How to Sell a Crop and } Still Have it.

A great many farmers carry their crops for a long time after harvest waiting for money can get a large part of the value of their crop out in money and still hold the grain for an advance in the following

Suppose a farmer has 5. wheat which he can sell at 65 cents ; bushel; let him sell it and receive \$3.750 to payment; then let him buy 5,000 bushels of May wheat and margin it 5 cents a bushel. This will require \$250,00. He will then have \$1,000 to use as he sees fit If the price of May wheat goes up five cents per bushel, he will make \$250 the as if he had held his 5,000 bushels of wheat in his granary.

Quotations on Staples Furnished by Local Merchants and Revised Daily.

Cattle have got a little nearer the bottom of the hill. This morning they are quoted at \$3 for steers and \$2.50 for cows and it is said that the cattle have to be in good condition to bring that amount. What is the cause of the trouble no one seems to know, but it is supposed that the scarcity of feed and the large shipments of the past week have had something to do with the drop. It that is so, there is hope that the price will again raise as soon as the glut is out of the way.

There is nothing else of interest in the whole list of the market. Everything in the stores and the shops is about the same in price, quantity and quality that it was a few days ago, and there is no change

ALL OFFICIALS TO BE RECLOTHED BY NOV. 15.

Entire Suit Will Cost From \$11 to \$12.50, and is an Innovation of Gov. Chamberlain-New Series of Rules and Regulations Predicted For Government of the Salem Penitentiary.

A movement is now on foot at the penitentiary, in fact, is well under way, to have all the officers of the institution from the first warden down clothed in a uniform especially adopted for the prison, says the Salem Statesman. The negotiations have been completed and the material for the uniforms selected and all that remains is for the measurements to be taken and the suits ordered. It is expected that all of the officers of the prison will appear in their new habits by about the first or mid-

dle of November. This innovation is credited to Governor Chamberlain, who seems to be determined to bring the affairs at the Oregon prison up to a level with those of similar institutions in all of the other states, especially cal-Ifornia and Washington, the employes are said to be required to wear uniforms of an official character. The change it is argued will be a benefit to the institution in morways than one, besides adding dig nity and uniformity to the appear ance of the officers generally.

Heavy Durable Blue Serge. The cloth selected is a durable blue serge and uniform, coat, vest and trousers, will be furnished the employes at from \$1 to \$12.50. They will be supplied with two sets of buttons, brass, (with the seal of the state of Oregon upon them) and black rubber furnished with rings so that they may be changed when the officers are off or upon duty. The suits will all be the same as to quality of material, style of cut, etc., with the possible exceptions of the first and deputy wardens who will probably wear some stripe of gold brade upon their sleeves it order that they may be distinguished from the other officers. About six years ago the same custom was adopted in the insane asylum, under the superintendency of Dr. D.

A. Paine, but it has now died out and there is not an employe at that in stitution who wears a regulation uni-form except it be some of the older ones. The rules at the asylum re-quired that one must be employed for at least six months before he of she would be entitled to don a uni form, and on this account for the reason that so many and frequent changes were made in the comple ment of employs, the custom grad ually died out until it is not enforced at all any more.

It is also said that an entirely new set of rules and regulations will soot be issued for the government of the affairs of the penitentiary, but as yet this has not been done.
