WHOLESALE REMOVALS.

Many Postoffice Department Boodlers
Being Fired.

Washington, Oct. 21.—M. A. Louis, superintendent of the supply division of the postoffice department, was this afternoon removed, charged with favoritism in letting contracts. He was appointed by Heath.

Also, Lewis Kemper, superintendent of the registry system, removed for incompetency, neglect, waste, extravagance and violation of the revenue laws.

Also C. B. Berry, clerk of the supply division is removed for making false affidavits, general inefficiency and attempting to obtain money from fellow clerks for political purposes.

The postmaster of New York is directed to remove Otto Weis, clerk for the collection of money to secure promotions.

JURY WILL HEW TO LINE.

Judge Bellinger Instructs Federal Grand Jury to Probe Deep.

Portland, Oct. 21.—In charging the United States grand jury this morning, Judge Bellinger gave instructions which clearly indicate a desire to go to the bottom of the land frauds and other criminal charges to be laid before the jury.

The court said the jurors should inquire without fear or favor into the matters coming before them, and said that they should have no scruples, should the facts warrant it, in finding against public officials charged with wrong doing, on the ground that their conviction would be a reflection on those instrumental in securing or making their appointment.

Refused Credit.

Minneapolis, Oct. 21.—Gertrude Hill, youngest daughter of the railroad magnate, was refused credit at a St. Paul wholesale house for a pair of boots. The clerk adhered to the rule that individual accounts be declined, to charge either to the father or daughter. The latter was angry.

THREE MURDERS IN TENNESSEE

WATCHMAN AND THIEF

FIGHT A PISTOL DUEL.

Attempt to Break Up a Crap Game
Resulted in Two Men Being Killed
by a Negro at Friar's Point.

Memphis, Oct. 21.—News arrives this morning of a fatal duel at Bookhaven. Night Watchman Forsythe attempted to arrest Richard Russell, who fired simultaneously and both fell dead the same instant.

Also at Friar's Point, a negro, McCoy, shot and fatally wounded his employer, George Neck, and White, a contractor, because the latter tried to stop a crap game.

GRAIN MARKETS.

Quotations Furnished by Coe Commission Company—B. E. Kennedy, Local Manager.

Pendleton, Oct. 21.—Good judges of speculation are more than ever convinced by the action of the stock market thus far this week that securities have been thoroughly liquidated and are now a purchase on every soft spot.

Furthermore, it is their opinion that the slump caused by the financial troubles at Baltimore has been so unhesitating as to confirm beyond question the impression that the bulk of the selling on the latter development was by a very powerful bear party while buying on the break was for the account of the strongest interests in the street hence comment is bullish.

The wheat market is very strong, the cash demand being good and with cables strong looks very much like higher prices. Liverpool closed 3/4 higher.

WRECK ON POINT GORDA.

Boat Was Lost But the Passengers Were Saved.

Eureka, Cal., Oct. 21.—The steamer Iaquia, from San Francisco, struck on Point Gorda this morning during a dense fog. She put off without assistance, but lost her rudder. She was spoken by the Pomona but the captain of the latter refused any assistance. The passengers were taken on board the Pomona.

PRESIDENT NORTHERN PACIFIC.

Mellen is Succeeded by Elliott, of the Burlington.

New York, Oct. 21.—Howard Elliott, the new vice-president of the Burlington, has been elected president of the Northern Pacific to succeed Mellen.

PROTESTS BY THE RUSSIAN PAPERS

Charged That American Mis-
sionaries Too Often Have
Political Purposes.

ALSO THAT AMERICA
IS AN INTERFERER.

Complains About Growing Intimacy
of United States and Japan, and
the Former's Increasing Aggressive-
ness in Oriental Affairs.—Complaint
Has a Quasi-Official Origin.

St. Petersburg, Oct. 21.—The press today is generally protesting against American interference in old-world affairs.

The Novoe Vremya arraigns the American missionaries, who, it says, formerly confined their efforts to expounding the gospel at their own risk, but now, sheltered by American diplomacy, conduct a propaganda strongly tinged with political colors.

Complaint is also made against American energy in Pacific waters, and the continual effort made to effect economic conquests in China and secure control of Oriental markets. America and Japan are growing more and more intimate, until American interests transcend those of European powers.

MYSTERY AT PERRY.

Otto Henning Found Dying on Depot Platform.

