## DEDICATION NOV.

NEW HOSPITAL READY FOR OCCUPANCY UPON THAT DAY.

Addresses by Bisnop O'Reilley, Gov. Chamberlain, Gov. Morrison and Other Notables - Hospital Is a Finely Equipped Modern Institution, Rivaling Any in the State.

Yesterday afternoon Bishop O'Reiley, in conference with the Sisters of St. Francis, uecided to postpone the aedication of the new hospital from the first of the month until the afternoon of the sth, in order to have the pleasure of the presence of Governors Chamberlain, of Oregon, and Morrison, of Idaho, at the services. Both of these gentlemen have ex-pressed a desire to be present and lend their efforts toward making the dedicatory services an epoch in the history of the city, and as they will be here in attendance on the irriga-tion convention, it was decided to hold the services in connection with the opening of the hospital on the day before the convention in order to save the distinguished visitors the

inconvenience of an extra trip here.
The new hospital has been, or will be by the 8th, completed and ready for occupancy, and on that day it will be thrown open to the general public for their inspection, that they may be able to see before it is occupied all of the conveniences and advantages which it possesses.

Finely Equipped.

The St. Anthony's hospital, as the new edifice will be christened, will be one o fthe best equipped institutions on the coast when it is finished and in operation. Not that it will be as large as some, but it will be a far better institution for Pendleton, taking into consideration the size of the two places, than is St. Vincent's hospital for Portland. The surgery is as good as can be found in any of the institutions on the coast, and of life, but it has been constructed out of the experience of the past and with the hop's presence, knowledge of the present. It is complete in every detail, and as near perfect in equipment as the thought and efforts of the management could

# A Little Higher in Price, but-!

We wish to call your especial attention to butter. The Gold Medal Brand has a reputation well established to which we can add nothing; and we would say if there has ever been a customer dissatisfied with this Butter, it was no fault of the creamery. In order to have GOOD BUTTER there are two very IMPORTANT things to be considered: first, all Butter must be well taken care of.

comes to us in excellent condition, well covered with parch ment paper, and is placed in our refrigerator at once, which keeps it from being exposed to the changes in temperature, and it will not become rancid. Another thing, always order THE GOLD MEDAL BRAND, as it is properly taken care of from the time it leaves the cow until it reaches your table. We make a specialty of this butter, having fresh arrivals frequently, and can assure you perfect satisfaction at all times; therefore it will be to our mutual advantage if

tion will begin. The general dedi-cation of the building will be held first and will be in the open air, as will all of the exercises and ad-dresses. The church will have exclusive charge of the first part of the service, in which the hospital will be given, according to the ritual of the church, to the service of God and to the amelioration of the sufferings of man. The ritual in connection with

this service is simple yet impressive and will be a fitting and solemn open ing for the services of the day.

Address by Bishop O'Relley. Following the general dedication, Bishop O'Relley will make the open-ing address of the day, in which he will explain the purposes of the institution, its scope, its past history and its future expectations. He will open it to the public and dedicate it in words to the good of humanity.

Governor Chamberlain and Governor Morrison will speak after the bishop has finished and Mayor T. G. Hailey will make the address of weicome to the visitors and the general public. Judge Ellis will also be pres-ent and speak, and the medical staff of the hospital will have one of their number address the people in behalf

of the medical profession.

A general invitation will be extendpers of the medical profession of the interest to the proceedings by their

A band and other music will provided for the occasion and the day will be made one of the memor-able ones in the history of the city.

Banquet Last Evening.

Last evening a banquet was ten-dered to Bishop O'Relley by the Sis-ters of St. Francis, at which the memoers of the staff of the hospital and other invited guests were present. It proved a great treat to those fortunate enough to be present to be enabled to meet the bishop and hear from him the plans he has for the work in this part of the state, and his expectations of the good that will come from the work.

The feast in itself was something to make mankind forget the sorrows of life, but it proved of small interbeside the pleasures of the bis-

Sold His First Crop.

