# NEWS OF ATHENA NEWS OF MILTON

## DAUGHTER BORN TO MR. AND MRS. ARTHUR SCOTT.

Claimholders in Washington Highly Pleased—Several Severe Cases of Illness—Moving House Broke Down in the Street—One Runaway Causes Two More—End of a Thumb Cut Off.

Athena, Nov. 13.—Joan Craten of this city, who spent the summer at Pullman, Wash., at the home of his daughter, Mrs. Alph Copic of that place, returned home Monday. He thinks that is a fine country and in a few years those who have recently taken homesteads will have some beautiful homes.

E. L. Barnett is down with an attack of the rheumatism. He has been a sufferer from that disease for several years.

Athena friends received the news of the critical condition of Lester, the oldest son of Mr. and Mrs. Cnas. Beale. He has been an invalid for several years.

Mrs. William Kilgore, while tending to her household duties, had the misfortune to cut the end of her thumb off.

Kitty Sharp has returned to teach north of town after a week's visit at Athena with her parents.

While Uncle Tom Watts was moving his house across the street it took a slide and left Mr. Watts in somewhat an annoying position, for he didn't much like to live in the street.

Roscoe Dickinson of Ukiah has been visiting at the home of his father.

While John King was coming from Weston his team became frightened and ran away, and soon was out of Mr. King's control. He was thrown out. The runaway team scared two other teams and caused them to run away.

### Daughter Born.

A daughter was born to Mr. and Mrs. Arthur Schott, Saturday, Nov. 7th.

### Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of the many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Tallman & Co., druggists. Price 50c and \$1.00. Trial bottles free.

### Swift Wings.

It is difficult to account for the enormous velocity of some birds' flight when migrating. The northern blue throat goes at the rate of 540 miles an hour, flying 4,800 miles from Egypt to Heigoland in a spring night of barely nine hours. Virginian plover fly from Labrador to north Brazil, 9,000 miles without stopping, going at the rate of 636 miles an hour and probably more. How can this speed be attained? The birds resort to great heights, where the resistance of the air is slight.

### Living in a Crater.

There is no more interesting or curious sight on this earth than the interior of the extinct crater, Aso San, about thirty miles from the city of Kumamoto, in Japan. This peculiar locality is inhabited by 20,000 people, who live and prosper within its vertical wall 800 feet high. The inhabitants rarely make a journey into the outer world, but form, as it were, a little nation by themselves.

If you are troubled with impure blood, indicated by sores, pimples, headaches, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure Scrofulous or Syphilitic poisons and all blood diseases. 50c. and \$1.00 F. W. Schmidt & Co.

**HERPICIDE**  
Relieves Dandruff Immediately  
and causes thick, glossy hair to supplant the former thin, brittle growth.  
Newbro's Herpicide performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.  
One bottle will convince that it is the only hair restorer that really restores.  
For Sale by all First-Class Drug Stores.

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?  
Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?  
We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.  
Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?  
Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?
