**FORTY-FIVE YEARS**

**ROOSEVELT WAS BORN IN NEW YORK CITY IN 1858.**

Outline of His Career is Given in Chronological Order, Beginning With His Election to the State Assembly—Birthday Will Be Celebrated By a Family Dinner Party

Washington, D. C., Oct. 26.—President Roosevelt was born in New York City October 27, 1858. He will celebrate the forty-fifth anniversary of his birthday in an entirely informal manner at the White House tomorrow, lurching and dining with such members of his family as are in the city, and with a few intimate friends. Mr. Roosevelt will spend the day in public business as usual, putting the finishing touches to his message to congress, the birthday celebration being incidental and quietly observed only in the domestic circle. Unfortunately Miss Alice Roosevelt will be absent from the family table, having gone to Chicago to visit friends, but she will remember her father with a birthday gift, as has always been her custom.

Mr. Roosevelt's career as a public man began twenty-two years ago. The various steps to the office of president of the United States, which he now holds, are thus given in chronological order.

November, 1881.—Elected a member of the New York state assembly; served during the sessions of 1882, 1883 and 1884.

1886.—Republican candidate for mayor of New York.

1889.—Appointed a member of the United States Civil Service Commission by President Harrison.

1896.—Appointed president of the New York board of police commissioners.

1897.—Appointed assistant secretary of the navy by President McKinley.

1898.—Resigned from the Navy Department and, with Colonel Wood, organized "Roosevelt's Rough Riders" and was commissioned lieutenant colonel.

July 1, 1898.—Led the "Rough Riders" in charge up San Juan Hill; advanced to the rank of colonel.

Nov. 1, 1898.—Elected governor of New York.

June 21, 1900.—Nominated for vice-president of the United States.

March 4, 1901.—Inaugurated vice-president of the United States with M. Kinley as president.

Sept. 14, 1901.—Took the oath of office as president of the United States to succeed President McKinley.

**Dieting invites Disease.**  
To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat and is a never failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by Tallman Co.

**MODEL HOSPITAL.**  
St. Louis Exposition Will Reproduce Every Detail of the Institution.  
A model hospital will be one of the features at the St. Louis exposition. This building is already finished, and stands on the north side of the street, near the east end. This will be maintained during the fair, as it is now, by the exposition management, and will be under the charge of competent physicians, surgeons and trained nurses.  
On the same side of the street, further west, will be a model police station. Here, under the direction of Chief of Detectives Desmond, of St. Louis, will be maintained an actual metropolitan police department, with officers from all the leading cities of the world. Here will be shown the ideal police equipment, the Bertillon

**Bright's Disease and Diabetes News.**

San Francisco, Oct. 16, 1903.  
F. W. Schmidt's Pharmacy: Dear Sirs:—The discovery in this city of a new diuretic is saving thousands of lives. It is hard for people to believe who are not eye witnesses. You as a brother druggist will know that up to this time chronic Bright's Disease and Diabetes have been necessarily fatal. It is no longer. And I now only know this by being on the ground, but I was also one of the patients. I had both Bright's Disease and Diabetes and looked upon death as inevitable. I was so prejudiced I wouldn't buy the new treatment. I couldn't believe it. So they gave it to me to prove it. I not only recovered, but have since given it to somewhere near fifty patients and know of only three or four failures. I am a pioneer druggist of this city, have been doing business on my own premises for forty-eight years, and I now declare to you on my honor as a brother pharmacist the absolute curability of these dread diseases in about nine-tenths of all cases. I understand the business men who are placing it before the world have appointed you to represent them in your city, and I beg to tell you that there are lives to be saved and friends to be made.  
Yours sincerely,  
CARL D. ZEILE.  
We send for the Pulton Compounds to which the above refers and now have them in stock. They are the first cure the world has ever seen for chronic Bright's Disease and Diabetes. Free pamphlet. F. W. Schmidt's Pharmacy.