Conductor Frank Coykendall, who is now on the passenger run of Martin Anderson, on the O. R. & N., has just sold his first fruit crop, at La Grande, and is proud of the record. His orchard is only five years old, all of the Gano variety, and this year he has just sold 1,000 boxes from 376 trees, and in that number of boxes but four were culled, or second-grade apples. The price paid was 75 cents per box.

To Sell Theater Tickets.

Manager Nixon, of the Frazer theater, has decided to place the seat sales at Brock & McComas' drug store, on account of the inconvenience of the box office, for the patrons of the theater. His time is taken up with other details of his business, and for this reason the change will be made. Hereafter the seats will be found at this place

Wolf-Townsend.

Word has been received in the city Word has been received in the city announcing the coming marriage of Charles A. Townsend and Miss Fannie Wolf, in Vancouver, on the evening of October 29. Mr. Townsend is well known here, having been the guest of friends in this city at variout times. He is an old employe of the Wells-Fargo Express Company, being the cashier in the Portland office. Mr. and Mrs. Townsend will reside in the latter city.

Verdict for Norsitch Company for \$3,709 Against the O. R. & N .-- Another Damage Case for \$4,259, is Now Being Tried, Which Also Originated With a Fire.

The jury in the case of the Norsitch Union Fire Insurance Company vs. the O. R. & N., was out all night and all of the forenoon. They were unable to agree for a long time on a verdict, and made several attempts to be discharged, but failing in this at noon today settled on a verdict.

On the convening of the court this afternoon they were called and awarded their decision, the amount claimed by the plaintiffs in the case, \$3,709, together with the costs and disbursements of the action,

Another Damage Case.

The circuit court took up the consideration of another O. R. & N. damage case this morning, when it convened at 9 o'clock. This time it is the case of the Manchester Assur-ance Company and Virgil Moore against the O. R. & N. The plaintiff is represented by the firm of Balleray & McCourt, while the railroad has Charles H. Carter, W. W. Cotton and H. F. Conner to look after its inter-

ests.

The complaint alleges that on December 3, 1902, Virgil Moore had in the warehouse at Barnhart Station, 7,008 bushels of bluestem wheat, of the value of 71 cents a bushel, or the aggregate value of \$5,039,58. This wheat was insured by the plaintiff company in the sum of \$4,259. On the morning specified at about o'clock, the ware louse was set on fire by a passing engine belonging to the O. R. & N. and totally destroyed, to-gether with the wheat contained. The plaintiffs have never received any reparation from the railroad for

the damage done, and therefore they ask judgment and costs of the company in the sum of \$4,259, which the Manchester Assurance Company paid to Moore as per policy, and the further su mof \$780.58, the amount lost by Moore in excess of his insur-

The case is being tried before a jury composed of John McKeown, G. W. Rugg, W. E. Potts, J. S. Harris, E. L. Cheney, George Ginn, W. P. Dan-lels, Jesse M. Baskett, Lee Teutsch, Henry Lorenzen, James Derrick and G. DeGraw

WINTER THEATER PROGRAM.

Season Opened Last Night at Armory Hall With a Good Attendance.

The opening performance at the Winter Theater, in Armory hall, was greeted with a good attendance last night. The hall has been well arranged for the purpose and the seating capacity was about all occupied to

witness the opening program.

The work of LaVern, the singing of Bessie LaVern, the shadowgraph work of Travelle and Landers, the juggling of Raynor and the moving pictures were all excellent. The "dance of death" by LaVerne. was one of the most novel and mys-

tifying performances ever seen in this city, and the shadow work of Raynor wes especially worthy of mention. It was a whole show itself. Manager Nelson is well pleased with the prospects at the beginning of the season, and will improve and add to the progrem as fast as possithroughout the season.

Attending Court.

Conductor Harris, of the O. R. & N. passenger run between this city and Portland, one of the oldest and handsomest men in the service, and one of the most genial conductors running outside of Arkansas, is lay-ing off a few trips to attend the ses-sion of circuit court in this city.

A COUGH

CONUNDRUM

When is a cough more than a cough?

When it's a settled cold. When it hangs on in spite of all you can do. Cough mix-tures won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents its coming back.
