**ON THE GRIDIRON**

AN EX-PROFESSIONAL IS ENGAGED FOR COACH.

Very Promising Team is in Practice and Positions Will Be Determined in a Short Time—First Game Will Be Played October 31—Another Team Talked of.

As the high school boys are trimming down to shape, the football squads of the city are beginning to get their voices in training for the first battle of the season, and this will be fought in this city one week from tomorrow. Just who will come here to be slaughtered is not at this time decided, but it will be either Walla Walla or some of the teams nearer to the city than that.

Weston, Walla Walla, Union, Baker City and a number of others are anxious to take a fall out of the Pendleton lads, and they will be given a try at the game in a short time, but in the opinion of the coach and manager it will be best to take on a team as close to the city as possible, so that they can be shipped home in better shape than if they came from a great distance.

The team at the high school has been at work for some time and is beginning to get whipped into some semblance of shape for the first game. There are a number of new men in the game this year and they are beginning to learn their positions and what to do. In another week or two they will be working together like a machine and will then be ready for the fray.

D. P. Smythe for Coach.

Dan P. Smythe has been engaged to coach the boys for the season and is hard at work with the team. Mr. Smythe is a man of several years experience in college football, and is a hard worker with his men. He has played at Pullman and at Whitman and was captain of his class team at the University of Minnesota, where he butted into the Northern Giants for several years. He is putting ginger and precision into his coultis and has high hopes for their success this year on the checkerboard.

Captain McCarty.

Dell McCarty is the captain of the team, and is one of the veterans of the school. He is at his old position of right half, and has the place bought.

Lester Cronin is following his brother to glory in the full-back place, and will take the center half through the season.

Fred Hartman is playing left half and is putting up a good game.

George Strand at quarter is fast

**HOSTETTER'S**  
CELEBRATED  
  
STOMACH BITTERS  
The Bitters will put the system in such good condition that disease cannot obtain a foothold. It will purify the blood, restore the appetite and cure Insomnia, Headache, Sick Headache, Indigestion, Dyspepsia or Kidney Ailments. Be sure to try it.

and pretty sure. Tumbles are always plenty at the opening of the season, and Strand has no more than are coming to him.

Lester Means at right tackle, Orville Reeves at right guard, Se Williams at right end, Elmer Story at center and Frank Pearce at left guard are all doing good service and are pretty sure of a place.

Herbert Rupe, Folsom and Fred Pinkham are working hard for a place at the left of the line, and the race is even so far.

Fred Milne, Ed Forrest and Frank Pearce are fighting for the left tackle's position, and their fight is also nearly a draw at this time.

Besides, there are a number of other men who are new at the game, but who are making a good showing and who will run some of the old men a hard race before the season is over.

First Game October 31.

The first game of the season will be played a week from Saturday, and at that time some idea of the strength of the team can be gained; but in the opinion of the coach, Pendleton has a good fighting chance for the pennant at the end of this season.

There is talk of organizing a team among the old players of the city, and according to the plans now, steps will be taken in that direction during the next few days. Sunday, perhaps, will see some action in the matter. There are many players in the city, and a good team could be organized.

**VERY FAVORABLE FALL.**

Interesting Review of Farming Prospects Around Adams.

James L'euallen, one of the extensive farmers from Adams, was in the city yesterday on a brief visit, and returned home on the evening train.

Mr. L'euallen has resided in the Adams district for many years, and he thinks this has been the most favorable fall for the farmer that he has ever experienced. Most of the wheat has been seeded and a great amount of it up and growing nicely. The early rains were just what was needed as they started the weeds, which were completely killed out in the seeding process.

Mr. L'euallen farms about 700 acres of his own land, and is thinking of renting some reservation land for the coming year, as the teams and machinery needed to operate a 700-acre farm can be used with very little addition, to cultivate almost as much more land.

Speaking of the corn crop in the Adams district, Mr. L'euallen says the acreage was very small. He is favorably impressed with the idea of raising a corn crop for the purpose of resting wheat land. In his estimation, the wheat yield on land producing corn will be materially affected the year following the corn crop.

The farmers in the country around Adams and Athena are very prosperous this year, and many of them are getting out of debt slowly, and yet many improvements are being made and a great deal of machinery bought which all costs money.

**O'BRIEN AS JURYMEN.**

Was on the Regular Panel, But Has Not Yet Served.