**MEDICAL LAKE OINTMENT**

is the most unfailing, the most instantly soothing and lastingly beneficial, the cleanest and most grateful of remedies for all acute and exhausting pain to which such treatment can be applied. This Ointment possessing the wonderful curative and healing properties of the famous Medical Lake Salts, is a preparation which is more positive in its beneficial action than any other made. For Cuts, Burns, Bruises, Eczema, Rough and Pimpley Skin, Sunburn, Ulcers, Mosquito and all Insect Bites, it is peerless, simple, efficient—alone it will do much, but when used together with Medical Lake Soap and Salts, it becomes doubly effective. Children meet with almost daily accidents—hence, mothers would be wise if they keep a box of Medical Lake Ointment constantly on hand. Especially soothing and healing if applied to the bruised or injured parts immediately after washing. 25c. a box, at your Druggist.

Medical Lake Plasters—a wonderful cure for Sprains, Soreness of Chest and Back, and all Strained and Bruised Muscles, invaluable for Colds and Sore Throat. These Plasters are a hygienic and scientific combination of healing and strengthening gums, together with the curative qualities of Medical Lake Salts. 25c. each.

**"SHERLOCK HOLMES" TONIGHT.**  
Most Elaborate Equipment on the Road to Be Seen at the Frazer.  
"Sherlock Holmes" as a production is one of the heaviest on the road. There are 42 set pieces in the first act. Scenery and properties weight 15,800 pounds. It takes a 60-foot baggage car packed to its extreme capacity, to carry the elaborate production used by Herbert Kecey and

Miss Effie Shannon in their presentation of the dramatization of Sir A. Conan Doyle's strange creature of fiction.  
These two stars will present this weird play at the Frazer tonight, and the assurance is given by Pendleton people who have seen the play elsewhere, that it is the most magnificent production ever seen in the city. The equal to "Sherlock Holmes" will probably not be seen here again this winter.

**THE GREAT MEWEN.**  
Two Night Engagements at the Frazer Beginning Tomorrow.  
This is what the Montreal Star says of McEwen, who will be at the Frazer for two nights, commencing October 27.  
"On and off the stage," as the saying goes, Professor McEwen has qualities that will win public appreciation. On the stage he is a clever artistic and rationally effective demonstrator of high-class prestidigitations. In magic his movements are apparently simply itself, no mysterious movement or passes; no "watch the professor" posing, yet his work in this line surpasses "The Great Hermann's" work, if applause proves anything. Not less admira-

ble than the apparent simplicity and extraordinary ability in the refined character of the tests given in mind reading and hypnotism."

**MONUMENT TO VON KETTELER.**  
He Was Killed at Pekin During the Boxer Troubles.  
Berlin, Oct. 24.—The monument to Baron von Ketteler, the German minister to Pekin, who was killed at the outset of the Boxer uprising in 1900, will be unveiled tomorrow. The late minister's wife was Miss Ledyard, of Michigan.  
The monument is located at Munster, near which the von Kettelers have large estates. It was designed by Herr Herman Hidding, from plans

**WILL HOLD CATTLE.**  
Morrow County District Has Feed to Last Through the Winter.  
Crockett Kirk, who was in from Rhea creek Saturday, reports that stockmen on the creek have a sufficiency of feed to take their stock through the winter in good condition unless the winter is an unusually severe one, which is not anticipated, says the Heppner Times.  
The range is better than usual at this season and both cattle and sheep are doing well and will continue to do well for six weeks or longer yet, hence the stock raisers are not "falling over themselves" to get rid of their surplus at the present low prices. They will take chances on carrying their stock through the winter for they confidently expect better prices to prevail next spring.

**BAD BREATH**

"I have been using **CASCARETS** and as a mild and effective laxative they are simply wonderful. My daughter and I were bothered with sick stomachs and our health was very bad. After taking a few doses of Cascarets we have improved wonderfully. They are a grand help in the family."