Perry, Oct. 21.—(Special to the East Oregonian.)—Otto Henning, a blacksmith of the Perry Lumber Co., died in terrible agony yesterday evening, of what is thought to be carbolic acid poisoning.

Henning went to La Grande Sunday morning and returning home yesterday evening he was overtaken by a couple of men in a buggy, who gave him a ride. He got out of the buggy near the platform, staggered over to the walk beside the O. R. and N. track, and fell down unconscious, dying without becoming conscious to tell who the men in the buggy were.

Dr. Willard Smith, of La Grande, made an examination and found that death was caused by what appeared to be carbolic acid administered in whiskey.

Henning was 46 years of age and came from Wisconsin. He was known to have had about \$20 when he left La Grande, but his money was gone when he was found on the platform here. No clue has been found that would disclose the identity of the men in the buggy with whom Henning rode.

Took the Shotgun Route.

Seattle, Oct. 21.—John McNeil, formerly a wealthy man of Toronto, lately porter in a local hotel, blew his whole side out with a double-barrel shotgun while despondent, through a protracted spree and financial losses this morning.

Postoffice Robbed.

Superior, Wis., Oct. 21.—The post-office was robbed last night of more than \$10,000 in currency. The stamps also have been stolen.

GOV. PEABODY IS UNDER FIRE

RESULT OF PADDED
MILITIA PAYROLLS.

General Chase of the National Guard
Is to Be Made a Sacrifice to De-
credit His Testimony Elsewhere.

Denver, Oct. 21.—The court-martial of General Chase today developed evidence which gives color to current rumors that the head of the guard is to be sacrificed to forestall disclosures relative to payroll padding, prior to the convening of the military board, of which Governor Peabody is a member and which passed the padded payrolls over General Chase's protest.

POLITICAL RIOTS.

Trouble Over and With the Jews at
at Pinsk, Poland.

Berlin, Oct. 21.—Servia has placed a large order for Krupp guns and ammunition to be delivered in March. This indicates a Balkan outbreak in the spring.

Heir of Alexander.

Belgrade, Oct. 21.—The Official Gazette will publish an edict recognizing Queen Natalie as heir to the personal estate of the late King Alexander.

WHY PENDLETON IS SHORT OF WOOD

Not Because Timber, Chop-
pers or Transportation Fa-
cilities Are Scarce.

EIGHT THOUSAND CORDS IN
MOUNTAIN WOOD YARDS.

Not Quite 400 Cords in This City and
the Price Still Climbing — Walla
Walla Dealers Have the Output En-
gaged in Advance — Cars Not
Scarce.

Red fir, \$7 per cord; black pine poles, \$6.50 per cord, and good dry black pine, \$6.75 per cord. That is the story in Pendleton today.

There are about 350 cords of wood in the yards, for sale at these prices, and very little coming in.

On the dumps at Nibley spur, Meacham, Murdock spur and Kamela are fully 8,000 cords of marketable wood today. This wood is owned principally by Eugene Tausick, of Walla Walla, and is passing through the city of Pendleton on every train.

Cars are being furnished to the Walla Walla wood man about as fast as ordered, and the situation in Walla Walla is not serious. In talking with woodmen at the Blue Mountain stations, this week, P. P. Collier, a wood dealer of this city, found that nine out of ten of the wood choppers and dealers of the mountains have contracted all their output to Mr. Tausick, and that while the amount on the dump is now almost double there at this time last year, it is almost impossible to get a car of wood for this city.

A Walla Walla Combine.

Mr. Collier said to an East Oregonian representative today:

"At Meacham there is twice as much wood on the dump as at this time last year; at Nibley spur there is three times as much; at Murdock there is more than at this time last year, and at Kamela and Spring spur the amount is double.

"The wood supply at the mountain stations is controlled by two men in Walla Walla, with possibly a small amount in the hands of one Pendleton man. Every hauler consulted, with one or two exceptions, had contracted his output in advance to the Walla Walla firms, and there is little prospect of any great amount coming to this city, even if the reported shortage of cars is removed and shipping begins."

With the winter months near at hand, and the supply limited to about one-fifth the amount usually consumed in this city, it is idle to talk encouragingly of the wood situation here. That there is a corner on the wood situation in the Blue Mountains is a fact which cannot be disputed in the face of the evidence of the wood haulers, themselves, who refuse to sell to any other than the dealer in Walla Walla, who has had the output in his grasp since before it was cut from the tree.

