FOR A GUARDIAN.

Court is Asked to Appoint Sponsor
 for Joseph Perygne.

Today is being heard in the county
 court the matter of a petition by
 Messrs. Walker and Gilliland, mem-
 bers of the court, to Judge Hartman
 for the appointment of a guardian for
 Joseph Perygne, of Milton. The peti-
 tion alleges that Perygne, who was
 21 years of age August 14, is non
 compos mentis, and therefore inca-
 pable of properly taking care of some
 land to which he fell heir the day he
 reached his majority. The petition
 sets forth that the property, which is
 land, is worth \$4,000, whereas it ap-
 pears that on August 13 Perygne sold
 it for \$2,000.

Up to the time he came of age W.
 J. Chastain was his guardian, and
 the allegation is made that the sale
 of land was made without his author-
 ity or consent. Therefore the valid-
 ity of the sale will probably be in-
 volved.

The petition asks for the appoint-
 ment of C. C. Watson to be Perygne's
 guardian. Halley & Lowell represent
 the petitioners, and J. T. Hinkle is
 representing Perygne, who stoutly
 maintains that he is of sound mind
 and that he did not sell the land for
 less than its real value.

The Salve That Heals.

Without leaving a scar is DeWitt's.
 The name Witch Hazel is applied to
 many salves, but DeWitt's Witch
 Hazel Salve is the only Witch Hazel
 Salve made that contains the pure
 unadulterated witch hazel. If any
 other Witch Hazel Salve is offered
 you it is a counterfeit. E. C. De-
 Witt invented Witch Hazel Salve and
 DeWitt's Witch Hazel Salve is the
 best salve in the world for cuts,
 burns, bruises, tetters or blind, bleed-
 ing, itching and protruding piles.

Dieting Invites Disease.

To cure dyspepsia or indigestion
 it is no longer necessary to live on
 milk and toast. Starvation produces
 such weakness that the whole sys-
 tem becomes an easy prey to disease.
 Kodol Dyspepsia Cure enables the
 stomach and digestive organs to di-
 gest and assimilate all of the whole-
 some food that one cares to eat and
 is a never failing cure for indiges-
 tion, dyspepsia and all stomach
 troubles. Kodol digests what you
 eat—makes the stomach sweet.

WHERE IT PAYS TO TRADE

Fighting Animal Disease.

Intelligent and aggressive campaigns
 against animal disease in this country
 are evidently more satisfactory than in
 some foreign countries, says American
 Agriculturist. Germany has been able
 to make little or no headway against
 tuberculosis. Notwithstanding efforts
 of the sanitary authorities to weed
 out this disease and the scientific meth-
 ods employed, the percentage of dis-
 eased animals, both cattle and swine,
 is slowly increasing. Out of more than
 1,000,000 cattle annually slaughtered
 and under the watchful eye of the Ger-
 man government, 14 1/2 to 15 per cent
 were found tuberculous.

Unique Trotting Race.

On the programme of the Brighton
 Beach trotting meeting this summer
 there is a race for four-year-old trot-
 ters of the 2:25 class. It is not often
 that any attempt is made to classify
 trotters both by age and speed, but in
 this instance an excellent entry list
 was obtained, and a good race should
 result.

Fall Trade Good

It is good and that's a fact
 says Mr. Fineran to our repor-
 ter. How do you account for it,
 when others are complaining
 about the fall trade I asked him.
 Why, I do not know any other
 good reason than that the people
 have found out that we are ac-
 tually selling better shoes for the
 money or the same quality for
 less money than others do. It is
 really remarkable how many
 people there are who remark
 about the "wearing quality" of
 our shoes. Now that is what we
 pay for and you get when you
 buy Douglas or Gloria or Red
 Schoolhouse Shoes. These shoes
 are sold at a price and no one
 attempts to undersell them—
 they simply can't and live. We
 have found the least margin of
 resistance to trade and that ac-
 counts for our increase this fall.
 Now watch us sell shoes. We
 carry shoes on five widths in all
 foot form lasts—in all leathers,
 heights, styles, sizes, weights,
 etc. "Say, don't that boy talk
 some?" I thought as I went on
 my way with a fine pair of the
 Douglas shoes on from the
