AFTER an anxious, fretful day, you need something which shall fit your tired body as a well worn slipper fits a tired foot. It must be something more than food or drink. If you want to taste Nirvana and forget all your tire and fatigue, take a cup of one of Chase & Sanborn's "Original Package" teas. These are the leaves which the natives themselves drink with all their vigor imprisoned. It's a very different drink from ordinary tea. Try a half-pound.

RIDGE AND VICINITY

TRANSFER OF SHEEP AND SHEEP RANCHES.

Snow From Six inches to a Foot Deep at Head of Birch Creek—Freighters Tied Up by Snow and Bad roads—Will Build a New Residence.

Ridge, Nov. 11.—A. A. Cole of Vinson, has the sheep and sheep ranches of the Stanton Bros and Jas Waldron. The lanu is situated on Alkali and Butler Creek.

M. L. Fix of Nye made a trip to Camas Prairie Friday after some horses.

Robt Waldren of Pilot Rock went to the head of Birch Creek Sunday after the Hemphill sheep. He reports the snow at six inches down low down and a foot on the summit of the mountain.

John Browne, the hide dealer of Pendleton, made a trip out on Alkali Monday. He reports snow out there.

We have had terrible heavy winds, with plenty of snow and rain since last Thursday.

There is a party of freighters tied up at Ridge, bound for John Day from Pendleton on account of snow and bad roads.

Marion Smith of Pilot Rock is preparing to erect a new residence.

John Endicott's telephone line is down across the road in several places on Bear Creek, and they are dangerous for traveling.

FOUR SPECIAL SESSIONS.

Former Record of Length Discourages the Governor in Calling a Session.

Since Oregon has been in existence as an organized government, there have been four special sessions of the territorial and state legislature.

The duration of these sessions runs all the way from 15 to 29 days, and this fact discourages the governor in calling the session to consider a tax law.

The first special session was called in 1859, immediately after the newly adopted state constitution had been approved by congress. The purpose of that session was to enact election laws and other laws necessary to put the state government in smooth working order. The session lasted 20 days.

The second special session was called in December, 1865, by Governor Gibbs, for the purpose of adopting the federal constitutional amendment prohibiting slavery. The session lasted 15 days.

The third special session was called by Governor Moody, in November, 1885, to elect a United States Senator, and also to remedy numerous defects in laws passed by previous legislatures. The session lasted 16 days.

The fourth special session was called by Governor Lord in September, 1898, to elect a senator and pass an appropriation bill. The session lasted 20 days.

THE ANT.

Facts About One of Nature's Most Industrious Creatures.

When spring comes with all its wealth of opening buds and new flowers, the ant is preparing for a season of profitable industry.

It comes out of its winter quarters and locates a new home where it can store away during the summer months, the sustenance for the long winter days.

Just as industrious as the ant—but in a different way, are the countless infinitesimal germs which burrow into the scalp and eat away at the roots of the hair.

As they burrow away Dandruff forms, and if the germs are not all killed, baldness results.

Newbro's Herpicide is the only known remedy which kills the germs. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

COLLECTION LATIN BIBLES.

Books Representing 1,206 Different Editions.

It is not generally known that New York, among very many valuable art treasures, possesses the largest collection of Latin Bibles in the world. This collection belongs to the General Theological Seminary of the Protestant Episcopal church and was completed at great effort and expense by the late Dean Hoffman.

There are now in the Bible room in the seminary 1,206 different editions of the Bible, in 2,296 volumes. Of these 555 editions are in latin, in 1,655 volumes. The remainder includes 59 editions in English, about 100 in Hebrew and other languages, 93 in polyglot or in more than one language, 302 of the new Testament, mostly in Greek, and 96 of the Hexapla, Codices, etc.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
