated that there are 10,412 more cattle in the county this year than last, though the value of the stock is not increased in the same ratio as the numbers. The assessor has counted all cattle as yearlings that are 6 months old or over. Counting these in his assessment the average assessable value of the cattle of the county will be \$8, which will rate the stock at \$24 a head. This is thought to be a reasonable rate of valuation by the assessor, and has been accepted by the stockmen of the county.

The increase in all assessable values for this year has been 64.67 per cent.

ROSH HASHANAH

JEWISH NEW YEAR BEGINS EVENING OF SEPTEMBER 21.

Has Been Seldom Celebrated in This City. But is an Important Observance in Some Parts of This State—Two Other Jewish Festivals at an Early Date.

Beginning this evening the Jewish people will observe their new year. In connection with the celebration of this event there is a two-days' holiday celebration. The Jews of this city have not been in the habit of celebrating the holiday in this city, but in other cities of this part of the state it is made a great event in the year among those of the Jewish faith. But in most of the cities only the first day of the two is observed in an active manner, and then the stores are closed and it is a time of religious celebration.

The Jewish New Year, reckoned by the new moon of the seventh month, Tishri, ushers in the civil year. The celebration of Rosh Hashanah was established by Mosaic precept. The reformed Jews confined the celebration to one day, but among the orthodox Hebrews, the festival lasts for two days. Business is generally suspended and the synagogues are thronged with worshippers.

In the book of Leviticus, chapter xiii, 24-25, English version, is the following:

"Speak unto the children of Israel saying, in the seventh month in the first day of the month shall ye have a Sabbath, a memorial of blowing of trumpets, a holy convocation. Ye shall do no servile work therein, but ye shall offer an offering made by the fire unto the Lord."

Yom Kippur will be October 1, and the Feast of Tabernacles, October 6.

BAND FOR CARNIVAL

CHEMAWA INDIANS ARE ENGAGED FOR THE WEEK.

An Old Band and One of the Finest in the Northwest—Crowds Are Expected to Attend the Carnival From Walla Walla—Affair Is Being Thoroughly and Widely Advertised.

Mr. Wilson, the manager of the carnival, is in receipt of a telegram from E. J. Arnold, the proprietor of the shows, that he has secured a contract with the Chemawa Indian Band to play here during the five days of the carnival. This is one of the best bands in the state, and has made an enviable record by its music over the country. The band is composed of 28 pieces, and has been in active organization for several years, so that all of the men are used to playing in the same organization, and the music that they make is of the best. Their presence in the city will add much to the enjoyment of the five days of carnival.

John Hailey has returned from a trip to Washington and the country in that direction. He has been through the country for 300 miles north of here, and has advertised the carnival in general and the snack exhibit in particular, and from the indications there will be great interest in that part of the exhibition. On his way back Mr. Hailey stopped in Walla Walla, and it is thought that crowds of people from that city will be here to help celebrate the carnival.

R. J. Nixon, who has charge of the billing of the country, has almost completed his work, and the entire county is well covered with paper announcing the week of merriment to be held here from the 6th to the 10th prox. He has done his work in a thorough and careful manner, and there is no need for anyone in the county not to know of the coming of the carnival.
