## BRIDGE AND STREET

WORK BEING PUSHED IN  
READINESS FOR WINTER.

More Cement Sidewalk Will Be Laid  
—Two Hundred Feet of New Walk  
Adjacent to St. Joseph's Academy  
—General Repairs Being Made All  
Over the City.

The timber for the first layer of the decking on the Main street bridge has arrived and is on the ground ready for the commencement of the repairs to the structure. The old flooring is pretty uneven and worn, and it will be a good thing when the rest of the material arrives and work can commence. It is expected that the lumber for the upper part of the decking will be here in a day or so, and as soon as it is on the ground the workmen will begin operations. The new material has been on the road for some time and part of it was once delivered but was not what was ordered, so it was rejected.

The street commissioner is at work on general repairs over the city and is fast getting the sidewalks into good condition for the wet weather of the winter. His men are now putting in a cross walk at the foot of Main street near the bridge, which will be a great convenience.

A force of men is finishing today a 200-foot piece of walk on East Alta near the academy, and in a day or so gangs working for W. H. Byers, the O. R. & N. and the city will put in a long string of walk from the bridge across the race to the end of the walk in front of St. Joseph's. There has been a narrow walk there, but it is old and worn and if not satisfactory, so the street commissioner has been working for some time in getting the co-operation of the property-owners along the district in putting in a new one. The new walk will be seven feet in width and built of heavy material to insure its staying in good repair for several years to come.

The sidewalk in front of the Last Chance saloon is being torn up today and in its place will be laid a cement one joining to the one recently put in by M. A. Rader in front of his store.

The street department will have in a short time all of the walks and crossings in the city in good repair and serviceable.

### BLOODED RAMBOUILLETS.

Hackett Has Bought and Will Ship in  
45 Head of Bucks.

James Hackett, the sheepman, left this morning for Dayton, where he goes to superintend the shipping of 45 head of full-blooded Rambouillet

bucks to his sheep ranch, near here. Mr. Hackett bought the sheep last summer, but preferred to leave them on their home pasture until he needed them on his ranch. The sheep were bought from the flocks of R. Jackson, the breeder of blooded sheep and are as fine as any to be found in the country.

Mr. Hackett, like all the other progressive sheepmen of the present time, is putting the best blood available into his sheep, and will depend rather on quality than on quantity.

### FINEST FALL WEATHER.

E. T. Wade Says There Has Been  
Nothing Equal to it in 20 Years.

E. T. Wade, the real estate dealer, who has resided in this county for the past quarter century, in speaking of the progress of seeding in Umatilla county, to an East Oregonian representative, yesterday, said:

"In the 20 years that I have witnessed the seeding of crops in this vicinity, I have never seen such a favorable fall for the farmer. Nearly all the wheat land in the real wheat belt of Umatilla county is now seeded down, and much of the wheat is now up from one to three inches in height. The early rains brought up the weeds, and the seeding process, while the weeds were young and tender, killed them out completely, and the wheat crop next year should be free from this pest. It is the weather the farmer ordered and he has taken advantage of it."

Mr. Wade reports the real estate situation quiet at present. The farmers are not anxious to sell owing to the excellent crop and the high prices of grain. City property has been moving slowly, but there is no briskness to the market.

### Dr. WITHYCOMBE WILL COME.

Noted Agricultural Expert of the  
State Agricultural College, Will Attend  
the Irrigation Meeting.

A letter received from Dr. James Withycombe, the agricultural expert of the State Agricultural College, at Corvallis, announces that he will attend the meeting of the State Irrigation Association in this city and will prepare an address on "Some Practical Problems of Irrigation."

Dr. Withycombe is one of the most practical scientists on the Pacific Coast, and his work in the various industrial departments of the agricultural college has had a refreshing effect on methods in Oregon. His address will be anticipated with great pleasure by those familiar with his thorough work and charming manner of expressing the homely truths surrounding the science of agriculture.

## UKIAH POSTMASTER

FEDERAL GRAND JURY  
INVESTIGATING HIM.

Alleged That Mr. Hewett Used Government Stamps in His Private Business Transactions—Also That He Falsified His Official Records to Cover Tracks.

Fred Hewett, the former postmaster at Ukiah, was up before the federal grand jury at Portland yesterday charged with having used postage stamps in payment for merchandise, and with having falsified the records of his office. What action the jury took in the case has not as yet been learned, but it is the opinion of those who know the case that he will be held to appear before the court.

Hewett was arrested by Inspector Green on July 15 last and was arraigned in this city before Commissioner John Halley, Jr., and bound over to the grand jury in the sum of \$500, which he furnished. Since that time he has been at liberty and is now in Portland awaiting the result of the investigation.

Hewett was accused of using \$20.40 worth of stamps at one time, and \$12.80 worth at another, with which to purchase goods of an Eastern department store. It was also alleged that he falsified the records of his office in order to cover up the commission of the crime.

### ADCOCK DAMAGE SUIT.

Suit for Damages Is Now in the  
Hands of a Jury.

The circuit court has had the case of the Manchester Assurance Company vs. the O. R. & N., under consideration all the forenoon and most of the afternoon. The case was sent to the jury between 3 and 4 o'clock.

The next case on the docket is another damage suit against the O. R. & N., and is brought by Mrs. Elizabeth Adcock. The plaintiff alleges that on May 10, 1903, she was employed by the company as a cook on a construction train, and that the cook car in which she was working was put on a side track at Nolin while some work was being done there on the main track. While at work in the car the plaintiff was, and the force of the collision was so great that the plaintiff was thrown across the car and sustained severe injuries to her head, right leg and hip, besides having her arm bruised and scalded.

The plaintiff was confined to her room for three weeks and her expenses, together with the permanent injury she has received entitle her, in her contention, to damages in the sum of \$3,370. The plaintiff is represented in her action by H. E. Collier and Halleray & McCourt, while the side of the railroad is looked after by W. W. Cotton, Charles H. Carter and H. F. Conner.

### PARK THEATER PROGRAM.

Good Music and Snappy Performance  
at Armory Hall Last Night.

A new and interesting program will be seen at the Park theater tomorrow night. There will be more comedy. Mr. LaVern will do his clever black-face act. Little Bessie will be seen at her best.

That clever team, Traveller and Landers, will have an entire change, while Rynor and Melbourne will do some very clever comedy work. Mr. Bryant will have new songs and stories.

The dissolving views will consist of thrilling pictures of the Boer war, said to be the finest ever exhibited. A new illustrated song by Miss Landers will be an especial feature. This young lady has an excellent voice and her singing is certainly a treat. A matinee will be given Saturday afternoon at 2 o'clock. Prices will be 10 and 15 cents to any part of the house. Let all the children come. Little Bessie LaVern will give each child present a bag of candy.

### Murphy for Alderman.

A petition is being circulated today among the residents of ward 2, asking Ed Murphy to allow his name to be used in the coming election as a candidate for the position of alderman from that ward. It is understood that there has been almost enough names secured to place Mr. Murphy in nomination for the office.

The longest football kick ever made was quite recently in England, where a ball was sent 231 feet and 6 inches.