Cars are about as plentiful as ever, at this time of year. There is little wheel moving now, and there is no other active shipment that would corner the cars. It is the wood that seems to be cornered.

BANKS AND TRUST COMPANIES FAIL

CAPITAL WAS \$2,000,000.
FAILURE FOR \$7,000,000.

Caused by Unprofitable Investments
and Tight Money Market — Suspend-
sion Union Trust Company Held
to Be Unnecessary.

Washington, Oct. 21.—The acting comptroller of the treasury last night appointed National Bank Examiner Cunningham receiver for the Federal National Bank of Pittsburgh. The only word the comptroller had was a long distance telephone message that the bank would not open today. No details. The bank was capitalized at \$2,000,000.

Liabilities \$7,000,000.

Pittsburg, Oct. 21.—The Federal National Bank, for which a receiver has been appointed, is a heavy loser in the Eastern Tube Company, of Zanesville. More than \$500,000 was withdrawn by depositors yesterday owing to the decline of the bank's stock on change. The last statement of the bank shows liabilities of \$7,000,000.

Depositors Are Safe.

The president of the Federal Bank at noon issued a statement saying that at no time was any depositor in danger of losing his money. When the doors closed it had nearly \$2,000,000 deposits to secure, which it had on

hand in cash, and good securities of more than \$4,500,000. He says nobody has defaulted, absconded or been smitten with paresis. Depositors are expected to testify.

Evaporation of Stock.

New York, Oct. 21.—At the hearing to make the receiver permanent for the United States Shipbuilding Company today, Charles Canda, president of the Canda Manufacturing Company, testified relative to the absorption of \$1,000,000 stock. Nixon was also a witness. Schwab and Max Pam are expected to testify.

Only Momentary Effect.

New York, Oct. 21.—The Pittsburg bank failure had a momentary effect only, as all advices show the situation elsewhere solid.

Pay Dollar for Dollar.

Pittsburg, Oct. 21.—The bankers believe the Federal National will pay dollar for dollar and that its embarrassment is due to a tightened money stock and fluctuations. They do not believe the flurry will extend to other institutions.

Closing Unnecessary.

Baltimore, Oct. 21.—It is common talk in financial circles that the closing of the Union Trust Company was entirely unnecessary and a case of lost nerve. Receiver White ex-

ILLINOIS CENTRAL.

Has Spent Over \$15,000,000 in Improvements Within a Year.

Chicago, Ill., Oct. 21.—A majority of the several thousand stockholders of the Illinois Central railroad were present in person at the annual meeting held at the general headquarters here today. The business of the meeting was purely of a routine character.

The annual report presented to the stockholders for approval showed a year of almost unprecedented prosperity for the company. During the twelve months more than \$15,000,000 was spent in improvements.

MARRIED IN A HOSPITAL WARD

BAKER CITY COURTSHIP
COMES TO ROMANTIC END.

Mr. C. R. Hall, Stricken With Fever,
Is Nursed by His Sweetheart, Who
Is Also Stricken Down—While In-
valids, They Are Happily Wed.

Baker City, Oct. 21.—C. R. Hall and Miss Etta Shepperd were married in a ward in St. Elizabeth's hospital, here, yesterday evening, under romantic circumstances.

Hall is a business man of this city, and while Miss Shepperd was here visiting this summer, an attachment sprang up between them which soon ripened into a case of love at first sight. Miss Shepperd returned to her home in Portland, and the happy couple looked forward to the day of the marriage, which was to have taken place about Christmas, in Portland.

A short time ago Hall was stricken with typhoid fever, and Miss Shepperd came to nurse him through his sickness, and was herself stricken down with the disease, while attending him. He soon recovered and her case was not severe, and yesterday, it was decided to remove her to her home in Portland. Before he would allow her to go, her betrothed insisted that the ceremony be performed, and so she consented.

In the hospital ward, with a couple of meek sisters as witnesses, Rev. George T. Ellis, of the Baptist church, made the happy invalids man and wife, and Mrs. Hall left the sick ward which was also her bridal chamber, for Portland this morning, still sick, but indescribably happy.

It is the first marriage ceremony ever performed in the hospital at this place, and the sisters in charge have added a new experience to their eventful lives.

SAMUEL MORSE KILLED.

Veteran Indiana Editor Falls From
Third Story Window.

