Quotations on Staples Furnished by Local Merchants and Revised Daily.

The only startling feature of Pendleton markets this week, is the advance in coal. The strike in the Colorado mines, is responsible for a raise from \$8 to \$8.50 per ton, with prospects of its going still higher. Wheat is still quoted at 61 cents with little doing and absolutely no steady market. The grocery list is unchanged, and vegetaxies have not been stimulated by the cold snap and the thrilling evidences of winter's approach. Fancy hot house delicacles are yet to be found in large quantities, and while popcorn, cranberries ties, and while popcorn, cranberries and mince meat have assumed the leading places on the list, turkeys will soon claim their own, and take the lead. Today this board began a three days' meeting at the Arlington hotel in this city for the purpose of reviewing what has been done and to decide upon further steps in the matter. It is expected that conferences will be held with the president and secretary of state and the congressional com-mittees on foreign relations. The whole Kishineff affair will be re-viewed and a program of action for the future defined.
