Quotations on Staples Furnished by Local Merchants and Boar Sir: For many years an editor myself, I address you by request Revised Daily.

In all the list of the markets there is but one certain change this week and one that is a change in some parts and not in others. The first is in the quotation on grapes. They have been selling for 5 cents a pound, but are now about out of the market. and the California variety is bringing

\$1-3 cents to the pound. The other change is in the price of hogs. The local quotations are the same as have been given for some time, but in the big lot bought by the Frye-Bruhn Company only \$5.10 a hundred was given. This does not hold in the general market, however, for the local dealers are offering the old price. Otherwise, there has been no change in any of the list.