R. M. O'Brien, of Weston, is in the city in attendance on the circuit court as a jurymen. This far Mr. O'Brien has not been chosen on any of the cases, for the attorneys of the railroad claim they do not want anyone on their juries whose face denotes that he has a large and sympathetic heart.

Mr. O'Brien is one of the prosperous farmers of the Weston country, and has one of the finest apple orchards in Umatilla county. He has been in this county over 23 years and in all that time he has never seen so ideal a stretch of weather as has been experienced here in the last 90 days.

**VERDICT FOR PLAINTIFF.**

Mrs. Adcock Awarded \$1,650 by the Jury—O. R. & N. is Defendant.

The jury yesterday afternoon returned a verdict in favor of the plaintiff in the case of Elizabeth Adcock vs. the O. R. & N. This was a suit for personal damages in which Mrs. Adcock asked for \$3,370 for injuries received, and the jury awarded her \$1,650.

**Kennady-Love.**

Miss Anna M. Kennady and William E. Love were married last evening at 7 o'clock at the Methodist parsonage, by Rev. Robert Warner, of that church. Both of the parties principal in the wedding are well known in this city, which has been their home for a number of years. Mr. and Mrs. Love will reside in the future on West Alta street.

**Returned to Portland.**

Theron Fell, who has been visiting relatives and friends for several days, left for his home in Portland this morning, accompanied by his niece, Margaret Fell, who has been visiting here for a couple of weeks. Mrs. C. E. Fell will follow her son to Portland on Tuesday next for a couple of weeks' visit with her children in that city.

**Stationed at Athena.**

Will Lyons left this morning for Athena, where he will have charge of the office of the W. & C. R. for a time, and perhaps permanently. In his absence his place here will be taken by E. W. Konasek, of this city.

**Walla Walla Bank Case.**

The case of the First National Bank of Walla Walla vs. D. M. O'Donald, is before the court this afternoon, and when it is finished the court will take a recess until tomorrow morning at 9 o'clock.

**PERMANENT SURVEY**

FOR THE MAXWELL LAND & IRRIGATION COMPANY.

Ditch Line Will Be Run When the Metes and Bounds Have Been Established—Main Ditch Will Be Five Miles Long—Work Will Be Finished in About Two Weeks.

J. W. Kimbrell, county surveyor, has returned from a trip to the property of the Spargur Ditch Company, (now the Maxwell Land & Irrigation Company,) situated near Umatilla, where he has been employed for the past two weeks in running the lines for the permanent location on the land.

Spargur, the former owner of the land, had a preliminary survey of his land made, and never had the second and permanent lines run. This is part of the work that is being done by Mr. Kimbrell at this time. He has run base lines from known points, and from these has found many of the old lines and corners of the government survey. After these have all been found and the location of the land bought by the company has been determined, Mr. Kimbrell will work on the ditch line.

It is the intention of the company to develop their property as far and as fast as possible. The main ditch is now about five miles long and covers a large amount of territory, but it will be enlarged, straightened and improved, and lateral lines will be run so that in a short time the company will be able to cover over 300 more acres of land than at the present time.

There is about two weeks more work to do in the survey of the land, and when that is finished the members of the company will convene and lay definite plans for the work of the future.

Mr. Kimbrell was called home as a witness in the case of the Walla Walla National Bank against D. N. McDonald, which is on trial here today.

**PARK THEATER PROGRAM.**

Best Bill of the Season Presented Last Night—Matinee Tomorrow.

The show at the Park theater is greatly improved over the early part of the week, as was evidenced by the hearty applause after each act last night. The change in the program has made the show much stronger. Everything works now with a vim and evenness that is certainly refreshing. Mr. LaVern in his black-face specialty made the audience roar for over 15 minutes. In fact, every act went well. There will be a matinee Saturday afternoon at 2 o'clock. Little Bessie will give to each child a nice bag of candy. Prices will be 10 and 15 cents to all parts of the house.

On Saturday evening a fine solid oak center table, together with a beautiful Axminster rug will be given away in the usual way. They are now exhibited in Mr. Rader's window.

Bronson and Chenoweth's Funny Folk will be the next week's attraction. They are clever. Mr. Chenoweth is certainly the greatest cornet player in America today. All are top liners.

**Coe Commission Manager.**

R. V. Baasen, Western manager of the Coe Commission Company, with headquarters at Spokane, is in the city today on business connected with his enterprise. This company has let contracts for new lines of wire, from Spokane westward to Seattle, Tacoma and Portland, to be in operation by December 1.