Indianapolis, Oct. 21.—Samuel Morse, owner of the Indianapolis Sentinel, and former consul-general at Paris, fell from the window of his private office on the third floor of the Sentinel building, this morning and was fatally injured.

Morse died at 10:30 in a hospital. He had been suffering with stomach trouble for years, which has been alarmingly worse the past few weeks. The suicide theory is advanced by many friends. Recently he was exceedingly despondent.

He fell on his head and shoulders and the skull was crushed. Passers-by narrowly escaped.

Morse was one of the most prominent democrats in the country. He was appointed to Paris by Cleveland. He leaned toward the gold standard and had been many times attacked by Bryan.

Asphyxiated by Gas.

San Francisco, Oct. 21.—Joseph E. Allen, a barber, and Miss L. Cogle, were found in bed together dead, asphyxiated by gas last night in a lodging house. Supposed accidental. Identification was made by papers on their persons.

VIOLATED THE FISH STATUTE

Young Man Convicted in Fitz
Gerald's Court, But Sentence
is Suspended.

ARREST AND ACTION BY
GAME WARDEN NYE.

The Court Reviews the Law Provided
for the Protection of Fish, Stating
the Penalty for Its Violation—Offi-
cials Will Hereafter Enforce the
Game Law Rigidly.

This morning at 10 o'clock the case of the State of Oregon vs. H. W. Knox came up for hearing in the justice court. Knox was accused of catching salmon out of season, having been arrested yesterday afternoon by Game Warden A. W. Nye while at work in the fall race of the Byers mill with a grab hook.

On the introduction of the evidence the court found the defendant guilty as charged in the information, and imposed upon him a fine of \$50, the minimum punishment according to the law. The court suspended sentence, however, during the good behavior of the defendant, and allowed him to go upon his own recognizance.

In passing sentence Judge Fitz Gerald viewed the sentiment of the officers in the following words:

Statement By the Court.

"Under the evidence in the case it is my duty to find the defendant guilty. The law provides that it shall be unlawful to use any foul hook, or any other device for hooking salmon. It also prohibits the catching of gravid or spawning salmon at any time, or in any manner. The run of fish in the Umatilla river at the present time is steel-head salmon, which are there for the purpose of spawning, and therefore come under the definition of gravid or spawning salmon, the taking of which is absolutely prohibited by law.

"The penalty in these cases is quite severe, the fine being not less than \$50 nor more than \$1000 and costs of the action, or by imprisonment in the county jail not less than 25 days, nor more than one year, or both such fine and imprisonment.

Suspends Sentence.

"For a young man in your condition this is a severe punishment, and one that it is the duty of the court to impose, if judgment is found at this time, but in view of the recommendations of the prosecuting attorney and of the game warden, and believing that this will be a lasting lesson to you, I will suspend the passing of sentence at this time and allow you to go on your own recognizance during good behavior. But you must not understand that by making this recommendation in your case that the officers are disposed to condone the offense, or look lightly on the crime, for they are determined to put a stop to this breaking of the law, and henceforth its provisions will be rigidly enforced."

Will Not Be Lenient Hereafter.

Hereafter the game warden will have no leniency in dealing with these cases. At the first of the season he was disposed to deal lightly with those who had violated the law, on their plea of ignorance; but in the future no such plea will be recognized and all those who violate the statutes will have to take the consequences.

NO CURES IN NEW YORK.

"Not Lack of Faith, But Difference in Time."

New York, Oct. 21.—Dowie this morning in a discourse, attacked the press and says the reason the healings have all gone wrong is because he forgot the difference in time whereby the host in New York was praying at 9 o'clock Eastern time, and the host in Zion City at 9 central time. He has ordered a rectification, so the Chicago prayers will be at 8 o'clock and the healing will now go on perfectly.

Many of the host are exhausted, and have been taken into the New York homes and fed and sheltered. Forty-three are ill from exhaustion.

WILL VISIT IN WALLA WALLA.

Recent Arrivals From New York Will Hereafter Live Here.

Mrs. Joe Parks, accompanied by Will B. Parks, a brother of her husband, left this morning for Walla Walla, where she will be the guest of relatives and friends for a few days. Mrs. Parks goes to Walla Walla to meet a new sister-in-law, for Mr. and Mrs. Will Parks are recent arrivals from New York, where they have lived for the last nine years, and this is the first time that the two families have met. It is the intention of the new arrivals to reside in the West in the future.
