CHRISTIAN CHURCH DINNERS.
 Will Be Continued Through Remainder of Week—Are Profitable.
 The ladies of the Christian church have been having better success with their dinners than they at first expected, and they will remain in the field with their home-cooked chickens until the end of the week.
 Tuesday the dinner netted the ladies \$15. Wednesday afternoon they added \$25 more to the purse, and today they had a larger number than on either of the days before. At the rate of increase in their boarders, the ladies would raise the price of chicken in the local market were they to continue long in the dinner business. They will serve dinner each day for the remainder of the week.
Sighs for a Spelling Match.
 The revival of the work of the Sorosis reminds us that the young people of The Dalles are sadly in need of a literary society or something along the line of mental improvement. During the winter there are always an abundance of theaters, dances and other amusements, but simply nothing of a literary nature. Even an old-fashioned spelling school, and certainly an old-time singing school would be much of an improvement over the present lethargy as regards substantial improvement. — The Dalles Chronicle.

CHICKEN PIE AT PREMIUM.
Ladies of the Presbyterian Church Give Dinner Today to Over 250.
 The chicken pie dinner given by the ladies of the Presbyterian church at Honorable's hall today was ready for the hungry hoards at 11 o'clock and from that hour until about 3 o'clock the tables were crowded with people who came to enjoy the bounteous supply of chicken pie, salad, "99" coffee, peaches and cream and other delicacies, with which the tables were laden.
 About 35 huge chicken pies were consumed, and numerous people were turned away who could not wait to be served. The total number of dinners served was 254, which yielded an income of \$96. The ladies are highly pleased with the success of the undertaking.
 It was thought at first that dinner would have to be served two days in order to use up the supply of pies that began to come in early, but the crowd which came was equal to the occasion and not a pie remained for the tardy ones who dropped in after 3 o'clock. It is a chicken pie day that will be remembered by many friends.

A large number were at the building and availed themselves of the privilege of meeting the head of the church for this district.

 London, Oct. 8.—The Alaskan boundary dispute was placed in the hands of the tribunal this afternoon. Mr. Dickinson closed with an effort to prove that diplomatic correspondence showed England's tacit acceptance of America's claim until the Klondike was discovered.

 San Francisco, Oct. 8.—The city is today voting as to bonds for the municipal ownership of a part of the street car system. The voting is heavier than expected, particularly among the working people. Indications are that the bonds will be carried.

A Woman Classifies Men.
 One of the ladies, who addressed the Ohio legislature on woman's suffrage, made the following remarks about the "lords of creation":
 "I divide mankind into four classes:
 "First—Those who do not know and do not know that they do not know. These are fools; leave them.
 "Second—Those who do not know and know that they do not know. These are children; teach them.
 "Third—Those who know and do not know they know. These are asleep; rouse them.
 "Fourth—Those who know and know they know. These are wise men; follow them."

Fall Trade Good

It is good and that's a fact says Mr. Finerman to our reporter. How do you account for it, when others are complaining about the fall trade I asked him. Why, I do not know any other good reason than that the people have found out that we are actually selling better shoes for the money or the same quality for less money than others do. It is really remarkable how many people there are who remark about the "wearing quality" of our shoes. Now that is what we pay for and you get when you buy Douglas or Gloria or Red Schoolhouse Shoes. These shoes are sold at a price and no one attempts to undersell them—they simply can't and live. We have found the least margin of resistance to trade and that accounts for our increase this fall. Now watch us sell shoes. We carry shoes on five widths in all foot form lasts—in all leathers, heights, styles, sizes, weights, etc. "Say, don't that boy talk some?" I thought as I went on my way with a fine pair of the Douglas shoes on from the
