 tle, all of them 2 and 3-year-olds, and

### Fall Trade Good

It is good and that's a fact  
 says Mr. Finerman to our repor-  
 ter. How do you account for it,  
 when others are complaining  
 about the fall trade I asked him.  
 Why, I do not know any other  
 good reason than that the people  
 have found out that we are ac-  
 tually selling better shoes for the  
 money or the same quality for  
 less money than others do. It is  
 really remarkable how many  
 people there are who remark  
 about the "wearing quality" of  
 our shoes. Now that is what we  
 pay for and you get when you  
 buy Douglas or Gloria or Red  
 Schoolhouse Shoes. These shoes  
 are sold at a price and no one  
 attempts to undersell them—  
 they simply can't and live. We  
 have found the least margin of  
 resistance to trade and that ac-  
 counts for our increase this fall.  
 Now watch us sell shoes. We  
 carry shoes on five widths in all  
 foot form lasts—in all leathers,  
 heights, styles, sizes, weights,  
 etc. "Say, don't that boy talk  
 some?" I thought as I went on  
 my way with a fine pair of the  
 Douglas shoes on from the
