GENERAL NEWS.

The only fatality in the Gripple Creek, Col., "war" so far was the accidental killing of a militiaman by a companion. The man was shot through the body.

The cause of the striking press-feeders in Chicago is considered to be so groundless that the Pressmen's Union is furnishing strike breakers to take their places.

Since the disastrous strikes and riots of 1888 in the Homestead district in Pennsylvania, there has been no organization whatever of the 18,000 miners therein. A strenuous attempt will be made to reorganize them this fall and winter.

All the six coal mines at Colorado Springs have reopened with non-union men working under police and military protection. The strikers are out on a demand for a 20 per cent increase in wages and an eight, instead of a nine-hour day.

It is believed that an exhibit from the Tehuelches—the governing tribe of Patagonian Indians—will be secured for the St. Louis fair, together with the personal attendance of representatives of the tribe. They are a race of giants, and this will be the first time they have been seen outside of Patagonia.

The Kansas City board of education is accused of hoodlums. Among other indictments brought against it is the allegation by Professor Sawtelle, of Emporia, that a member of the board assured him that a side deposit of \$200 would secure him the principalship of the Kansas City schools, for which Sawtelle was a candidate.

NORTHWEST NEWS.

The city council of Portland appropriated \$12,000 Wednesday for the improvement of fire fighting equipment.

Henry James, of a Portland printing establishment, was robbed in daylight on the streets, of over \$200, Wednesday.

The Willamette Pulp & Paper Mill started up Wednesday, after a temporary shut-down on account of a scarcity of water.

Mrs. Stanford has announced that she will give \$500,000 for the construction and equipment of a new library for the university, this winter.

Albert Monahan, a logger, was drowned at Astoria, Tuesday, after saving the life of a companion who had fallen in the river. Monahan was so weak from the work of saving his friend that he sank before reaching the shore.

Express Messenger Fred A. Korner, who shot Connors, the would-be train robber at Troutdale, last week, has been presented with a purse of \$1,000 by the Pacific Express Company for his bravery and devotion to duty.

Mrs. A. R. Riggs, manager of the Florence Crittenton Home, in Portland, against whom serious charges were made some time ago, has been unanimously sustained by the board of managers, and will remain in the position.

The Pacific Coast Association of Traffic Managers will hold a meeting at Spokane on Saturday, October 10, all the Western roads to be fully represented. Tourist homeseeker rates will form one of the principal themes of the meeting.

TAX LEVY REDUCED

FIRST FRUITS OF NEW ASSESSMENT POLICY.

Valuation of Pendleton School District Will Approximate \$1,500,000—Expense of District About \$13,000 Higher Than Last Year—Consolidation Rapidly Growing in Favor.

Now that the tax assessment has been made and the books are almost ready for the sheriff, and the schools are running, the people of the district begin to think of the levy for the next year and how much of their earnings they will have to pay to support the educational institutions during the year to come.

Last year the valuation of the land in this district was \$1,056,386.50, and the tax levy amounted to 47 mills on the dollar. This year it will not be so much in levy, but more in assessment valuation. Last year the state and county tax amounted to 28 mills, the school tax to 10 mills, and the special tax to 9 mills. This year the amounts will be less all through.

Rate of Taxation Much Less.

According to the estimates of Assessor Strain the assessments for the district this year will total at least \$1,500,000 and perhaps more. This is taking the assessment of last year as a basis and adding to it the known increase in the valuations of the property in the district. With this increase in taxable property it will be seen that the rate will be much less. Last year the district raised \$10,000 by special tax and this year the management of the schools of the city will need perhaps \$13,000 to carry on the work of the city schools. With the increased base from which to draw it will still decrease the rate of taxation almost one-third.

It is estimated by members of the school board that the state and county tax will not be higher than 17 mills, the school district tax about 8 mills, and the city special tax in the neighborhood of 6 mills. It is thought that this rate will not only be necessary for the carrying on of the work for the next year and by that time it is probable that an arrangement will be made that will still further reduce the rate.

Concerning Consolidation.

For some time the question of consolidation has been discussed by those interested in the schools here and in the revenues of the city and the district. The people of the adjoining districts want to enjoy the benefits of the nine months school and the city facilities in an educational line, while the men at the head of the city school management are in favor of the scheme, for the reason that it will reduce the rate of taxation by giving more taxable property, and for the further reason that the city is educating at the present time many of the children in these districts and deriving no revenue therefrom. The people of the suburban districts move into the city in the winter, send their children to the schools here and stand no part of the expense of the district. The movement to remedy this was started some time ago and was given a further impetus in the compromise effected yesterday in the partition of district No. 27.

The principal residents of the south part of this district have already moved into the city with their families, and will send their children to the city schools. It is their expressed hope that in a short time it will be possible to merge 25, 27 and 44 with the district of Pendleton, (and perhaps more on the other side of the city) into one big district.

The ladies of the women's clubs of the city have taken, or will take, the matter up and it will be brought before the election next June, when it will be settled. If this is done it will bring many thousands of dollars more taxable property into the Pendleton district and inside of two years decrease very materially the rate of taxation in the city as far as schools and the school fund is concerned.

Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that held me in its grasp for 12 years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It is guaranteed by Tallman & Co. Only 50c.

WARDE AND JAMES.

Most Magnificent Play Ever Produced on American Stage.

As its subject would imply, "Alexander the Great," the new play in which Louis James and Frederick Warde will appear next Wednesday evening, is built on spectacular lines. The principal scenes represent the great crisis in the ambitious schemes of this most famous of the great military geniuses of the world.

Those which the authors found most useful for dramatic purposes, and which suggested the most effective stage pictures, occur in the fourth act. One of these scenes represents the storming of the city of Manila, the success of which made Alexander practically the ruler of Asia; and the other pictures a rocky pass above the clouds where the leaders of this vast army become mutinous at Alexander's insatiable thirst for conquest.

The production, which was built by Managers Wagenhals and Kemper, is said to be the most elaborate with which Warde and James have yet been associated. It is said to be remarkable for the richness and unique designs of the varied costumes, no

less than for the massive scenic equipment. Fifty people are concerned in the performance, among whom are Norman Hackett, Wadsworth Harris, Margaret Bourne, Thomas Conke and Engle Sumner.

WASHING WITHOUT WATER.

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did, what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

PENDELTON WRITE-UP.

Spokane Publication Gives a Page to Pendleton in October.

The Homeseeker and Investor for October, gives Pendleton a lengthy and entertaining write-up from a business and social standpoint.

The Homeseeker is published at Spokane and is becoming one of the best trade and industrial publications in the Northwest.

John Loughran, aged 83, president of the Manufacturers' National Bank of Brooklyn, died within an hour of the time he predicted his demise.

Two Secrets of Success

The success of The Mutual Life Insurance Company of New York is due:

First—To its selection of risks:

It writes no insurance in unhealthy regions or on vicious or sub-standard lives.

Second—To the investment of its funds:

Send for "A Banker's Will," which tells how the greatest accumulation of trust funds in the world is invested.

Good health and good investments will go a long way toward making anyone rich.

This Company ranks First in Assets, First in Amount Paid Policy-holders, First in Age.
