Former Manager of Athena Mill is Under Grave Suspicion.

Sheriff T. D. Taylor went to Dayton yesterday to arrest and bring to this city W. E. Bond, of Athena, who is charged with the illegal selling of wheat belonging to another. Bond was formerly the manager of the Athena mill, and while in that capacity sold 1,270 sacks of wheat which was the alleged property of J. M. Walker, of Tacoma, for which it is said, he made no return to the owner, or the mill. It is further alleged that he has done the same thing in several other cases which were not incorporated in the information.

Bond claims that the charge is not true, and has given bonds for his appearance at trial, which will be as soon as is convenient for the district attorney and the court. It is said that the sale of the wheat put the mill out of commission.

The amount of bond required of Mr. Bond was \$1,500.

RAY WILKINS DEAD

FAVORITE HIGH SCHOOL STUDENT PASSES AWAY.

Attended School Friday—Taken Suddenly Ill With Pericarditis—High School Appoints Pallbearers and Committee on Floral Offerings—Interment in Olney Cemetery.

Raymond Victor Wilkins, the 16-year-old son of Charles Wilkins, the agent of the Umatilla reservation, died at the home of his father this morning at 4:30 o'clock, of pericarditis, or inflammation of the lining of the sac surrounding the heart.

The death is quite sudden, as the boy seemed to be in the best of health and was at school Friday. He was a pupil of the high school of this city, driving to and from his home on the reservation each day.

Mr. Wilkins has the sympathy of everyone in the city, for all who knew the deceased was impressed with the promise of a good and useful manhood in store for him. He was well liked by all who knew him, and was a conscientious and bright student and a reliable young man.

The funeral services will be held from the home of the father at the agency on Thursday morning, at 11 o'clock, the services being conducted by the Rev. R. J. Diven, the pastor of the Presbyterian church. At 10 o'clock carriages will be in waiting at the church for those friends who wish to attend the services. The burial will be in Olney cemetery.

A meeting of the scholars of the high school was held this morning, at which time pallbearers were selected and a committee of young ladies was appointed to look after the wreaths and floral offerings which the class and school will provide for the occasion.

The pallbearers will be six of the young friends and classmates of the deceased, Milton Shaw, Orville Reeves, Gerald Stanfield, Roy Alexander, Furnish Slater and Lester Cronin being appointed to act in that capacity.

This afternoon Miss Mary Williams and Milton Shaw, the heads of the committees, will visit the home of the deceased and offer the services of the students.

CAUGHT SALMON.

Defaulted His Fine and Went to Jail for 25 Days.

Since the case brought some time ago in the same court the boys have made a practice of catching the fish in defiance of the warden and the law, and then boasting of the fact. In the future every one caught will be prosecuted and punished, as Cox has been.

FAIR WARNING.

The Game Warden Will Enforce the Law for Protection of Game.

The game warden wishes to state to the hunting public that the season of deer closed with the first of October, as has the open season for grouse and pheasants. Elk have been protected all of this year, and therefore there is nothing in the mountains that they can hunt.

He wishes to warn those who are preparing to take hunting trips into the mountains so they will not unwittingly violate the law and have to suffer the consequences.
