

MURPHY OPENING MARKET

MANCHURIA DEMANDS AMERICAN PRODUCTS.

Consul Henry B. Miller Says Americans Should Study Needs and Peculiarities of That Country—Will Be Greatest Market on Earth.

Henry B. Miller, consul at Ntuch Wang, advises all Americans doing business in that territory and those expecting to do so, to make a careful study of Russian systems, ideals, methods and character. In four lines—cotton goods, kerosene, lumber and flour—our goods will be met by Russian competition.

In the matter of economic conditions, Russia has every advantage in flour and lumber, and will soon be our most active rival in these lines in the general trade of China, says Bradstreet.

Kerosene Russia can produce cheaper and it sells cheaper, although the product is inferior in quality, but this is not so serious a drawback for the Chinese trade. In cotton goods, while her trade is growing, it is handicapped by inability to meet American prices. Manchuria is a rich and undeveloped country, and is capable of sustaining millions more of people than now occupy it.

Under the Chinese government it was growing fast in population and trade. Its growth of exports and imports were far in excess of any other part of China, and in no part was American trade improving so fast. All of this growth was a result of expansion in agriculture alone. Manchuria has great opportunity for further expansion in agricultural lines, and under Russian occupation there should be a splendid market there for plows and various kinds of agricultural implements.

If the iron, coal, copper, silver and gold mines are developed, it ought to become a good field for American capital, machinery and skill in mining. For the present the market ought to increase for beer, wines, tinned meats, vegetables, milk, fruits, etc.

Harbin, Liao Yang, Dalny and Port Arthur are increasing in Russian population, and should be good markets in all of these lines.

A POPULAR LAMENT.

Where Would Society Be if One Was Judged for the Sins of Others?

"O, I tried one of those hair tonics sometime ago and it never did me a bit of good."

That's what many people are saying today when they refuse Herpicide a trial. It would be as sensible to say, "I never travel on a railroad because I often see collisions mentioned in the papers."

Newbro's Herpicide is especially made to destroy the germ that is living on the roots of your hair.

That is why it is so exceedingly efficacious—it is there for the sole purpose of ridding the hair of this parasitic growth, after which the hair grows as nature intended.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

FORGETTING HIS WIFE.

J. J. Murchison Celebrates Close of Harvest With Grand Ball.

La Grande, Oct. 24.—(Special to the East Oregonian.)—J. J. Murchison, whose wife eloped with the burly negro bootblack, from this city, some three weeks ago, celebrated the close of the harvest season by a grand ball, at his home, near Summerville, last night.

He is the owner of a threshing machine outfit, and on account of a delay occasioned by the hunt for his child, he was the last threshing machine man to pull in this fall, and gave his neighbors a ball and supper in honor of the close of a successful year.

Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that held me in its grasp for 12 years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It is guaranteed by Tallman & Co. Only 50c.

Farms for Sale.

We now have listed for sale some of the best wheat farms and stock ranches in the county. All the places are well improved and well supplied with water. Also some very desirable city property. Call and get prices.

Scandal in Boise.

There is said to be a scandal connected with the removal of Mrs. George E. Spencer, formerly chief deputy in the office of the United States Marshal Rounds. Mrs. Spencer refused to resign and was forcibly ejected from the office.

Idaho Sugar Factory.

The best sugar plant which was to have been located at Boise City this year, has been delayed and construction will not begin until next spring. It will be ready, it is thought, to handle the crop next year.

GREAT Handkerchief and Corset
