ST. MICHAEL CITY

GREAT COMMERCIAL GATE  
TO THE FAR NORTH.

River Business Increasing From Year  
to Year Will Make a Great City at  
the Mouth of the Yukon—People  
Want Harbor Improvement.

Will H. Brill, special correspondent  
for the Seattle Star, with the sena-  
torial commission in Alaska, writing  
from St. Michaels, says of that far  
northern city:

"The thing which impresses the  
visitor first about St. Michaels is the  
great amount of money tied up there.  
When the trading company combine  
was effected two or three years ago  
and four of the five companies operat-  
ing in the country were combined,  
great fleets of river steamboats went  
out of business.

"A score of these boats are now  
on the beach at St. Michael waiting  
for the elements to complete the de-  
struction which has already begun.  
Ten or a dozen of these boats are  
floating palaces, or were a year or  
two ago, but they have now been  
abandoned and it would hardly be  
possible to sell them for junk.

"These boats cost their builders  
anywhere from \$75,000 to \$175,000  
apiece and the total cost of the craft  
now abandoned in St. Michael harbor  
would figure considerably over \$1-  
000,000. Naturally all these beached  
boats give the town an ancient and  
gloomy appearance, and when the en-  
thusiastic company 'boomers' tell  
of the future of St. Michael one does  
not need to turn around to see one  
of these massive hulks starting him in  
the face like the skeleton at the feast  
and placing a good-sized 'copper' on  
the 'boomers' enthusiasm.

"St. Michael would, however, give  
promise of being at some time a  
very important point, were it not for  
one thing. Its chief advantage is its  
harbor, the only one on the western  
coast of Alaska. There is no doubt  
that the Yukon country is destined  
to a steady growth and that the nat-  
ural business of the river is bound to  
increase, in spite of the fact that the  
great rush is over and the boom is  
broken.

"There can, however, never be a  
town of any size at this point, for  
the whole island is a military reserva-  
tion, and even the big company plants  
are there only by permission of the  
war department.

"The island was reserved years ago  
as a military reservation and unless  
a good part of it is reopened the fu-  
ture city at the mouth of the Yukon  
must be built at some other point.

"The people of St. Michael, particu-  
larly the big commercial compan-  
ies, are very anxious for the improve-  
ment of their harbor, and particu-  
larly for the improvement of the  
mouth of the Yukon.

"The great spread of the waters  
at the mouth of the delta make na-  
vigation there difficult and future con-  
gresses will doubtless see millions of  
dollars in river and harbor appropria-  
tion bills for the improvement of  
this harbor and this water way."

Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark.,  
writes: "For 12 years I suffered from  
Yellow Jaundice. I consulted a  
number of physicians and tried all  
sorts of medicines, but got no relief.  
Then I began the use of Electric  
Bitters and feel that I am now cured  
of a disease that held me in its grasp  
for 12 years." If you want a reliable  
medicine for Liver and Kidney trou-  
ble, stomach disorder or general de-  
bility, get Electric Bitters. It is  
guaranteed by Tallman & Co. Only  
50c.

New Show Cases Arrive.

The ever progressive Peoples  
Warehouse has just received four  
large plate glass show cases which  
will afford additional opportunity for  
displaying the fashionable goods of  
the season. Two of the new cases  
will be placed in the clothing depart-  
ment and two in the dry goods side  
of the big store. The cases are from  
the factory of R. Lukke, of Portland.

Bright's Disease and  
Diabetes News.

San Francisco, Oct. 20, 1903.  
To F. W. Schmidt's Pharmacy: Dear  
Sirs.—As agents for the Fulton Com-  
pounds in Pendleton, there are some  
facts in the Call office in this city  
that should interest you and the edi-  
tors of Oregon, as well as newspaper  
men generally. We copy now from  
a letter from Clifford House of the  
Call:

"However improbable may seem the  
statement that Bright's Disease and  
Diabetes are now curable in a great  
majority of all cases, it is well within  
the province of some of us in the busi-  
ness department of the Call to know  
that it is true. Mr. Edward Short  
of this department was given up by  
his physicians as a victim of Diabetes,  
and is now perfectly well. The mother  
of one of the editorial staff has also  
recovered from Diabetes. This was  
so conclusive that I told a friend, a  
well-to-do citizen of Duluth, Minn.,  
who had Bright's Disease, and he too  
recovered.

