

BABY'S FUTURE

Something for Mothers to Think About

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humours of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence, it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap, to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent, to cool the blood in the severer cases, are all that can be desired for the speedy relief and permanent cure of skin-tormented infants and children, and the comfort of worn-out parents.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, scalp, hair and hands, for annoying irritations and weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per box of 50). Ointment, 50c. Soap, 50c. Dealers: London, 27, Chancery Lane; Paris, 4, Rue de la Paix; Boston, 127, Columbus Ave. Foster Drug & Chem. Corp., Proprietors.

Any Time Is a Good Time

Now is the accepted time to have your house painted or papered. A little painting here and there will help its looks wonderfully. Some nice, bright, new wall paper will lend a freshness to any room. Our stock of wall paper was never more complete—pattern in endless variety and every one new and up-to-date in color design. Better come in and let us show them to you and tell you what it will cost for your whole house or one room.

ISLAND EXHIBITS

WORLD'S FAIR COMMISSIONER NOW IN PHILIPPINES.

All Native Products to Be Shown at St. Louis in 1904—Strange and Interesting Experience of the Party of Government Experts.

By following the voyages of Dr. Gustave Niederlein, the scientist in charge of the expedition to the Philippine Islands, commissioned to collect and secure exhibits for the World's Fair at St. Louis, one will learn that the archipelago is one of magnificent distances, and that Dr. Niederlein's undertaking is as gigantic as it is interesting.

From Yami Island, the most extreme point of the Britanes group north of Luzon, the most important island of the American possessions in the Pacific Ocean, to Manka Island, the most southern and one of the least important islands of the Sulu group, the distance is more than 1200 miles on a direct line. It is farther than from St. Paul to New Orleans or from Kansas City to New York. From the western shore of Balboe Island, off the southern coast of Palawan Island to Port Sanco on the east coast of Mindanao Island, the most eastern extremity of the Filipino lands, it is more than 650 miles, or as far as from St. Louis to Washington.

These extreme points, with hundreds of intermediate stopping places, are embraced in Dr. Niederlein's itinerary, and all provinces touched, and nearly all cities will contribute exhibits to the World's Fair in 1904 faithfully portraying the nature of the country, its resources, the people and their peculiar characteristics.

Because of his eminent qualifications for the task Dr. Niederlein was placed in charge of the work by Dr. W. W. Wilson, who was appointed commissioner-general for the Philippines by Governor Taft. Dr. Niederlein is a thoroughly trained scientist and business man. He speaks fluently five languages. He is a native of Germany, and for ten years was an official of the Argentine government and had charge of their explorations and the study and development of their raw products.

Manila was the Philippine starting point for one of Dr. Niederlein's voyages in the spring of 1903. Steaming out of Manila bay the Dr. and the World's Fair party entered the China Sea and passing between Mindoro Island and the Calamianes Isles, proceeded through the Sulu Sea to Puerto Princesa on the east coast of Palawan Island, after having sailed more than 400 miles. Palawan is a strip of mountainous land more than 250 miles long and 50 miles across in the widest place. At one point, near Puerto Princesa, but ten miles of land separate the China and Sulu Seas. The bay at that point contains about 25 square miles, and receives eight rivers from as many different directions. Few natives inhabit the island and the small population is made up of Cayanos, some Tagalogs and Chinese.

The export products consist mainly of resins, rattan or bejoco, beeswax, pearl shells, pearls and lumber. Dr. Niederlein and his party obtained birds, nests, salt, white walking sticks, bejoco, resins, beeswax, curious native cloths, hats, pearls, tobacco, baskets, blow pipes, bolo blades, tuba buckets, rice mortars, and other products of the island. These will form a part of a Palawan exhibit that will be installed at the World's Fair.

THERE ARE NO FAILURES.

Dr. Garfield, of Victoria, B. C., Tells of Three Hundred Cases Wherein He Recommended the Use of TRIB.

Dr. James G. Garfield, of Victoria, B. C., when asked, do you endorse TRIB as a cure for the liquor and tobacco habits, said: "I do. I have known your remedy long before it was sold to you, and can tell you of 300 people that I have advised to take it. I never knew of a failure to cure where the party taking it was sincere."

TRIB is the world's greatest cure for the Liquor and Tobacco Habits. Sold by all druggists. W. C. Cutler & Co., distributors, Baker City, Or.

WIRELESS TELEGRAPHY.

is the Result of Prolonged Study and Deep Research.

Marconi—the wireless wizard—did not stumble accidentally upon the principles of his marvelous invention. It was only by deep and prolonged study of the cause of certain known phenomena in nature that he was able to produce the startling effect.

Many people in speaking of hair restorers have a way of bunching them altogether without discrimination.

Herpicide is as different from other so-called "hair restorers" and "remedies" as day is from night.

It is a scientific preparation prepared for the sole purpose of destroying the scalp microbe that causes dandruff and falling hair.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

SONS OF AMERICA.

Order and Auxiliary Are in Session in Baltimore.

Baltimore, Sept. 22.—The national convention of the Patriotic Order Sons of America and its auxiliary organization, the Patriotic Order of Daughters of America, met in this city today.

About 100 delegates are in attendance at the meeting of the former organization and half as many at the meeting of the latter. A joint meeting of the two orders was held this morning in Heptasoph's hall, at which addresses of welcome and responses were delivered. Afterward the meeting went into executive session for the discussion of the affairs of the order. The Patriotic Order Sons of America, according to the officers' reports, now has a membership of about 100,000 scattered throughout the United States.

Y. M. C. A. Secretaries.

St. Louis, Sept. 22.—The annual gathering of the Y. M. C. A. secretaries of Missouri began here today and will continue until Thursday. The purpose of the convention is to consider various topics in connection with the furtherance of the association work. St. Joseph, Sedalia, Kansas City and other cities of the state have sent officers to the convention and in addition there are several prominent association workers from other states who will deliver addresses before the convention.

Notice to Patrons.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse the law even slightly, pain results. Irregular living means derangements of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at Tallman & Co.'s drug store.

FARMERS' CONGRESS.

Largest Attendance in History of the Organization.

Niagara Falls, Sept. 22.—The Farmers' National Congress assembled here in 23d annual session today with the largest attendance in its history. Delegates from East and West, North and South, were gathered in the auditorium when the convention was called to order at 10 o'clock this morning.

Features of the opening session were addresses of welcome by Governor Odell and others and the annual address of the president of the congress and the reports of the other officers. This afternoon Hon. Timothy Woodruff, of New York, addressed the congress on the subject of the agricultural resources of our insular possessions and the possibilities of their development. Another address was by Major D. G. Purse of Savannah Ga., who spoke of the sugar supply of the United States.

The South has sent an exceptionally large delegation to the congress and it has developed a strong boom in favor of Harvie Jordan, of Georgia, for the presidency of the congress. Mr. Jordan is now vice-president of the Southern Cotton Growers' Association.
