VS. CONSUMPTION

GREAT EDUCATIONAL CAMPAIGN AGAINST IT.

World-Wide, and All the Expenses Are Borne By One Man, Who Founded An Institute for Its Study, Treatment and Prevention.

Philadelphia, Pa., Oct. 24.—The world wide educational campaign planned by the Phipps Institute for the study, treatment and prevention of tuberculosis is to be formally inaugurated tonight when the first of a series of lectures by eminent experts will be delivered in Witherspoon hall. The movement is the most advanced step ever taken toward stamping out of the "great white plague."

Henry Phipps, the millionaire steel manufacturer, will bear the entire cost of the propaganda. His recent trip around the world was made with this plan in view. It is certain that the expense will far exceed that of any similar campaign of education ever made in this country.

From Italy, France and Germany.

The opening lecture is to be delivered by Dr. E. L. Trudeau, of Saranac, N. Y., who is the pioneer in the treatment of consumption in sanatoria in this country. During the winter many others of the foremost authorities in the world upon the treatment of consumption will be heard. Among the great teachers who will come here is Professor Calmette, of Lille, France, the disciple and associate of Pasteur, and the present head of the great Roux institute. He is the acknowledged leader in the treatment of tuberculosis through dispensaries. The dispensary of the Phipps Institute is modeled upon the Calmette plan.

Professor Maragliano, of Genoa, Italy, whose laboratory and outdoor work has revolutionized the treatment of the disease for millions of sufferers, and Professor Pannwitz, of Berlin, secretary of the International Congress of Tuberculosis, and of the Red Cross Society of Germany, are among the European scientists who will tell of their methods. With the eminent ones of Europe will be associated the Americans whose work and investigations have materially checked the spread of consumption in this country. Dr. Wm. Osler, the celebrated specialist on tuberculosis, will come from Johns Hopkins University for the December lecture. Dr. Herman Biggs, bacteriologist of New York City's health department, will give an address in February.

Physicians in all parts of the world are awaiting with eagerness the result of this remarkable series. Medical journals, commenting upon the plan, say that it is the beginning of an effort that will make consumption as infrequent as the black plague which once ravaged the world.

MANILA PRESBYTERIANS.

American Money Will Build Them a Church.

New York, Oct. 24.—A mass meeting of Presbyterians of Greater New York to be held tomorrow in Brooklyn will mark the first important step in the plan for the building of the proposed First Presbyterian church of Manila, Philippine Islands. The meeting will be for the purpose of raising funds and it is to be the first of a series of similar meetings to be held throughout the country.

An effort is making to raise \$100,000 with which to establish the Presbyterian Philippine work. Half of that sum is to be put in the church, of which the Rev. Dr. S. V. Rossiter, many years pastor of the North Presbyterian church, this city, and later representative of the McAll mission, in France, is the pastor. The church building will be striking in appearance, and a location on one of the principal Manila thoroughfares has been chosen for it. As proposed, the building will be 125x98 feet, with two towers.

Dr. Rossiter will sail for Manila about January 1, and he hopes to have a church organized and a temporary place for services found before Washington's birthday.

FRATERNITIES' BUILDING.

Many Orders Will Build Structure at St. Louis.

St. Louis, Oct. 23.—The cornerstone laying tomorrow of the Temple of Fraternity on the World's Fair grounds is to be made the occasion of a big celebration by the fraternal organizations, and a monster parade of the societies.

The program has been arranged by the Missouri Fraternal Congress and it is expected that 10,000 members of fraternal societies in various parts of this state, Illinois, Iowa, Kentucky, Kansas, Indiana and other states will take part. The program of exercises at the laying of the corner-stone will include addresses by several speakers of prominence.

Arbor Day in Indiana.

Indianapolis, Oct. 23.—This was Arbor day in Indiana and pursuant to the request of the state superintendent of public instruction, Cotton, the day was observed by schools and colleges throughout the state by appropriate exercises and the planting of trees and shrubs. Reports received by Superintendent Cotton indicate that the observance was more general than ever before.

Wisconsin Teachers Meet.

Sheboygan, Wis., Oct. 23.—The Northwestern Wisconsin Teachers' Association began its annual meeting here today with a full attendance of members from the entire section covered by the association. A two-days program has been arranged which calls for paper addresses and discussions covering a wide range of educational topics.

A Doctor's Reasons

Patient: "Why do you say Schlitz beer? Isn't any other beer as good?"

Doctor: "Perhaps; but I don't know it. I do know that Schlitz beer is pure."

Patient: "What do you mean by pure?"

Doctor: "I mean free from germs. Impurity means bacilli; and in a saccharine product like beer bacilli multiply rapidly. I do not recommend a beer that may contain them."

Patient: "How do you know that Schlitz beer is pure?"

Doctor: "I have seen it brewed. Cleanliness is carried to extremes in that brewery. The beer is cooled in plate glass rooms, in filtered air. The beer is then filtered. Yet, after all these

precautions, every bottle is sterilized—by Pasteur's process—after it is sealed. I know that beer treated in that way is pure."

Patient: "And is pure beer good for me?"

Doctor: "It is good for anybody. The hops form a tonic; the barley a food. The trifle of alcohol is an aid to digestion. And the custom of drinking beer supplies the body with fluid to wash out the waste. People who don't drink beer seldom drink enough fluid of any kind. A great deal of ill-health is caused by the lack of it."

Patient: "But doesn't beer cause biliousness?"

Doctor: "Not Schlitz Beer. Biliousness is caused by 'green' beer—beer that is insufficiently aged. But Schlitz beer is always aged for months before it is marketed."

Ask for the brewery bottling.

THE BEER THAT MADE MILWAUKEE FAMOUS

AFTER an anxious, fretful day, you need something which shall fit your tired body as a well worn slipper fits a tired foot. It must be something more than food or drink. If you want to taste Nirvana and forget all your tire and fatigue, take a cup of one of Chase & Sanborn's "Original Package" teas. These are the leaves which the natives themselves drink with all their vigor imprisoned. It's a very different drink from ordinary tea. Try a half-pound.

"ORIGINAL PACKAGE" TEAS.
Orloff (Formosa Oolong).
Kah-i-noor (Eng. Breakfast).
Orange Pekoe (India & Ceylon).

YOUNG WIFEHOOD

BOSTON, MASS., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement.

Betha Ricker
President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

WINE OF GARDUI

(ELATERITE is Mineral Rubber.)
YOU MAY INTEND BUILDING or find it necessary to REPLACE A WORN-OUT ROOF

ELATERITE ROOFING