We will also add that an ex-supreme  
judge, with offices in the Call build-  
ing, is a late recovery. You are au-  
thorized to proclaim to the world that  
the most deadly diseases known, viz.:  
Bright's Disease and Diabetes, yield  
to the new diuretics evolved during  
experiments made upon himself by  
John J. Fulton of this city in his me-  
morable struggle against the ravages  
of Bright's Disease.  
Yours very truly,  
THE JOHN J. FULTON CO.

# THE FAIR

IMPLEMENT MEN.

Five Hundred Are in Session at  
Cleveland, Ohio.

Cleveland, O., Oct. 20.—The tenth  
annual convention of the National  
Agricultural Implement and Vehicle  
Manufacturers' association began at  
the Hollenden hotel here today and  
will continue until Friday. Nearly  
500 members were in attendance, rep-  
resenting many millions of invested  
capital. The business of the conven-  
tion was opened with the annual ad-  
dress of the president, Martin King-  
man, of Peoria, Ill. He congratulated  
the members on the favorable trade  
conditions now existing and the hope-  
ful outlook for the future.

Exports, \$21,000,000.

In his further remarks he called  
attention to the phenomenal increase  
in the foreign trade, the American  
exports of agricultural implements  
alone amounting last year to \$21,000-  
000. Other topics touched upon in  
the president's address were the desir-  
ability of a uniform classification of  
freight rates throughout the country  
and the importance of the early com-  
pletion of the Isthmian canal. Secre-  
tary Frans E. Lukens, of Chicago, pre-  
sented a report showing a gratifying  
growth in the membership of the as-  
sociation. At the succeeding sessions  
of the convention the question of re-  
ciprocity with Canada will be ex-  
haustively considered and an address  
on the subject will be delivered by  
John Charlton, M. P., member of the  
Joint High Commission.

MISSIONARY ASSOCIATION.

Fifty-Seventh Annual Meeting Na-  
tional Association.

Cleveland, O., Oct. 20.—The fifty-  
seventh annual meeting of the Amer-  
ican Missionary Association was for-  
mally opened today in Plymouth Con-  
gregational church. The proceedings  
are to continue three days. Prom-

inent among the distinguished  
churchmen and mission workers in  
attendance are Rev. Washington  
Gladden, D. D., of Columbus, O.; Rev.  
Newell Dwight Hillis, D. D., of Brook-  
lyn, and President Thwing, of West-  
ern Reserve university.

The reports of the officers show  
that the association now has 749 mis-  
sionaries in the field. The financial  
condition of the association shows  
that the expected gain has not been  
made and that the increase in dona-  
tions has not equalled the shrink-  
age in the estates. The sum of \$369-  
599 was received and expended dur-  
ing the last fiscal year.

Rich Mines Sounded.

The White Monument Helena, Pea-  
cock and Blue Jacket copper mines in  
the Seven Devils mining district, own-  
ed by Helena, Mont., people, have  
been bonded to the Bingham Smelting  
Company, of Salt Lake, for \$525,000.  
The bond runs for two years. One  
payment has already been made and  
another is due November 10.

To Promote Legislation.

Bismarck, N. D., Oct. 20.—The live  
stock, agricultural and business in-  
terests of the entire state were well  
represented today at the opening of  
the North Dakota irrigation conven-  
tion. The convention will be in ses-  
sion two days. The principal work  
will be to decide upon the best use  
to be made of North Dakota's share  
in the \$3,000,000 irrigation fund in  
the national treasury.

More Evidence of Trib's Good Work.  
Baker City, Ore., Sept. 9, 1903.—I  
was a constant user of both smoking  
and chewing tobacco for 46 years. I  
took a treatment of TRIB about three  
months ago, and can endorse it as a  
cure. My general health is much im-  
proved since I took your cure. Sinc-  
erely yours,  
N. H. STANBIRD.  
Tallman & Co., local agents.

Children's school shoes 'bat wear  
and look well, at Teutsch's.

Bug Landlord—Darn those worms, anyway. They've skipped their rent and eaten half the house besides.
