

Bright's Disease and Diabetes News.

San Francisco, Oct. 5.
To F. W. Schmidt's Pharmacy:
Dear Sirs—There are daily occurrences in this city that ought to be known all over the world. A guileless old gentleman and octogenarian, a distant relative of Robert Fulton, of first steamship fame, has saved the lives of hundreds (probably thousands) after they were believed to be beyond human aid. His discovery is undoubtedly the long-sought cure for Bright's Disease and Diabetes.
This is not easy of belief, and it is the purpose of a number of business and professional men of this city (of whom I am one) to tell the people. You are hereby authorized to tell all those in your city who have either Bright's Disease or Diabetes, that nearly nine-tenths of them can recover. Among the business men who are giving moral and financial support and who would give neither if the above was not strictly true, are Hon. D. M. Burns, President Caudleria Mining Company; Edward Mills, President of Bullock & Jones Company; Captain Roberts, President Boca and Loyalist R. R. Co.; Thos. Kirpatrick, Capitalist; D. E. Bender, Capitalist; W. C. Price, Capitalist; Wm. Sharp, Capitalist; C. W. Clark, Capitalist, and many others. The pamphlets herewith are to be given to all inquirers without charge. They give the complete history of our long and exhaustive investigation.
Yours truly,
A. E. SHATTUCK,
President Pacific States Type Foundry.

Suffered Eight Months

I can heartily recommend Acker's Tablets for dyspepsia and stomach troubles. I have been suffering for eight months and tried many remedies without relief, until I got Acker's Dyspepsia Tablets, which I used only a short time and am now perfectly well. Thanking you for the speedy recovery, I am gratefully yours, Francis I. Gannor, Vancouver, Wash. Send to W. H. Hooker & Co., Buffalo, N. Y., for a free trial package. (Nothing like them.) F. W. GONE TO ABYSSINIA

AMERICAN COMMERCIAL AGGRESSIONS THEREIN.

European Press is Much Interested in the Movement—List of Exports Which America Now Sends to That Country—Will Attempt to Secure an Exhibit for the World's Fair.

Washington, D. C., Oct. 8.—Great public interest is manifested in the mission of Robert P. Skinner the United States Consul General at Marseilles, who sails from New York today under instructions from the state department to penetrate the wilds of Abyssinia, and if possible to negotiate with a Negus a commercial treaty, which it is hoped, will give important advantages to American trade. Mr. Skinner will enter Abyssinia and proceed to the capital under escort of a guard of United States marines, probably from the San Francisco, which is now at Beirut.

The importance of Mr. Skinner's mission is reflected in the lively comment which it has aroused in Germany and other European countries which have trade relations with Abyssinia. It is generally cited in the European press as a fresh indication of the United States' ambition abroad.

Most of the news from the Negus' empire comes by way of Marseilles, which is the terminal port of the Jibuti steamers, and Mr. Skinner, from his post at Marseilles, has long kept the state department well informed of the trade conditions and prospects in the African kingdom.

Some American Trade There.

Almost without the knowledge of the American public Abyssinia has been receiving more or less goods from this country for many years. The empire has a population of 10,000,000, a stable government and a recently completed railroad connection with the outer world. As American manufacturers are not in the habit of dealing directly with foreign customers, it is felt that this government has a very real interest in ascertaining accurately the con-

ditions under which business is being transacted in that region with a view to increasing American commerce.

The United States now supplies Abyssinia with cotton sheeting, petroleum and other staples, while the American imports from that country consist principally of hides, carpet, wool, ivory and civet. The commercial relations between the two countries are important and reciprocal, but not direct.

In addition to his endeavors to negotiate a commercial treaty Mr. Skinner will use his best efforts to induce the Negus to prepare an elaborate Abyssinian exhibit for the approaching world's fair at St. Louis.

OREGON PRESS MEETING.

State Association Meets in Salem Oct. 22, 23 and 24.

The Oregon State Press Association is to have its annual meeting in Salem on October 22, 23 and 24, and it is expected that this will be the largest and most successful meeting of the association ever held. On Friday, October 23, the members of the state association will be the guests of the Salem Press club, which includes most of the active newspaper men of Marion county.

On last evening Mrs. Hinges will sing for the visitors, and the Stewart quartet will also entertain them, and there will be a general good time, probably winding up with a grand ball for the visiting newspaper men and their wives and sweethearts. The Portland Press club will be represented at the meeting by an address and a musical number.

Salem is going to try to make this visit of the newspaper from all over Oregon to this city a pleasant one, long to be remembered. Among other things they will have to drink here will be the now famous Salem water, direct from the filtering crib, and with a \$1,000 guarantee that it does not contain anything that is injurious to the health.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee: It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.00 F. W. Schmidt & Co., druggists.
