MEN'S RESORT AFFAIRS.

It is the desire of the managers of the Men's Resort to get its work more systematically arranged. At a recent meeting committees were appointed to promote the work by departments, as follows:

Membership committee of five to solicit members.
Lookout committee of seven to look after the janitoring and welcome all who may come to the rooms from 7 p. m. to 10 p. m. This committee will also have the arrangements to make for the regular Sunday afternoon service.

A ways and means committee of three to recommend to the directors such improvements as they see fit.
A literature committee of three was appointed, whose duty it is to get books for the library. We have a small library, but it is hardly large enough, and careful inquiry discloses that there are many people who have books lying about that they have read and gotten all the good out of them they can, and which can now be gotten for the Resort.

That committee may wait upon you personally. If it does not, notify us, either by postal or in person, and some one will call for the books. These books are not to be taken from the Resort, but are free to the public at that place.

Charles Bennett is doing the collecting for the Resort this month.
