According to the new law, it is neces-sary not only to publish the petition, but to post it as well. This Shipp failed to do in the first place, but later posted the same petition. This is not regular and the court would have failed, in all probability, to have recognized the paper.

FEET OF SCHEMP.

Will Erect a 50-Foot Front Instead of 25-Modern Building to Go Up on Cottonwood at Once-Work to Begin Soon as Possible.

Negotiations have been in progress for some time between F. X. Schemp. of the Columbia saloon, and John Schmitt, involving the transfer of the 25 feet of ground belonging to the former and adjoining the property on Cottonwood street where Schmitt is making the excavation for the new

laundry building.

Schmitt has been wanting to get control of the property so he could build a 50-foot building in place of the 25-foot one and it is understood that the transfer was made this afternoon. While the deal is not definitely closed, it is as good as closed and the papers will be drawn in

a day or so The property is the 25 feet adjoining Schmitt's property and it is the intention of the new owner to build a modern brick business block on the land with a frontage of 50 feet.

The larger building will be con-structed on the same plan of the one proposed in the first place, and will be completed in as short a time as the plans can be made and the material put together.

CARNIVAL OPENING TONIGHT.

Grand Street Parade Will Take Place Tomorrow Forencon.

The city is now in carnival attire. The rain of the last two days must have been ordered by the management, for it settled the dust and cooled off the air and left a fresh and rigorous autumn atmosphere to greet the plantation negroes, the tapir and the hyens.
