Mrs. Martin Anderson left last evening for Hot Lake, where Mr. Anderson is stopping, hoping that the baths there will cure the rheumatism, from which he is suffering.
Ben Leland of Helix was in the city to meet Mrs. Leland who has been for the last four months the guest of relatives and friends in Canyon City. They returned to their home at Helix this afternoon.

IRRIGATION PROGRAM.

Mayor T. G. Hailey Writes President of Association.
Mayor T. G. Hailey has written a letter to J. H. Devers, president of the Oregon Irrigation Association, suggesting several highly interesting features for the program of the coming state convention in this city. Mr. Hailey suggests four leading topics for a two-days' meeting as follows: First, "Irrigation Laws"; second, "Canals; Their Construction and Maintenance"; third, "Winter Irrigation," and fourth, "Products and Profits of Irrigated Lands in Oregon."
It is Mr. Hailey's opinion that practical irrigators from all over the state be invited to attend and discuss all these questions as applied to irrigation in Oregon, and make the meeting one of the highest practical value to those interested.
Under the discussion of laws he would suggest the reading of Senator Newland's address before the recent irrigation congress, a general discussion to follow. On the subject of canals, some experienced engineer should be secured to treat the subject from the standpoint of practicability in this state and the other subjects could be made highly interesting to the irrigators of Oregon by discussion of results of irrigation in the state.

HIGH SCHOOL FOOTBALL.

A Strong Team of Old and New Men Will Be Organized.

The football microbe is working in the brains of the high school boys, and already they are gathering in little knots over the campus and discussing the possibilities of a good team for the coming season.
Many of the old players of the last year's team will be in the school again this year, and with the new ones that are coming it is thought that the school will be able to get out a team that will beat the one of the year just passed.
Several new men are expected to reach the city during the coming week who have had experience on the board, and as they are heavy men, the start of the season is waiting for their arrival. With all the material in the school present the work of the season will be begun and the team shaped into condition for the first battle of the season.
Among the old players of the school who are going to make a try for the team this year are Scott, Williams, Hartman, Guy Wyrick, George Strand, T. Pierce, Milne, Alexander, McCarty, Cronin, Pinkham and Ruppe. With these as a nucleus around which to build it is thought that the team this year will be a good one.

What do you know about 'Dante'? His 'Inferno' has suggested some of the most noted illustrations of the age. Come and hear a scholarly lecture by Dr. Gowen, upon this great poet, next Tuesday evening at the parish house, Johnson street.

A scholarly lecture on an interesting subject is worth all the time and expense it takes to hear it. Two such lectures will be given at the parish house, Johnson street, next Monday and Tuesday.

Wanted—Either sex canvassers, guaranteed salary \$2.50 per day; \$55 per month and expenses. General agent to appoint agents. Gowell, room 15, La Fontaine.

Hear the lectures on Shakespeare's famous play, "Othello," by Rev. Dr. Gowen, next Monday night, at the parish house, Johnson street.

Despain & Clark have a sample safe for sale. Call and examine it.

Refrigerated meats. Schwartz & Greulich Co.
Olympia beer on draught at Nolte's saloon.
A very fine lot for sale. Call at 438 Main.

WHERE IT PAYS TO TRADE

THE VETCH CROP.

Profitable Forage Plant's Growing Popularity.

The demand for vetch seed that was so marked last autumn, is now with even greater activity this season. Eight or ten thousand bushels of it has already been sold by Benton county producers, since harvest time, and a prominent vetch producer said Monday that he was certain he could, if he had it, easily market another 10,000 bushels.

Vetch has proven this year a most profitable crop. Even with wheat at 75 cents per bushel, the vetch has far exceeded it as a paying crop. The ruling price is two and a quarter cents per pound. They yield in most instances has been better than wheat.

John Whitaker raised 2,375 bushels on 100 acres. Last year he got 31 bushels per acre. A small field in the south end of the county is reported to have made a yield this season of 36 bushels per acre. At two and a quarter cents per pound, a sixty pound bushel brings a price of \$1.35.—Corvallis Times.

Fall Trade Good

It is good and that's a fact says Mr. Finneman to our reporter. How do you account for it, when others are complaining about the fall trade I asked him. Why, I do not know any other good reason than that the people have found out that we are actually selling better shoes for the money or the same quality for less money than others do. It is really remarkable how many people there are who remark about the "wearing quality" of our shoes. Now that is what we pay for and you get when you buy Douglas or Gloria or Red Schoolhouse Shoes. These shoes are sold at a price and no one attempts to undersell them—they simply can't and live. We have found the least margin of resistance to trade and that accounts for our increase this fall. Now watch us sell shoes. We carry shoes on five widths in all foot forms lasts—in all leathers, heights, styles, sizes, weights, etc. "Say, don't that boy talk some?" "I thought as I went on my way with a fine pair of the Douglas shoes on from the

Boston Store

Don't get impatient. Basler's greatest of all slaughter sales will start soon. You can well afford to wait for it. It will mean bigger savings than ever offered in Pendleton.
