

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

FIGHTING THE FAIR

INFORMATION BUREAU HINDERING STATE'S WORK.

Jefferson Myers Calls the Bureau to Task for Interfering With Work of Fair Commission—Tinks Exhibits Should be Kept for the Fair.

Complaint has gone up that the Oregon Information Bureau is engaged in unseemly competition with the Lewis and Clark Exposition authorities in the endeavor to secure exhibits throughout the state, says a Portland paper. The bureau wants products for its display in the Union depot. The Lewis and Clark Commissioners want products for the Oregon display at St. Louis next year.

Jefferson Myers, president of the Commission, denounced the policy of the bureau in strong words yesterday. W. H. Beharrell, president of the directors of the bureau, said that the policy was proper and legitimate.

Mr. Myers declared that the exhibits at St. Louis would do far more for the state than at the Union depot. Mr. Beharrell's opinion was just the contrary.

Mr. Myers said that the business men of Portland who support the bureau do not intend that the bureau shall stand in the way of the fair in any manner whatever. Mr. Beharrell responded perhaps not, but the business men wished the bureau to have exhibits.

Mr. Myers averred that the bureau was a useless appendage and didn't need any exhibits anyhow. Mr. Beharrell demurred to both complaints.

But Mr. Myers had a more formidable criticism. The bureau, in pleading for exhibits, has said that it can do more for the counties of the state than can the St. Louis or Lewis and Clark Expositions or both. Mr. Beharrell replies that the argument of the bureau is proper and legitimate because it is based on the truth and he believes in calling a spade a spade.

Dieting Invites Disease.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat and is a never failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by Tallman Co.

Wants More Trib.

L. F. Foster, San Francisco, Cal., Feb. 2nd, 1903, writes: "Please find enclosed draft for \$150.00. Send me one dozen treatments of Trib." The druggists here say they have orders in they can't get filled. Why is this? I took Trib myself last June and never felt better in my life than I do now. I have gone down in weight to 195 pounds and never think of liquor or tobacco any more. I know of 25 cures you could get reference from if you care to write to them. Be sure to send me twelve Tribs at once; I want to send them to Honolulu."

Prominent Teacher Coming.

The executive committee of the Eastern Oregon division of the State Teachers' Association, which holds its annual session in Baker City November 23, 24 and 25, has secured the services of Professor A. E. Winship, of Boston, as one of the leading lecturers at the meeting. These lectures are expected to attract a large attendance at the association meeting, as Professor Winship is a speaker of rare ability.

Rates Not Raised.

The Northern Asiatic steamship line has reconsidered its determination to raise the rate on flour from Seattle to the Orient from \$3 to \$4 per ton. The rate will remain \$3 per ton for the present, at least.

Haverly's Minstrels.

Most Magnificent Stage Setting on the Road.

Haverly's Mastodon Minstrels, direct from their Trans-Continental triumphs, comes to the Frazer theater Oct. 15.

The company carries half a hundred people, and is headed by that commander-in-chief of the army of minstrel comedians, namely Billy Van. His wholesome humor and his naturally artistic temperament has done more than any of his contemporaries to elevate the standard of minstrelsy, and to place it on an equality with other branches of the profession. His monologue this season, is said to be irresistibly funny. He is deservedly the highest salaried of black faced minstrel delineators. Ahy assisting Mr. Van are Eddie Leonard, the "beau brummel" of the minstrel stage, Eddie Mazier, a captivating singer of coon songs, Dan Waldron, a funny story teller; Fred Gartelle, a dancer of agility, Jake Young and Perron Somers.

The first part setting is an elaborate affair and represents the fine art buildings of the Louisiana Purchase Exposition to be held in St. Louis this fall. When the curtain rises, it shows this magnificent background, beautifully illuminated, and other buildings of note in the distance. This, in conjunction with the array of sweet voiced vocalists and funny end men, is sure to score a hit from the start.

As an out-door attraction, Frank Fuhrer, the "Creator" of minstrel band masters and his famous band will give one of those charming minstrel concerts at Main and Court streets, playing selections from all of the latest musical comedies, namely: Dolly Varden, The Singing Girl, The Chaperons, The Chinese Honey-moon, King Dodo, Mariatana, The Three Little Maids, (London's latest) etc.

OLD FORT CLATSOP.

Oregon Will Reproduce This Historic Building at the St. Louis Fair.

The Lewis and Clark fair commission has decided to reproduce old Fort Clatsop, in Clatsop county in which Lewis and Clark spent the memorable winter of 1805, at the St. Louis exposition.

The old fort will be Oregon headquarters at the St. Louis exposition, and will be really the most attractive building on the grounds, taken from a historical standpoint. The sum of \$10,000 has been set aside by the fair commission for the purpose of erecting this building and equipping it with every detail of its arrangement as seen by the explorers in 1805.

Acker's Blood Elixir positively cures chronic Blood Poisoning and all Scrofulous affections. At all times a matchless system tonic and purifier. Money refunded if you are dissatisfied. Fifty cents and \$1.00. F. W. Schmidt & Co., druggists.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

MEDICAL LAKE SALTS
NOT A CATHARTIC - NOT A PATENT MEDICINE.

So long as Medical Lake can provide the requirements of an enfeebled constitution, you need not suffer. Here are Nature's own remedies, direct from the hand of the Great Creator, brought to you in the shape of pleasant, agreeable, health-giving Salts, evaporated by our own process. They have lost absolutely no virtue—no strength. By analysis, the waters of Medical Lake contain twelve ingredients, each and all standards of the pharmacopoeia. By analysis the Salts have the same in exactly the same proportion. Nature has compounded them so efficiently that man has tried and tried in vain to make them. But art can never compete with nature, when nature evolves a masterpiece. That the Salts are a masterpiece, the Indians for centuries have known. They have lived high up in the mountains, among the forests of Washington, their Indians for centuries have known.
